AGENDA ITEM E. NEW BUSINESS

**ITEM #3 - PRELIMINARY PLAT  
NOWAG TRACTS SIGLER ADDITION**

<b>KPB File No.</b>	2024-043
<b>Plat Committee Meeting:</b>	May 28, 2024
<b>Applicant / Owner:</b>	Gray and Barbara Sigler of Homer AK
<b>Surveyor:</b>	Jason Schollenberg / Peninsula Land Surveys
<b>General Location:</b>	East End Rd Milepost 6 Kachemak Bay APC

<b>Parent Parcel No.:</b>	174-330-30
<b>Legal Description:</b>	Tract A-1 Nowag Tracts No 2 HM97-70
<b>Assessing Use:</b>	Residential
<b>Zoning:</b>	Rural Unrestricted
<b>Water / Wastewater</b>	onsite
<b>Exception Request</b>	none

**STAFF REPORT**

**THIS REQUEST WAS POSTPONED FROM THE MAY 13<sup>TH</sup> 2024 MEETING DATE TO THE MEETING OF MAY 28<sup>TH</sup>.**

**Specific Request / Scope of Subdivision:** The proposed plat will subdivide a 4.161 acre parcel into three lots having sizes of 0.820 acres, 1.000 acres and 1.630 acres and a cul-de-sac dedication.

**Location and Legal Access (existing and proposed):**

The plat is located on East End Road just past milepost 6 on the highway system. The plat is proposing to dedicate a short cul-de-sac for access to all three lots. The cul-de-sac is to be named Johnna Circle which has been approved by the Addressing Department. The RSA Director had a concern about the location of the cul-de-sac being on the opposite side from the access for the property to the west, but this road is following the existing driveway to an existing house on the property.

There is a 33' section line easement on the north side of the plat. this is adjacent to a dedication of Julie Avenue on the west, which is the only dedication of said road and only runs for 238 feet with no developed road in it. A request for dedication is not being done and **Staff recommends** the Plat Committee concur that an exception is not needed. If necessary, utilization of the section line easement for the extension of Julie Ave can be done as necessary.

With the addition of the cul-de-sac by this plat, the block length has been reduced to be made a more compliant distance between road breaks on the north side of East End Road. Currently, from Fernwood Drive to Sibson Drive the distance is 1800 feet, Fernwood Drive to Johnna Circle will be 1100 feet.

KPB Roads Dept. comments	Out of Jurisdiction: No  Roads Director: Griebel, Scott Comments: No RSA objection. However, the area would appear to be better served by an overlapping dedication on the western boundary of the property. Access is already partially developed along the line and surrounding residents may be mutually benefited by potential RSA maintenance acceptance. Additionally, permitting for highway access through AK DOT can be challenging.
SOA DOT comments	No comment

**Site Investigation:**

There is a structure located on the property. An asbuilt was included in the certificate to plat and has been included in the packet. When the plat is completed, the structure will be located on proposed Lot 3.

There are no steep areas located on the plat. The terrain of the property is at a slope of 7% going from the northwest corner of the property to the southeast corner of the property. Contours were not given and the slope was observed from KPB GIS data.

According to KPB data there are wetlands on this property. The property is split between two types, being Discharge Slope and Wetland / Upland Complex, according to KPB data. Per River Center review, the plat is not in a FEMA designated flood hazard area, floodway or habitat protection district. **Staff recommends: place a note on the final plat indicating any person developing the property is responsible for obtaining all required local, state, and federal permits, including a U.S. Army Corps of Engineers wetland determination, if applicable.**

KPB River Center review	<p>A. Floodplain</p> <p>Reviewer: Hindman, Julie  Floodplain Status: Not within flood hazard area  Comments: No comments</p> <p>B. Habitat Protection</p> <p>Reviewer: Aldridge, Morgan  Habitat Protection District Status: Is NOT within HPD  Comments: No comments</p>
State of Alaska Fish and Game	

**Staff Analysis**

Originally, the plat was an aliquot part of the NE1/4 NE1/4 of Section 6, Township 6 South, Range 12 West, Homer Recording District, SM, Alaska. Nowag Tracts Plat 81-82 subdivided Tract 4 of Caroline Subdivision Plat 74-1199 HRD and the N1/2 NE1/4 NE1/4 into Tracts A, B & C. Nowag Tracts No. 2 Plat 97-70 HRD subdivided Tract A of Plat 81-82 HRD into four new tracts. This platting action is dividing Tract A-1 of the subdivision into 3 parcels.

