Mayor Navarre

Subject: MPAPC

Mayor,

It has been my honor to serve the community of Moose Pass and the Kenai Peninsula Borough as a member of the MPAPC. I was not able to attend meetings in 2015 due to work load out of the community. My schedule now allows more time to offer the community. I believe our commission has made a difference and helped improve the conditions in the community of Moose Pass. I am willing to renew my role as a commissioner and will accept appointment to the MPAPC.

I am a 40 year resident of Cooper Landing and Moose Pass. I am currently a board member of the Kenai Mountain Turnagain National Heritage Area, a Commissioner for the Seward Port and Commerce Commission and on the Board of several charitable organizations. I am a certified welder, private pilot and active in a State wide construction business.

Bruce Jaffa
