The Alaska Department of Transportation and Public Facilities (DOT&PF) Central Region has reviewed the following plats and have the following comments:

 - No objection to proposed plat.

 - Platting actions change the legal description of a lot and require driveway permits to be re-applied for. Reapply for permit for existing lot access to Sterling Highway. Driveway permits and Approach Road Review can be applied for at DOT&PF's online ePermits website: <https://dot.alaska.gov/row/Login.po>. Please contact DOT&PF's ROW division at 1-800-770-5263 to speak with a regional permit officer if you have any questions.
- **Gordon Property 2026 Replat (KPB 2026-072V)**
 - No direct access onto Sterling Highway.

- **Unrein River Walk (KPB 2026-075V)**
 - No direct access onto Nash Road.
 - Further development will require internal circulation configuration.
 - Reconfigure lots to access Salmon Creek Rd.
 - Reapply for driveway access onto Salmon Creek Rd.
 - Apply for driveway permits at DOT&PF's online ePermits website: <https://dot.alaska.gov/row/Login.po>. Please contact DOT&PF's ROW division at 1-800-770-5263 to speak with a regional permit officer if you have any questions.

All properties accessing DOT&PF roads must apply to Right of Way for a driveway permit and/or approach road review, subject to provisions listed in 17 AAC 10.020. Any previously issued access permits become invalid once the property undergoes a platting action and must be reissued.

We recommend the petitioner verify all section line easements and DOT&PF road rights-of-way adjacent to their property. For assistance, the petitioner may contact the Engineering group within the Right of Way section in DOT&PF at (907) 269-0700. The petitioner is liable to remove any improvements within the easements and rights-of-way that impede the operation and maintenance of those facilities even if they are not shown on the plat, so it is in the petitioner's best interest to identify the exact locations and widths of any such easements or rights-of-way before they improve the property.

If any section line easements or road rights-of-way exist within the bounds of their plat, we recommend the petitioner dedicate them. If there is an existing right-of-way or easement, the petitioner is unable to develop that portion of the property yet continues to pay property taxes on it; dedicating will remove that cost to the petitioner.

If there are any questions regarding these comments please feel free to contact me at (907) 269-0514 or romorenzo.marasigan@alaska.gov.

Sincerely,

Romorenzo Marasigan