A soils report from the parent plat has been submitted for this plat and is enough to fulfill requirements of submittal. The surveyor should verify that the new system shown on the asbuilt will remain on Lot 3 and meet requirements of ADEC setback limits to property lines as the asbuilt supplied looks close to the proposed division.

Notice of the proposed plat was mailed to the beneficial interest holder on April 17, 2024. The beneficial interest holder will be given 30 days from the date of the mailing of the notification to respond. They are given the opportunity to notify staff if their beneficial interest prohibits or restricts subdivision or requires their signature on the final plat. If no response is received within 30 days, staff will assume they have no requirements regarding the subdivision and it may be finalized.

The plat is located in the Kachemak Bay Advisory Planning Commission area, but the APC is not meeting at this time due to not enough participants to make a quorum.

The subdivision plat has been reviewed and generally complies with the 2019 Kenai Peninsula Borough Comprehensive plan.

**Utility Easements**

There is a utility easement shown on the east line of the plat carried forward from the parent plat. The easement falls within the limits of the cul-de-sac.

The affected utility providers were emailed the subdivision plat public hearing notice as part of the routine notification process. **Staff recommends** to grant utility easements requested by the utility providers or work with the utility providers to obtain approval.

**Utility provider review:**

HEA	No comment
ENSTAR	No comments or recommendations

**STAFF RECOMMENDATIONS**  
**CORRECTIONS / EDITS**

*Plat notes*

- Roads must meet the design and construction standards established by the borough in order to be considered for certification and inclusion in the road maintenance program (KPB 14.06).
- The borough will not enforce private covenants, easements, or deed restrictions per KPB 20.60.170(B).

---

**KPB 20.25.070 – Form and contents required**

**Staff recommendation:** final plat submittals must comply with 20.25.070. Additional information, revisions, and/or corrections are required as noted below.

- A. Within the Title Block
1. Name of the subdivision which shall not be the same as an existing city, town, tract, or subdivision of land in the borough, of which a plat has been previously recorded, or so nearly the same as to mislead the public or cause confusion. The parent plat's name shall be the primary name of the preliminary plat.
  2. Legal description, location, date, and total area in acres of the proposed subdivision;
  3. Name and address of owner(s), as shown on the KPB records and the certificate to plat, and registered land surveyor.
- Staff recommendation:**  
The KPB File number is 2024-043  
In the legal description, Lot A-1 should be corrected to Tract A-1  
According to the Assessor information, the mailing address for the owners is: PO Box 1235, Homer
- F. The location, width and name of existing and platted streets and public ways, railroad rights-of-way, easements, and travel ways existing and proposed, within the subdivision;  
**Staff recommendation:**  
The length on the cul-de-sac on the east should be 453.85'
- G. The status of adjacent lands within 100 feet of the proposed subdivision boundary or the land status across from any dedicated rights-of-way that adjoin the propose subdivision boundary, including names of subdivisions, lot lines, block numbers, lot numbers, rights-of-way; or an indication that the adjacent land is not subdivided;  
**Staff recommendation:**  
Tract to the south should be HM 74-1199. It is also in the process of being subdivided. Prior to finalizing and recording this plat, the status of that lot should be verified for change of information. Lot A-2 to the east should be changed to Tract A-2.
- H. Approximate locations of low wet areas, areas subject to inundation, areas subject to flooding or storm water overflow, and the line of ordinary high water. This information may be provided on an additional sheet if showing these areas causes the preliminary plat to appear cluttered and/or difficult to read;  
**Staff recommendation:**  
The plat is split between two designated wetland types: Discharge slope and Wetland/Upland Complex. Neither are shown or indicated on the drawing and they should be.

