We are unable to attend the April 7, 2015 Assembly meeting but be it known we want to voice our opinion that we wish to support the petition signed by 75% of the property owners who want the subject property to be zoned as single-family residential and be subject to the uses and development standards set forth in KPB 21.44.160

These parcels are located along Gas Well Road, Echo Lake Road, Center Avenue, and Retirement Street.
