Economy & Market Review

Outlook

Economic activity remains positive but headwinds abound

- Inflationary pressures continued easing in 2023, but at a slowing pace
- The Fed's hawkish policy has brought inflation under control, but still hasn't reached their 2% target
- High rates have contributed to market volatility and pockets of stress
- Recession watch in the US expectations have yet to materialize
 - Labor continues to be resilient, but showing signs of softening
 - Housing market has held up well with mortgage rates higher than they've been in over a decade
 - Consumer still strong (with exception of subprime)
 - Bank lending tighter

Secondary issues

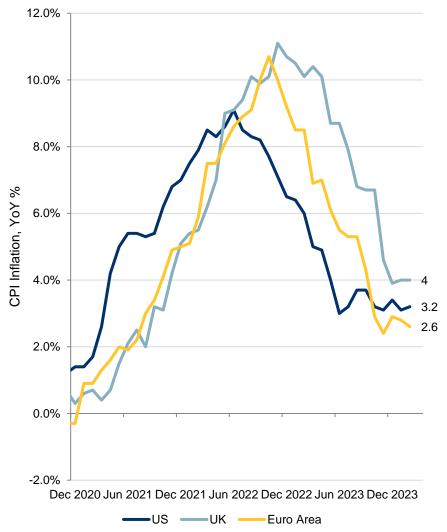

- Potential US Government shutdown /dysfunction
- 2024 is a big election year
- China's impact on global growth
- Elevated geopolitical uncertainty

Market volatility

- Rates have likely peaked but anticipate elevated volatility around incoming data and markets determining timing of Fed cuts
- Risk assets can offer positive excess returns, but security selection will be paramount as weaker fundamentals will offer caution
- Volatility could present attractive entry points

Global inflation continues to slowly moderate

As of 3.12.24 Source: Bloombera

- US Headline inflation was at 3.2% in February, slightly above expectations
- Core CPI decreased to 3.8% YoY, also above forecasts
- Inflation data so far in 2024 shows the challenge of moderating inflation toward the Fed's 2% target
- Expectations are that inflation will continue to moderate but the path will be choppy, and the Fed will want to be patient on any rate cuts in the meantime

US Inflation Expectations

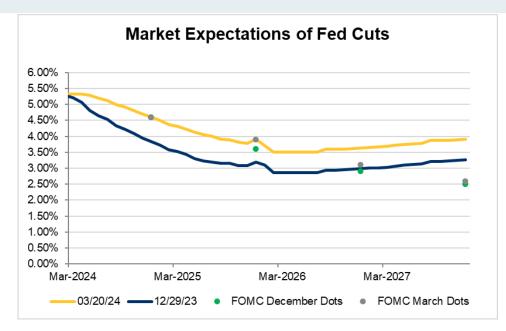

The Fed signaling an end to tight policy

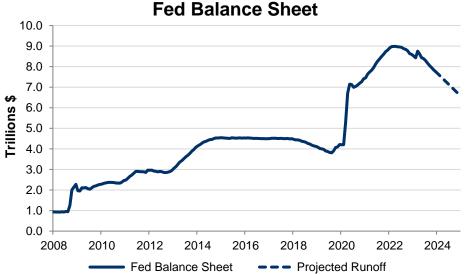

The Fed Funds rate has likely peaked

- The Fed has remained committed to restrictive monetary policy to combat persistent inflation, but they are now signaling that the hiking cycle is over
- The FOMC have held rates steady for five consecutive meetings and the next move will likely be a cut some time in 2024
- The March median dot plots of the Fed Funds rate still indicate 3 cuts in 2024 and now 3 cuts in 2025 (down from 4)
- The Fed will remain data dependent as they balance out the risks of higher inflation with the challenges of higher rates on the broader economy
- We maintain the view the Fed will likely cut rates around the midyear point but will closely be watching inflation data after some disappointing releases in January and February

Implications

- Treasury curve should normalize as front-end rates come down
- Mild recession in later 2024/early 2025

