## Kenai Peninsula Borough School District

Strategic Plan 2022-2027

**Mission:** Supporting students in life success

**Vision:** Every KPBSD student will be a lifelong learner who will graduate with the knowledge, skills, integrity, perseverance, and community connectedness needed to pursue their passions and desired post-secondary opportunities.

### Core Values

**Community-** We are welcoming to all and seek to accomplish our goals through collaboration; ensuring the work honors and reflects our diverse voices and values.

**Perseverance-** We are committed to instilling a strong work ethic in students, providing multiple opportunities to succeed while encouraging them to keep striving for greater and greater achievement.

**Academic Excellence-** We will support and engage students in their learning in order for them to demonstrate the abilities to perform, achieve and excel in scholastic activities.

**Integrity-** We will provide students the skills and the experiences to become honest and exhibit strong moral principles

# Priorities

**Priority One: Student Success** – Our Why: Student success is our most critical commitment – it represents our commitment to provide academic excellence for all. KPBSD will ensure all students have equitable access to and engagement with programs and supports that reduce barriers to learning.

**Priority Two: School Climate and Safety** – Our Why: A positive school climate – where students feel a sense of safety and belonging where relational trust prevails – improves academic achievement, test scores, grades and engagement and reduce the negative effects of poverty and trauma on academic achievement.

**Priority Three: Family and Community Engagement** – Our Why: Family and community engagement is essential to positive student outcomes, including improved child and student achievement, decreased disciplinary issues, improved parent-teacher, and teacher-student relationships and improved school environment.

**Priority Four: Workforce Development** - Our Why: Workforce development leads to prosperous employees, schools and local communities. By training, and upskilling our workforce, our district can enjoy happier staff, lower turnover, and exciting opportunities.

**Priority Five: Organizational and Resource Management** – Our Why: Organizational and Resource Management represents the conscious commitment to align the district as one team, unified in a singular commitment to support schools, students, and families, and build a culture of continuous improvement centered on designing equitable systems for student instructional improvement.

# Enrollment and Staff

Current enrollment is 8,593 full and part-time students

The KPBSD has approximately 1,200 total employees

Students in Transition (SIT)

# College and Career Readiness

The poster features a light gray background with a subtle pattern of concentric circles. On the left, a dark blue vertical band contains three graduation caps in blue, light blue, and orange. At the bottom left, there are illustrations of two graduates in purple gowns, a welder in a blue mask and gear, a female scientist in a white lab coat, a firefighter in a red jacket and yellow helmet, and a police officer in a blue uniform. A hammer is positioned to the left of the date. The text is arranged in a clear, hierarchical layout.

