Please keep the Seldovia pool open. It is a life or death decision for our children. I have family members, being a commercial fishing family, who have not learned to swim, then lost their lives through drowning. Our community needs the swimming pool in Seldovia. Being that Seldovia is not on the road system, and the Swimming Pool at the school is the only pool available to our children and community, it is important for our safety living around the water. There are other communities on the peninsula with more than one pool that people can alternatively go to if one pool gets closed down. Seldovia does not have that choice. Please fund our pool.