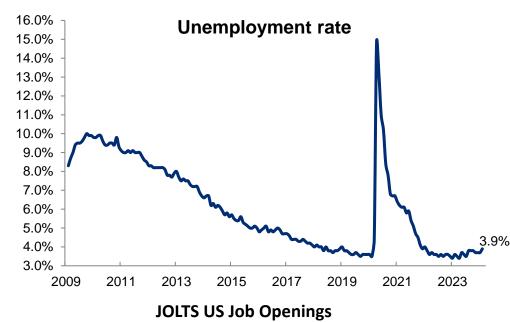

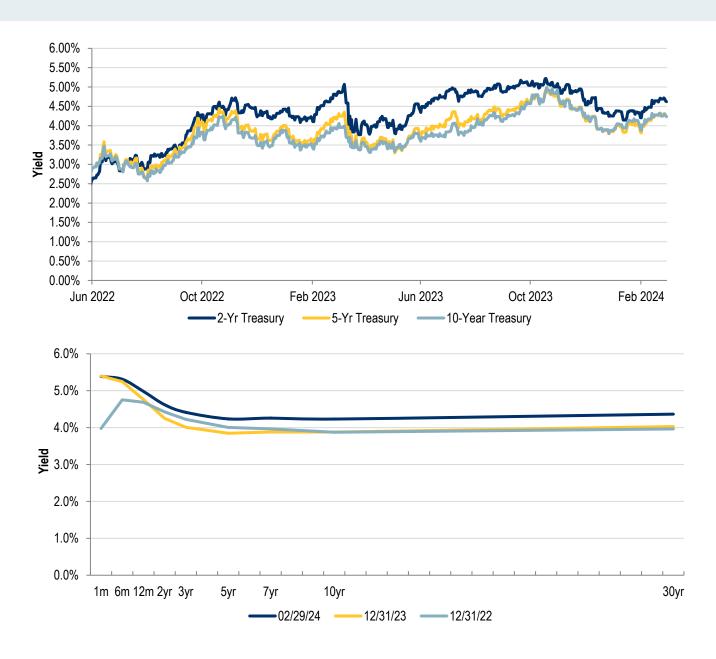

U.S. Economy – Employment remains strong

- Nonfarm payrolls added 275k jobs in February, above forecasts of 198k
- The unemployment rate increased to 3.9% during the month
- The health care and government sectors added the most jobs, followed by restaurants and bars
- The job market continues to hold strong in 2024 and will be closely monitored as the Fed considers rate cuts later in the year

POLICY

It is the policy of the Kenai Peninsula Borough (KPB) to invest public funds in a manner that will best meets the objectives specified in Chapter 5.10.010 of the KPB Code of ordinances. The objectives listed in their relative order of importance are as follows:

- Safety of principal; Investments of the borough shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. This objective will be met through diversification of the portfolio.
- 2. Maintaining sufficient liquidity to meet the borough cash flow requirements; The borough's investment portfolio will remain sufficiently liquid to enable the borough to meet all operating requirements that might be reasonably anticipated.
- 3. Achieving a reasonable market rate of return; The borough's investment portfolio shall be managed with the objective of attaining a market rate of return throughout the budgetary and economic cycles, taking into account the borough's investment risk constraints and the cash flow characteristics of the portfolio.

I. General Requirements

1. Diversification

The following is the maximum targeted level of investment in different instruments:

| Type | Sector Level | Issuer Level | Maturity |
|--|--------------|--------------|----------|
| - U.S. Treasury securities | 100% | 100% | 5 yrs. |
| - Other obligations of the U.S. Govt., its Agencies and Instrumentalities (including | | | |
| mortgage backed) | 100% | 40% | 5 yrs. |
| - Corporate Bonds | 50% | 5% | 5 yrs. |
| - Municipal Bonds (state or political | | | |
| subdivisions) | 25% | 5% | 5 yrs. |
| Money Market Mutual Funds, subject to limits per KPB 5.10.040 (11) | 20% | 20% | N/A |

Kenai Peninsula Borough

The following items are only available for purchase by the internal investment pool:

| Туре | Sector Level | Issuer Level | Maturity |
|--|--------------|--------------|----------|
| - Overnight Repurchase Agreements | 20% | 20% | N/A |
| - Term Repurchase Agreements and Certificates of Deposit: | | | |
| 7-Day Term or shorter | 25% | 20% | N/A |
| Greater than a 7-day term | 25% | 10% | 3 yrs. |
| - Bankers Acceptances | 10% | 5% | 180 days |
| - Commercial Paper | 25% | 5% | 270 days |
| - Alaska Municipal League Investment Pool | 20% | | N/A |
| - KPB Special Assessment Districts | \$5,000,000 | | 10 yrs. |

^{*} Issuer means counterparty in the case of Repurchase Agreements

The Borough's internally managed portfolio will include maturities of less than 3-year and is expected to be the primary source of liquidity among the Borough's investments. The externally managed portfolio will be allowed to invest in maturities ranging out to 5-years, but will have maturities laddered across that range.

Normally, a minimum of 40% of the portfolio will be invested for one year or less. Cash flow requirements combined with market opportunities may result in actual levels below or above target maturity levels. The total portfolio will be invested based on the following target maturities:

| • | One Year or Less | 40% |
|---|---------------------|-----|
| • | One to Three Years | 30% |
| ٠ | Three to Five Years | 30% |

2. Safekeeping and Custody

All security transactions, including collateral for repurchase agreements, entered into by the (entity) shall be conducted on a delivery-versus-payment (DVP) basis. Securities will be held by a third party custodian designated by the Finance Director and evidenced by safekeeping receipts and in accordance with KPB 5.10.080.