---

**KPB 20.30 – Subdivision Design Requirements**

**Staff recommendation:** final plat submittals must comply with 20.30. Additional information, revisions, and/or corrections are required as noted below.

- 20.30.240. Building setbacks.
- A. A minimum 20-foot building setback shall be required for dedicated rights-of-way in subdivisions located outside incorporated cities.
- A. The setback shall be graphically depicted and labeled on the lots; if such depiction will interfere with the legibility of the plat, a typical lot showing the depiction and label may be provided on the plat, clearly indicating that the typical setback applies to all lots created by the plat.
- B. The setback shall be noted on the plat in the following format:

Building setback- A setback of 20 feet is required from all dedicated street right-of-ways unless a lesser standard is approved by resolution of the appropriate planning commission.

C. When a subdivision is affected by a Local Option Zoning District (LOZD), an approved by the assembly, all building setbacks shall be graphically depicted and labeled on the lots. A local option zoning setback shall be noted on the plat in the following format:

Building setback – This subdivision is located within (name of LOZD) Local Option Zoning District as contained in KPB Chapters 21.44 and 21.46 and adopted by KPB Ordinance (number), recorded under (serial no. and recording district). Information regarding the zoning restrictions and copies of the ordinance are available from the KPB Planning Department.

**Staff recommendation:**

20' setback along East End Road is per 97-70 and should be noted.

---

**KPB 20.40 – Wastewater Disposal**

**Staff recommendation:** final plat submittals must comply with 20.40. Additional information, revisions, and/or corrections are required as noted below.

20.40.010 Wastewater disposal.

*Platting Staff Comments:*

**Staff recommendation:** comply with 20.40.

---

**KPB 20.60 – Final Plat**

**Staff recommendation:** final plat submittals must comply with 20.60. Additional information, revisions, and/or corrections are required as noted below.

20.60.010. Preparation requirements generally. The final plat shall be prepared in accordance with this chapter and the preliminary plat as approved. Information required for the preliminary plat by KPB 20.25.070 shall be included on the final plat except that the information required by KPB 20.25.070 (K) - (N) shall not be included. The approximate dimensions required by KPB 20.25.070(J) shall be **replaced with accurate** dimensions as required by KPB 20.60.110 and KPB 20. 60.120. If the final plat contains only a portion of the preliminary plat, it must comply with KPB 20.25.110(B).

**Staff recommendation:** comply with 20.60.010.

20.60.110. Dimensional data required.

A. The bearing and length of every lot line, block line, and boundary line shall be shown. Dimensions of lots shall be given as net dimensions to the boundaries of adjoining streets and shall be shown in feet. No ditto marks shall be used. Information shall be shown for all curves, including radius, central angle, arc length, chord length and chord bearing. The initial point of survey shall be shown and labeled. All non-radial lines shall be labeled. If monumented lines were not surveyed during this platting action, show the computed data per the record plat information.

B. The natural meanders of ordinary high water (or mean high water line as applicable) is for area computations only, the true corners being on the extension of the sidelines and the intersection with the natural meanders.

C. Any discrepancy between the survey and the record description, and the source of all information used in making the survey shall be indicated. When an inconsistency is found including a gap or overlap, excess or deficiency, erroneously located boundary lines or monuments, or when any doubt as to the location on the ground of the true boundary or property rights exists, the nature of the inconsistency shall be clearly shown on the drawing.

**Staff recommendation:** comply with 20.60.110.

Show survey data

20.60.180. Plat notes.

A. Plat notes shall not be placed on a final plat unless required by borough code or by the planning commission in order to promote or protect the public health, safety, and welfare consistent with borough and state law.

B. Revision of, or not carrying forward, an existing plat note from the parent plat will adhere to KPB 20.50.010. Separate advertising of the plat note removal is not required, Notification of the requested change will be sent by regular mail to all owners within the subdivision (parent plat and subsequent replats) as shown on the borough tax rolls. Upon approval by the planning commission, the revision or removal of the record plat note shall be finalized by recording a planning commission resolution or subdivision plat.

