Dear Loretta Knudson-Spalding:

The Commissioner of the Department of Health and Social Services has made the final decision regarding the FY2023 grant awards for the Nutrition, Transportation and Support Services Program. Upon consideration of the proposal evaluation committee (PEC) and staff recommendations, in accordance with the governing statutes and regulations, and statewide needs, we regret to inform you that your agency will not receive an award.

This decision is not meant to diminish the value of your proposed services. Unfortunately, the proposal did not score highly enough to receive an award with the limited funds available in this competitive process. For these reasons, funding was not recommended for this proposal.

Per 7 AAC 78.305, applicants who wish to appeal the Department's decision must submit, within 15 calendar days after receipt of this notice, a written request to the Commissioner. To view the regulations regarding requests for appeal (7 AAC 78.305) and appeal procedures (7 AAC 78.310), click on the Documents tab in GEMS.

Thank you for submitting an application. Your interest in providing services to the people of the State of Alaska is appreciated. If you have any questions, or need further information, please contact me at (907)465-4938.

Sincerely,

Rochelle Solanoy  
Grants Administrator