3. Minimum Ratings for Corporate Bonds and Commercial Paper

Investment grade corporate bonds with the following ratings at the time of purchase may be added to the portfolio:

- 1 year or less, single "A" rated by two major rating agencies
- 1 2 years, double "A" rated by at least one major rating agency
- 2 4 years, double "A" rated by two major rating agencies
- 4 5 years, triple "A" rated by two major rating agencies

Investment grade corporate bonds are defined as those with a rating of triple "B" or higher by a major rating agency. In the event an issuer of corporate bond held in the portfolio having a remaining term to maturity of more than one year is downgraded to less than triple "B" by both

Moody's and Standard and Poor's Corporation, the security will be liquidated in an orderly manner.

Commercial paper must be rated "A" or P1 or higher by Moody's Investor's Service, Inc., and "A" or A-1 or higher by Standard and Poor's Corporation at the time of purchase.

Municipal bonds issued by states or political subdivisions must be rated "A" or P1 or higher by Moody's and "A" or A-1 or higher by Standard and Poor's Corporation.

4. Current Agreements and Contracts Listing

Investment Safekeeping: Wells Fargo Collateral Safekeeping: Wells Fargo

Banking Services: First National Bank Alaska

Tri-Party: First National Bank Alaska and Union Bank of California

Overnight Repurchase: First National Bank Alaska Investment Management: RBC Public Fund Services

5. Internal Controls

The management of borough investments may be accomplished internally or through one or more external investment managers. The Finance Director is responsible for purchasing and selling investments that are managed internally and oversight of any funds being managed by an External Investment Portfolio Manager. In the absence of the Finance Director, the Controller is authorized to act on the Borough's behalf. The Controller or Treasury/Budget Analyst is responsible for accounting for investments. Control over securities is achieved through separation of the accounting and safekeeping functions.

Safekeeping Authority: Finance Director

Treasury/Budget Analyst

6. Report Format

A report will be prepared at least quarterly for the Assembly showing the following information:

- Name of issuer of each security held in the portfolio
- · Type of investment
- Par value of each security
- Yield to maturity of each security
- Annualized yield of the portfolio
- Average term to maturity of portfolio
- Market Value of Portfolio Including Net Unrealized Gains or Losses

Kenai Peninsula Borough

II. Internal Investment Pool Requirements

1. Bid Procedures

At least two bids will be received from brokers listed on the broker's list for regular investment activities. The bid selected will be based on its overall value to the portfolio. Transactions will be awarded to a broker listed on the broker's list.

2. Broker List

Brokers may be placed on the list after obtaining suitable references. No investments may be purchased from a broker not on this list.

- Michael Zetameyer, RBC Wealth Management (541) 654-3704
- Greg Hagen, Piper Jaffray (503) 275-3951
- Douglas Chin, Wells Fargo Brokerage Services (800) 756-8260

3. Financial Institution List

A financial institution may appear on this list based on an evaluation of their overall creditworthiness.

- Wells Fargo
- First National Bank of Alaska
- Key Bank
- Bank of America
- Northrim Bank

4. Collateralization

A. If Borough moneys are invested in certificates of deposit or other deposits, the entire amount of principal and interest which will be payable to the borough upon maturity of the investment must be collateralized by any combination of the following securities, at the following margin requirements and maturities:

COLLATERAL TYPE MARGIN REQUIREMENT

- Actively traded U.S. Government Agency or Instrumentality Securities, except mortgage passthrough securities with a:
 - a. Maturity date one year or less from the date of the borough's investment transaction.
- 3. Government National Mortgage Association mortgage pass-through securities......1209
- Obligations of the State of Alaska and its political subdivisions secured by the full faith, credit and taxing power thereof:

| | Maturity date between 1 and 5 years from the date of borough's investment | transaction. |
|----|---|--------------|
| | | 107% |
| 5. | FDIC and FSLIC Insurance. | 100% |

B. A financial institution shall not release, assign, sell, mortgage, lease, transfer, pledge or grant a security interest in, encumber, substitute or otherwise dispose of or abandon all or any part of pledged collateral without prior written authorization of the borough.

III. External Money Management

1. General Requirements

The Finance Director with the approval of the Mayor may choose to enter into contracts with qualified firms for investment management services. The minimum qualifications are as follows:

- Respondents must be registered with the SEC as an investment advisor.
- Respondents must have experience as advisors with portfolios and municipalities of similar size to the Kenai Peninsula Borough.
- Respondents must have greater than \$500 million of government funds under management.
- Respondents must have a minimum of \$5 million in E&O or professional advisor liability coverage.