**Staff recommendation:** *Place the following notes on the plat.*

- *Roads must meet the design and construction standards established by the borough in order to be considered for certification and inclusion in the road maintenance program (KPB 14.06).*
- *The borough will not enforce private covenants, easements, or deed restrictions per KPB 20.60.170.*

20.60.190. Certificates, statements, and signatures required.

**Staff recommendation:** *comply with 20.60.190.*

Add a Certificate of Acceptance with dedication to the Kenai Peninsula Borough for Johnna Circle

Add the date of May 28, 2024 to the Plat Approval

20.60.200. Survey and monumentation.

**Staff recommendation:** *comply with 20.60.200*

Show found and set monuments

Show survey data

Tie to GLO / BLM monuments

---

**RECOMMENDATION:**

**SUBJECT TO STAFF RECOMMENDS:**

- **GRANT APPROVAL OF THE PRELIMINARY PLAT SUBJECT TO STAFF RECOMMENDATIONS, AND**
- **COMPLIANCE WITH KPB 20.25.070 (FORM AND CONTENTS), KPB 20.25.080 (PETITION REQUIRED), KPB 20.30 (DESIGN REQUIREMENTS); AND KPB 20.40 (WASTEWATER DISPOSAL), AND**
- **COMPLIANCE WITH KPB 20.60 TO ENSURE ADMINISTRATIVE APPROVAL OF THE FINAL PLAT.**

