RE: Administrative Review of the Petition Report for the Whale of a Tail Avenue
Utility Special Assessment District (USAD)

Review Period: Monday, October 17, 2022, through Monday, October 31, 2022

In accordance with KPB Code Chapter 5.35, a petition application has been submitted for formation of a utility special assessment district in the community of Sterling. Known as the Whale of a Tail Avenue Utility Special Assessment District (hereinafter "USAD"), the proposed main line route including that portion of Adkins Road Whale of a Tail Avenue, and Outback Street. The project would benefit 41 parcels.

The attached Petition Report, and associated exhibits, is provided to the mayor for consideration and approval. Pursuant to 5.35.105(C), the mayor will consider the petition report for the proposed USAD and make a final determination to approve or to acquire additional or amended information not less than 45 days and not more than 60 days from the date the assessing department mailed notices to the affected property owners to allow for the comment period as described in KPB 5.35.030(E).

The notices were mailed out to the affected property owners on Friday, September 2, 2022; therefore, the mayor may consider the petition report **not earlier than Monday, October 17, 2022, and not later than Monday, October 31, 2022.**

Your review and approval of the proposed petition report is hereby requested so that the sponsor may pursue the signatures of owners of property within the approved boundaries. If sufficient signatures are obtained and the completed petition certified, the project may move forward with assembly approval of the resolution to form the district and proceed with the improvement. The sponsor hopes for this to occur no later than the first Assembly meeting in June of 2023 (TBD), to stay on schedule to meet the utility company's deadline of June 15, 2023, for assembly approval to form the district, and to allow for construction of the proposed project during the 2023 construction season.

SECTION 1. IMPROVEMENT PROPOSAL:

On August 18, 2022, the utility company, Enstar Natural Gas Company, submitted a letter of approval for the proposed natural gas main line extension and a written estimate of the utility's estimated cost of constructing the extension. The sponsor was informed of the total estimated cost for this project. On August 24, 2022, the sponsor provided the assessing department with written notice of intent to proceed with administrative review of the petition report, and has submitted a non-refundable filing fee as

established in the most current Schedule of Rates, Charges and Fees. Pursuant to KPB 5.35.03(E), the assessing department mailed notices of the proposed USAD to all parcel owners in the proposed district on September 2, 2022.

The project proposes to install a natural gas line of approximately 8,120 lineal feet of 2-inch pipe. The total project cost for a 2023 construction is estimated at **\$249,000.38**, which includes Enstar's 2023 standard construction cost of \$235,093.00 (based on \$28.74 per lineal foot), and \$5,038.00 for Enstar's Non-Standard costs, plus the Kenai Peninsula Borough administrative cost of \$8,869.38. The allocated cost per-parcel is estimated to be **\$6,073.18** for each of the **41** benefited parcels. If the project is approved by the assembly by June 15, 2023, Enstar will attempt to construct the project in 2023. If the project is delayed beyond that date, another engineering estimate will be required with updated construction costs for the proposed year of construction.

SECTION 2. RESTRICTIONS ON FORMATION PER 5.35.070:

Pursuant to 5.35.070 (B), the legal description of parcels within the proposed district as of the date of the mayor's approval of the petition report under KPB 5.35.105 will establish the parcels for assessment. No subdivision, reversion of acreage, or lot line adjustment will be recognized for USAD assessment purposes after the mayor's approval of the petition report. Additionally, KPB 5.35.030(E)(4), requires "any action to replat parcels within the proposed district shall be completed and recorded before the date the mayor approves the petition report under KPB 5.35.105(C)".

Currently, no parcels within the boundary of this proposed district are in the process of subdividing.

Additional restrictions on formation: (C), in no case may a property be assessed an amount in excess of 50% of the fair market value of the property, (D), a special assessment district may not be approved where properties which will bear more than 10% of the estimated costs of the improvement are subject to unpaid, past-due borough property taxes, and (E), no one owner may own more than 40% of the total number of parcels to be benefited.