# Career and Technical Education (CTE)

SOHI EMT Class - Tiffani & Paul Perry

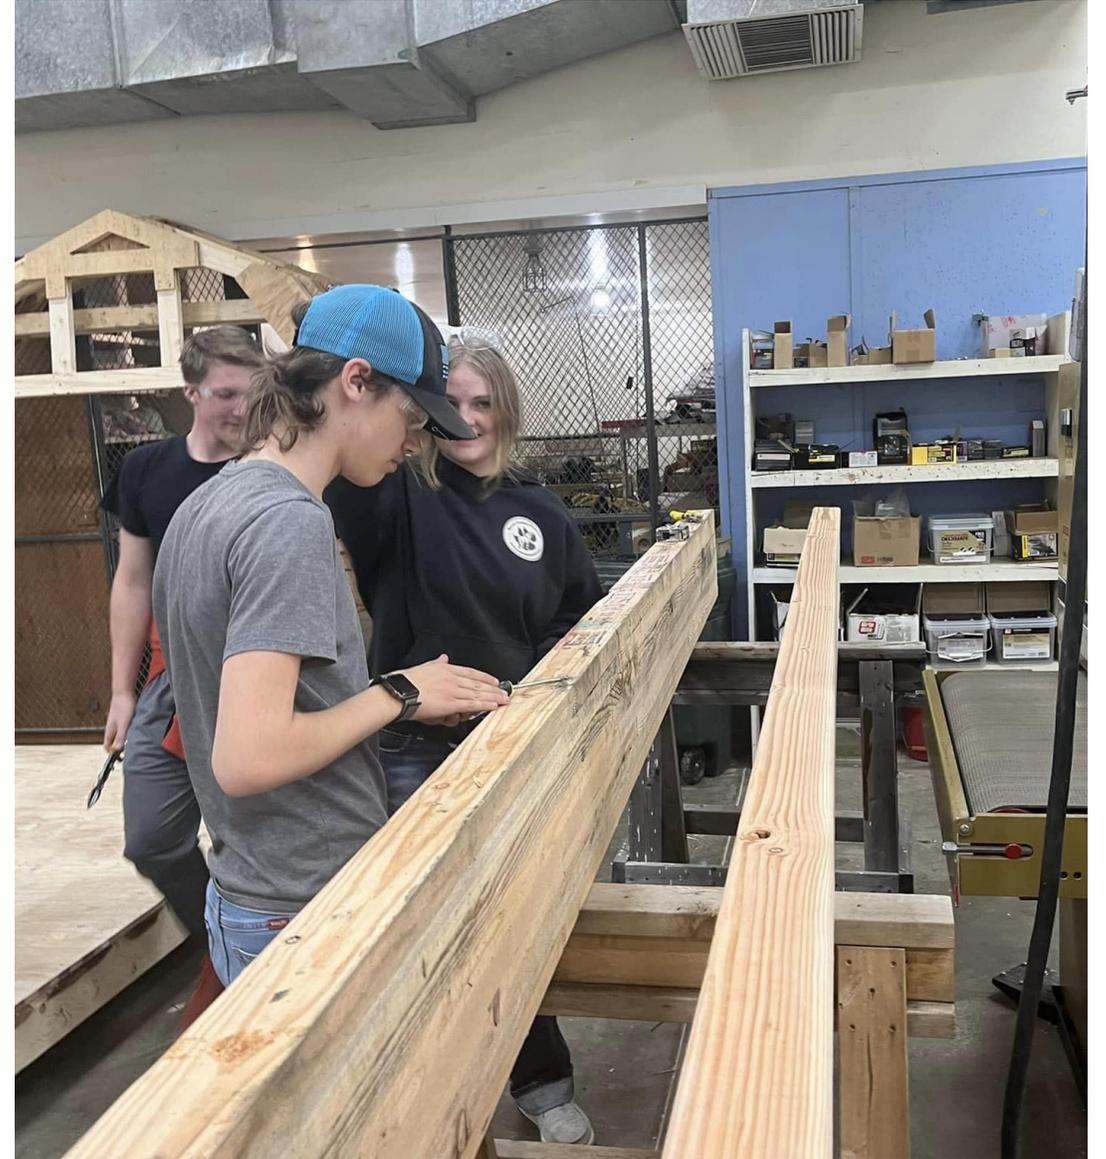

This year KPC and KPBSD partnered to offer a full EMT class at Soldotna High School. The class is being taught by KPC EMT instructor Tiffani Perry with 15 students enrolled. After the first quarter of classes the students are doing well with many of them maintaining a 4.0 GPA. Students have really had to step up their reading though as they will cover almost 1000 pages in their EMT textbook during the semester. The class is being offered with dual-credit (8 credits) with the college and nine (9) of the students have accepted that challenge. The class is taught during the first two-hours of school every day from 7:45 am till 9:30 am and mirrors the KPC course agenda.

On October 4<sup>th</sup> the SOHI EMT, KPC EMT, and several of the KPC Paramedic students went on a day long field trip and participated in a mock MCI drill that is held biannually with the City of Kenai Airport and the Kenai Fire Department. SOHI students played the victims of a Dash-8 incident with 22 victims that crashed into the mouth of the Kenai River. Students were moulaged with multiple injuries and then triaged and transported from the city docks to the hospital in ambulances from Nikiski and Kenai as part of the exercise.

All of the students reported that it was a very educational experience and even though it rained cats and dog the entire time they had a lot of fun. This was apparent by the number of "selfies" and "tic-tok" videos that were produced during the drill.
