Subject: Resignation letter

Greetings Madam Clerk and Assembly,

First allow me to apologize for the confusion leading up to this iteration of my resignation letter. The deficit was entirely mine, having spoken to several people in the process of how to properly offer this resignation and the required window, and yet loosing track of what details were shared with whom. All on me.

That said, please accept this letter as my letter of resignation from this most esteemed body. I will be leaving the state of Alaska August 1st to relocate to Oregon. It was my hope to attend a couple more assembly meetings via zoom before my resignation would become effective but have just learned that KPB ordinance does not allow for this, therefore with my apologies for the 11th hour notice, this resignation will be effective August 4th, 2026 at 11:59 pm at which time I will be deep into Yukon Territory and out of cell service.

By this time you all know my sentiments about this body; but allow me to simply state that it has been my great honor to serve amongst each of you; Assembly, Mayor, Clerk, and legal. Each of you for my part are held in the highest regard and will be most welcome at my door should you pass through Burns Oregon in the future. Thank you for this opportunity to serve amongst humble giants hidden on the Kenai Peninsula.

Michael W. Hicks
District 7 KPB Assembly
