Subject: Public Testimony in OPPOSITION TO KPB Ordinance 2014-19-60

To All Assembly Members:

I am opposed to passage of KPB Ordinance 2014-19-60 and urge you to do the same.

We love our public employees, but the health care cost is way out of line with reality. Your average social security recipient now earns less than what taxpayers are giving to public employees for their healthcare cost alone.

It is time to consider buying minimum Obama-care policies with high deductibles that are issued and managed by a private company. The KPB can no longer afford to be an insurance company.

If our public employees were turning lead into gold to pay for their wages and benefits it would be one thing, but of course they are not. They are living on the public dole and frankly we the people are not getting that much for our money. We are at the tipping point where our employees have priced themselves out of the market.

Please oppose KPB Ordinance 2014-19-60. Enough is enough already!

Thank you,

Mike McBride
North Kenai