**NOTE: 20.25.120. - REVIEW AND APPEAL.**

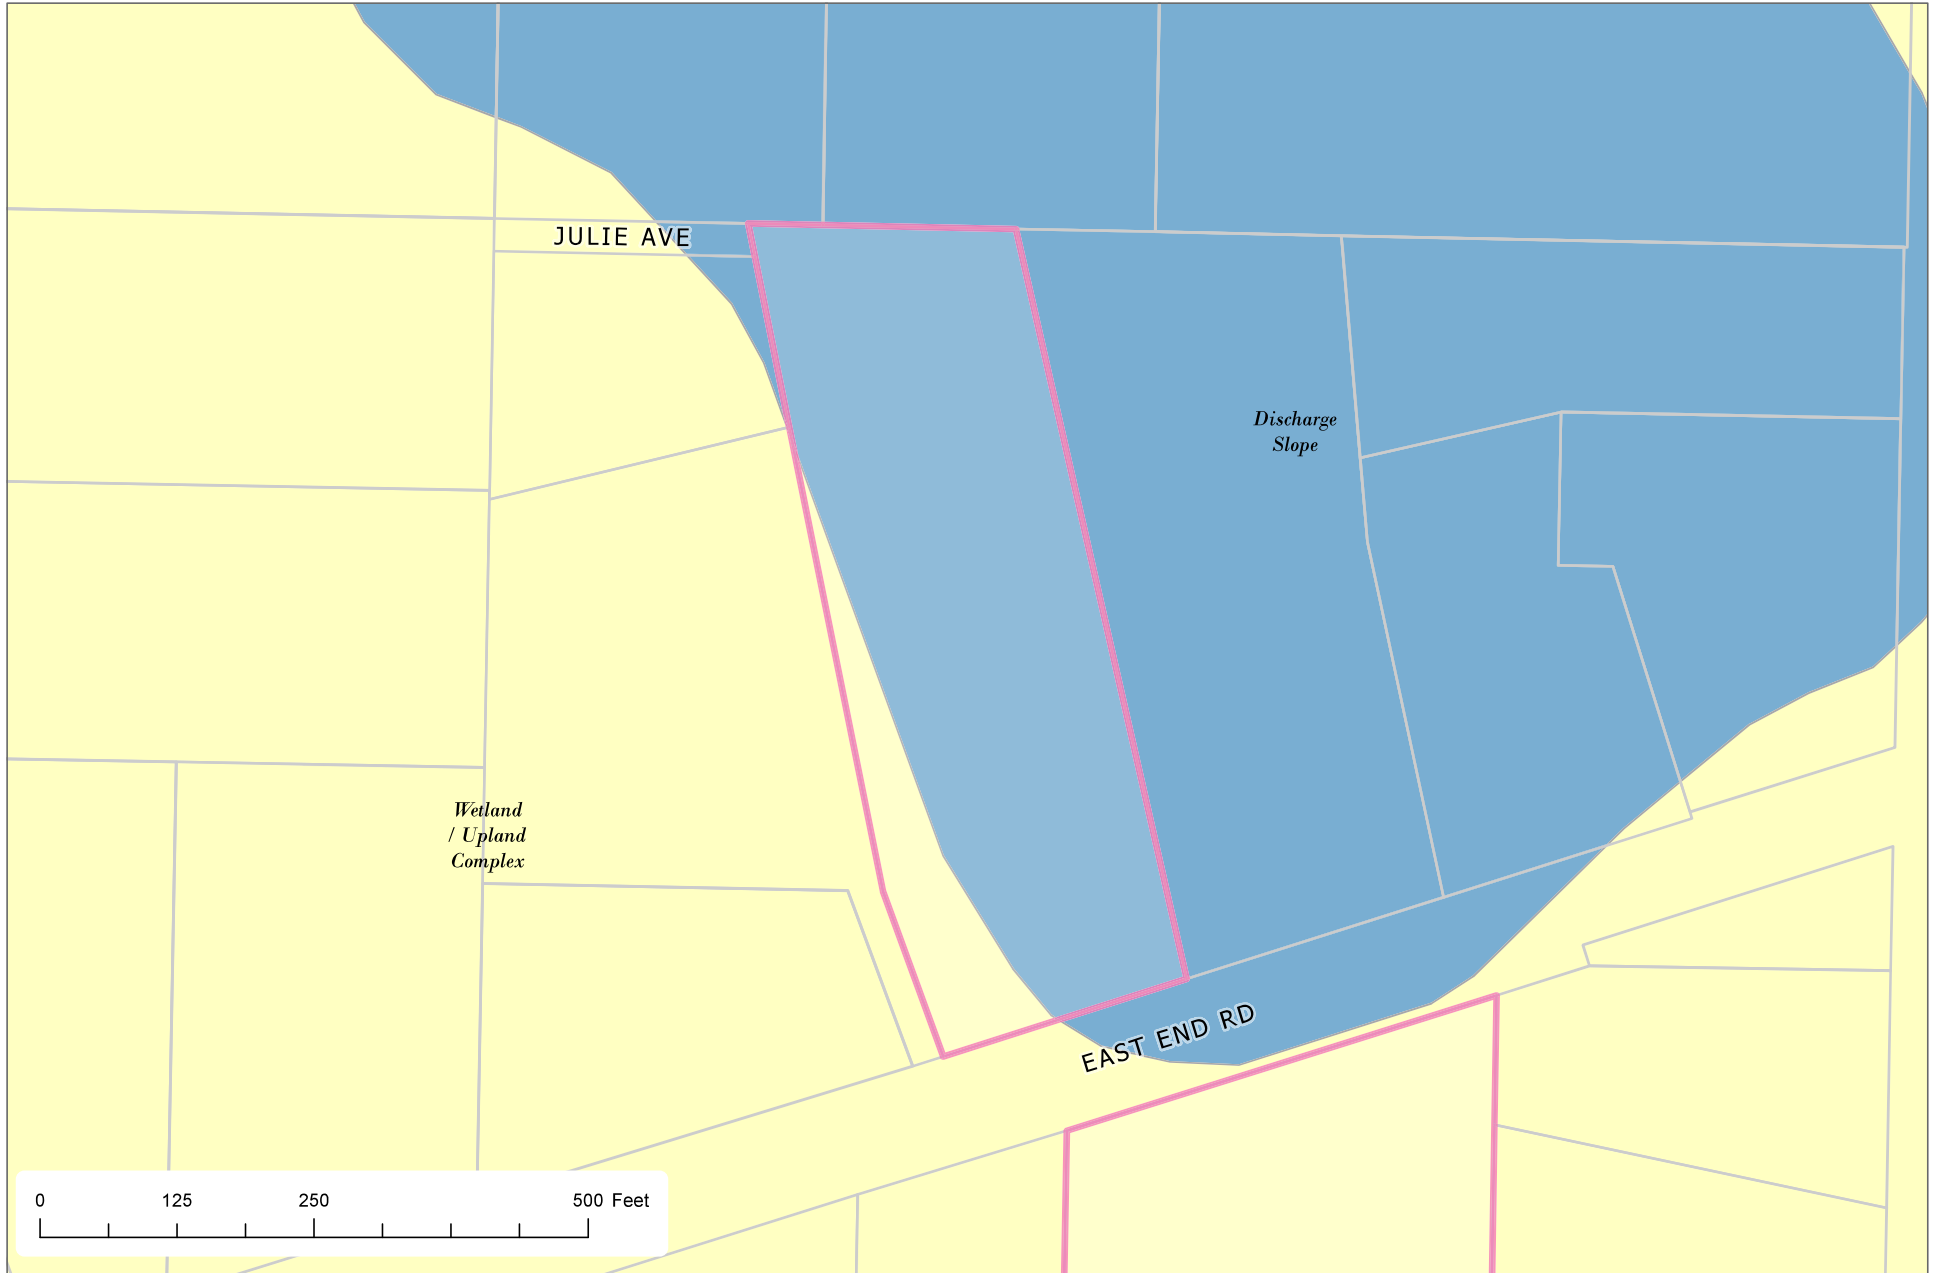

**A PARTY OF RECORD MAY REQUEST THAT A DECISION OF THE PLAT COMMITTEE BE REVIEWED BY THE PLANNING COMMISSION BY FILING A WRITTEN REQUEST WITHIN 15 DAYS OF NOTIFICATION OF THE DECISION IN ACCORDANCE WITH KPB 2.40.080.**

**A DECISION OF THE PLANNING COMMISSION MAY BE APPEALED TO THE HEARING OFFICER BY A PARTY OF RECORD WITHIN 15 DAYS OF THE DATE OF NOTICE OF DECISION IN ACCORDANCE WITH KPB 21.20.250.**

**END OF STAFF REPORT**

The information depicted hereon is for a graphical representation only of best available sources. The Kenai Peninsula Borough assumes no responsibility for any errors on this map.

**LEGEND**

- 1. End monument of record (Plat No. 81-82)
- 2. End 1/2\" steel rebar with yellow plastic survey cap, 3/8\" x 5, 1981 Plat No. 81-82

**NOTES**

1. All wastewater disposal systems shall comply with existing applicable laws at the time of construction.
2. No permanent structures shall be constructed or placed within an easement which would interfere with the ability of a utility to use the easement.
3. A building setback of 20 feet is required from all street rights-of-way unless a lesser standard is approved by the appropriate Planning Commission.
4. The front 10 ft. and the entire building setback within 5 ft. of side lot lines is also a utility easement.
5. Existing overhead powerlines are centerline of a 20 ft. wide electrical distribution easement.
6. An easement was granted to HEA as shown in B49-P302. No definite location is given.
7. No access to State maintained rights-of-way permitted unless approved by State of Alaska Department of Transportation.
8. Set 2\" self-identifying Aluminum cap on 5/8\" x 36\" long steel rebar at all lot corners unless noted otherwise.
9. The location of East End Road is based on Record Plat No. 81-82 HRD.

**OWNERSHIP CERTIFICATE**

We hereby certify that we are the owners of the real property shown and described hereon and that we hereby adopt this plan of subdivision and by our free consent dedicate all rights-of-way to public use and grant all easements to the use shown.

We further certify that the Deed of Trust affecting this property does not contain restrictions which would prohibit this subdivision or require signature and approval of the beneficiary.

**WASTEWATER DISPOSAL:**

Soil conditions in this subdivision have been found unsuitable for conventional onsite wastewater treatment and disposal systems. Plans for a typical alternate wastewater system for use on lots in this subdivision are included in the Engineer's Subdivision and Soils Report and are available from the Kenai Peninsula Borough. All alternate onsite wastewater treatment and disposal systems must be designed by a professional engineer registered to practice in Alaska, and the design must be approved by the Alaska Department of Environmental Conservation prior to construction.