The external pool manager shall invest public funds in a manner that will best meets the objectives and authorized investments specified in Chapter 5.10.010 of the KPB Code of ordinances and further defined in items 1-6 of the General Requirements of the above policy.

Normally, a minimum of 40% of the combined internal and external portfolios will be invested for one year or less. Because the internal investment pool managed by the Borough which is mostly invested in investments having maturities of less than two years, and nearly matches the market value of the external portfolio, the recommended targets for the external investment pool are as follows:

One Year or Less 10% to 30%
 One to Three Years 30% to 45%
 Three to Five Years Targeted Maximum 35%

Cash flow requirements combined with market opportunities may result in actual levels below or above target maturity levels.

2. Benchmark

The external portfolio's reference benchmark is the ICE BofAML 1-5 Yr. AAA-A US Corporate & Government.

Kenai Peninsula Borough

III. Land Trust Investment Fund Investments (LTIF)

1. General Requirements

The Finance Director provides management of the Land Trust Investment Fund (LTIF), with the financial asset investments of the LTIF approved by the Borough Assembly through resolution during the annual budgetary process, in the form of an asset allocation plan. The asset allocation plan shall have specific categories of investments of the fund with percentage targets to allow for reasonable fluctuations above and below the target percentage. The plan will establish benchmarks for evaluating the performance of each investment manager and asset classification. Investments shall be managed and adhere to the target ranges of the asset allocation plan.

The governing ordinance KPB Ordinance 2018-29 provides that the Borough retain one or more professional investment managers with experience handling institutional endowment investments to manage, design portfolio asset allocation plans, and invest funds held by the custodian in accordance with the written investment policies adopted by the Borough Assembly established in KPB Code 5.20.030.

The Borough's Code authorizes the following investments for the LTIF through KPB Code 5.10.200.B:

¹ Cost and Gain/Loss are based on Amortized Cost.

Appendix

Glossary of Investment Terms

Total Return The sum of all investment income plus the changes in the capital

valuation in the portfolio.

Market Value The current face amount of the security multiplied by the market price.

Market Yield The portfolio's overall yield, as measured by the market valuations of

the portfolio holdings.

Book Yield The yield to maturity of a security, as calculated at the time of purchase.

Duration The measure of interest rate sensitivity which estimates the price

change of a security (or a portfolio of securities) resulting from a

change in interest rates.

Duration may also be considered to be a measure of the "average maturity" of a stream of payments associated with a bond. It reflects a weighted average of the lengths of time until the remaining payments

are made from a bond (or portfolio).

Convexity A measure of interest rate sensitivity, used along with duration, which

estimates the incremental price change resulting from the change in

interest rates.

OAS Option-Adjusted Spread (OAS) is a measure of a security's extra return

over the return of a comparable risk-free security.

Spread Duration The measure of the sensitivity of a security's price to changes in

spreads, relative to U.S. Treasuries (a risk-free security).

Wider (or more narrow) spreads will cause the price of the securities to

fall (rise).

Amortized Cost The price paid for the security, plus or minus adjustments for any

purchase discounts of premiums associated with the purchase.

Unrealized Gain. The gain/loss that would be recognized from selling an asset, as

Unrealized Loss compared to the reported amortized cost.

This document (the "Presentation") is being provided by RBC Global Asset Management to institutional investors, is general and has not been tailored for any specific recipient or recipients and is not a solicitation of any offer to buy or sell any security or other financial instrument or to participate in any investment strategy. We are not undertaking to provide impartial investment advice, or to give advice in a fiduciary capacity. This Presentation should not be construed as tax or legal advice and is not intended to cause the recipient to become a fiduciary within the meaning of Section 3(21)(A)(ii) of the Employee Retirement Income Security Act of 1974, as amended, or Section 4975(e)(3)(B) of the Internal Revenue Code of 1986, as amended. While we have a financial interest in a transaction because we earn revenue from the sale of our products and services, we do not receive a fee or other compensation directly from you or your in-scope clients for the provision of investment advice (as opposed to other services) in connection with any such transaction.

Past performance is not indicative of future results. There can be no guarantee that any investment strategy discussed in this Presentation will achieve its investment objectives. As with all investment strategies, there is a risk of loss of all or a portion of the amount invested and there is no guarantee that any references to goals, targets, objectives or expectations discussed in the Presentation will be achieved or that the processes will succeed. Any risk management processes discussed refer to efforts to monitor and manage risk, but should not be confused with and does not imply no or low risk. The use of diversification within an investment portfolio does not assure a profit or guarantee against loss in a declining market. No chart, graph, or formula can by itself determine which securities an investor should buy or sell or which strategies should be pursued.