Within this proposed district, there are, zero parcels that exceed the 50% assessment-to-value limitation; there are two (2) parcels which are delinquent in payment of the 2022 property taxes, representing 4.88%; and, there is no one owner who own more than 40% of the total number of parcels to be benefited. Additionally, there are no other special assessment liens against any of the parcels in the proposed district; and,

SECTION 3. KENAI PENINSULA BOROUGH OWNED PROPERTY:

Pursuant to KPB 5.35.107(C)(6), the mayor shall be the designee for signing any petition when borough land is part of the proposed district. When the mayor abstains from participating in the petition signature process, the total number of parcels within the district, for the purpose of calculating the signature thresholds, shall be reduced by the number of parcels owned by the borough within the proposed district. Should the petition receive meet the percentages thresholds, KPB will pay the full assessment per parcel.

Within this proposed district, there are two (2) benefited parcels which are currently owned by the Kenai Peninsula Borough. Please see **SECTION 6. ADMINISTRATIVE REVIEW**, under **ACTION ITEMS**:

RE: Admin Review of the Petition Report – Whale of a Tail Avenue USAD

SECTION 4. PUBLIC COMMENTS – EXCLUSION REQUESTS

(A) Public Comments: The assessing department has received one (1) written comment regarding the proposed project from a member of the public, Gary Gottfredson. This email/letter is included as public comment.

(B) Exclusion Requests: Pursuant to KPB 5.35.105(B), the mayor shall exclude from the proposed district any real property, or any interest in real property, that is not directly benefited by the improvement. If a property owner claims the physical characteristics of his or her property make it legally impermissible, physically impossible, or financially infeasible to develop or improve it in a manner that would enable the property to benefit from the proposed improvement, the property owner has the burden of demonstrating that the property has such physical characteristics and therefore cannot benefit from the proposed improvement. Any property which is excluded from the district will “not receive the benefit of the improvement and will not be subject to the assessment”, per KPB 5.35.110 (E)(4).

Within this proposed district, there is one (1) property owner objecting to their parcel’s inclusion in the proposed district. The Assessing department agrees with the owner’s claim to be excluded. Please see **SECTION 6. ADMINISTRATIVE REVIEW**, under *ACTION ITEMS*:

ALASKA MENTAL HEALTH TRUST AUTHORITY (TLO)

PIN 065-072-05, 39120 Adkins Road, 10-acres

Exclusion request based on *legally impermissible to develop or improve due to two (2) encumbrances:*

- 1) A 30-year, 100’ utility easement (recorded KN 2020-011421-0, November 19, 2020) for a high voltage electric transmission line. Encumbers the southern boundary of the parcel in question, approximately 1.6 acres. See Exhibit A, pages 7-18, and page 22 of the Exclusion Request.
- 2) ADL 206934 (as of April 1981), a land management agreement between Department of Natural Resources and the Department of Transportation and Public Facilities (DOT) to use the land for a communications microwave repeater tower. The agreement ended on April 2021, however, the DOT and TLO have been negotiating the land license that would mirror the April 1981 agreement, and use the same footprint pursuant to DOT’s communications tower. TLO anticipates a new land authorization agreement will be issued to DOT in the next three to six months. See Exhibit B, pages 19-21, and page 22, of the Exclusion Request.

Should the administration agree to exclude this parcel from the assessment, the number of parcels for the petition signature phase will be reduced by one, and the cost per parcel assessment adjusted, resulting in an increase of the cost per parcel from \$6,073.18 to \$6,225.01.

SECTION 5. PETITION REPORT AND EXHIBITS:

The following list of exhibits to the Petition Report support and are incorporated by reference as follows:

1. **Petition Information Sheet** describes the proposed improvement, including the total estimated project cost, and the estimated cost per parcel; provides a statement notifying the property owners to contact the applicable utility for any additional costs that may be required to utilize the improvement; provides notification that any costs to connect individual parcels to the main improvement are not included in the assessment; and contains notice of restrictions and requirements regarding the withdrawal of signatures on a petition;
2. **Enstar’s commitment letter** to support the 2023 construction of the extension and a written estimate of the total cost of construction, dated August 15, 2022. If the assembly approves the

resolution to form the district and proceed with the improvement on or before June 15, 2023, Enstar will construct the project in 2023; however, if the project is delayed and is constructed in 2024, the rate will increase to an undetermined 2024 construction rate;

- 3. **a map** of the proposed USAD district and boundaries;
- 4. **estimate assessment roll** spreadsheet contains the total estimated cost of the improvement, the name of the record owner of each parcel, tax parcel number, legal description, assessed valuation, the estimate of the amount to be assessed to each parcel, whether there are other special assessment liens against any of the parcels in the proposed district, and a description of any parcels that violate the restrictions listed in KPB 5.35.0740(C) or (D); and
- 5. **memo from the Finance Director** stating the method of financing, interest rate to be paid, and setting forth the number and frequency of payments.

