

January 22, 2015

To all assembly members:

As you all know Ordinance 2014-32 has been pushed back again; any member that needs additional information or on-site inspection please contact Dan Sterchi any time at your convenience.

This land swap is NOT a win-win deal as the administration has led you to believe; and you as representatives of ALL citizens of the Borough really need to do your due diligence on this land exchange.

Thank You:

Dan Sterchi
