Subject: assembly members in cloud

Message:

I urge you to stop assembly members from calling in and voting by telephone. We had a bad experience when we tried to form a ng USAD here in Kasilof. Assemblyman Paul Fisher voted against us even though I do not think he realized what he was voting on. We need to see our assembly members sitting at the dias or they should not be allowed to participate in the meeting. How do we know who is talking to us from the speaker system. For all we know it could be a robot.
