Since your wanting to give-away \$800,000 to help poor KPC college students pay their way thru life, please cut me a check for a couple of thousand to help me pay for my depts. and way thru life.. ARE they better than other people who acquire dept?

Whomever dreamed up this give-away, needs to have their head checked.

WE ARE IN A STATE RECESSION: QUIT GIVING OUR MONEY AWAY!!

If you want to really help out our Borough, you would introduce a BILL that would make Current and retired PUBLIC EMPLOYEES unable to be on the assembly. It is like giving the keys to the candy store to the kids. You have no idea what it takes to earn a real dollar. All you know is how to steal tax dollars and spend them.

Some say I hate our government.... Wrong! I love our form of government. What I hate is when a lot of BAD APPLES start THINKING they are the GOVERNMENT and not the people.

Please get off you high horse spending spree. Start managing our interest and not your own legacies.

Just because you want something does not make it okay.

Quit listening to Public Union Commentators on what they think they need. Heck, they could tell you the sky is falling and you people would give them money to stop it that how far out of touch you appear to be.

Let's start being Americans and not a bunch of Socialist hooked into the public union spending mentality.

IT'S OUR MONEY, NOT YOURS!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Charlie Pearce was voted in by 49 votes.

Ergo, his vision for the KPB cannot be assumed to be "a mandate."

The public comments I heard (mostly by my fellow Nikiski neighbors) appeared to infer that Pearce's vision should not be questioned.

That is of course, b.s.

Like the United States of America ... the little ole KPB is a democracy.

Each KBP assembly member represents a constituency ... not the vision of the mayor.

I do not agree with the budget as proposed either. But I will concede to the collective wisdom of the 9 borough members before I will agree a single individual has the best vision.

Good evening Mayor Pierce & Members of the Assembly,

I am Ed Martin Jr of Cooper Landing.

Well, like a Bad Penny I am back!

At the last assembly meeting, this assembly showed an unwillingness to tighten its fiscal belt & in an effort by expressing that membership to a government social club & catering to special interests trumped your independent representative responsibilities to the people of this Borough.

We do not need to fund non-profits or private businesses & at the same time add spending beyond what our Mayor has proposed!

Thank you, Mr. Mayor, for another balanced budget!

This assembly has allowed government social groups like AML to train some of you to work against an independent representative government for a Government serving Government establishment & play book!

Where is your Conservatism?

Why do you wish to defy & repeal the voters choice to limit taxes?

Why do some on this assembly wish to give more money to Departments (land management) when your mayor hasn't requested it?

And why do you fail to bring in revenue from land sales that that Department requested to sell?

The budget that our Mayor has proposed holds the line on spending but [the majority of you, including my Representative] seem to want to spend beyond what is called for or requested! Memberships & at will funding for groups like AML, KPEDD & KPTMC (without showing a direct benefit to the Borough at large) isn't good Conservatism & in the best interest of this Borough.

Personally, liking someone (Mr. Dillon) for doing a good job is great, but patronizing them thru willy-nilly funding isn't & shouldn't be the PRECEPT but the exception at a time like NOW.

If my return is viewed as being a " Bad Penny, " well then at least I am contributing something conservative, instead of adding to the Boroughs expenses!

Thank you for the opportunity to address you with a view on Conservatism