SECTION 6. ADMINISTRATIVE REVIEW:

KPB chapter 5.35.105(C) stipulates the mayor will consider the petition report and make a final determination to approve the report or to require additional or amended information not less than 45 days and not more than 60 days from the date the assessing department mails notices to affected property owners under KPB 5.35.030(E), and that upon the mayor’s approval, at least one copy of the petition report shall be provided to the sponsor for distribution to pursue the signatures of owners of property within the approved boundaries.

Your review and approval of the proposed petition report is hereby requested so that the sponsor may proceed to pursue the signatures of owners of the property within the approved boundaries and continue the process to request assembly approval to form the district and proceed with the improvement.

Review period: not earlier than October 17, 2022 and no later than October 31, 2022

KPB 5.35.107(C): Signature requirements. The petition must contain the signatures of **(a)** the owners of record of at least 60% of the total number of parcels subject to assessment within the proposed district; and **(b)** the owners of record of at least 60% in value of the property to be benefited, in order to be considered by the assembly for formation.

1. Multiple owners: When a parcel is owned by more than one person or entity, signatures for each record owner are required in order for the parcel to count towards the signature thresholds. All signatures shall be consistent with the requirements listed in KPB 5.35.107(C)(2) – (6), as applicable [if the joint owner is deceased a copy of the death certificate must be provided]. The following are those requirements:
2. Signature by Proxy: Signatures by proxy will not be accepted by the clerk.
3. Power of Attorney: The signature of a power of attorney will only be accepted by the borough if the signature is accompanied by a copy of the Power of Attorney document providing authority for such signatures.
4. Business entities:
 - a. *Corporations:* Where a parcel is owned by a corporation, the petition shall be signed by two individuals, one of whom is the chairman of the board, the president, or the vice president, and the other of whom is the secretary or treasurer, or by another person or persons who have been given authority via corporate resolution.
 - b. *Limited liability companies:* Where a parcel is owned by a LLC, the petition must be signed by a member if the LLC is member-managed, or by the manager, if a manager has been designated.
 - c. *Other business owners:* Where a parcel is owned by another type of business entity, only those persons who have signatory authority to bind the business entity under Alaska Statutes may sign the petition as owner.
5. Trusts: Where a parcel is owned by a trust, only the trustee may sign as the property owner. If there are co-trustees, a majority must sign the petition in order for the parcel to count towards the signature thresholds unless otherwise provided in the trust document. The signature of the trustee(s) shall be accepted by the clerk if it is accompanied by a copy of the trust document.
 - [A *Certificate of Trust* which complies with AS 13.36.079 may be submitted in lieu of the entire trust document. **WARNING:** owners should consult with an attorney to advise them if the *Certificate of Trust* complies with AS 13.36.079, or assist them in preparing a *Certificate of Trust*.]

KPB 5.35.107(E): Signature withdrawal. A signature on a petition may be withdrawn only by written notice from the signer submitted to the assessing department prior to the final filing of the petition signatures by the sponsor. A withdrawal is effective only if notice of the withdrawal is submitted before the filing of the completed petition.

PETITION REPORT
WHALE OF A TAIL AVENUE
UTILITY SPECIAL ASSESSMENT DISTRICT (USAD)

In accordance with KPB Code Chapter 5.35, a petition application has been submitted for formation of a utility special assessment district in the community of Sterling. Known as the Whale of a Tail Avenue Utility Special Assessment District (hereinafter "USAD"), the proposed main line route including that portion of Adkins Road Whale of a Tail Avenue, and Outback Street. The project would benefit 41 parcels.

The project proposes to install a natural gas line of approximately 8,120 lineal feet of 2-inch pipe. The total project cost for a 2023 construction is estimated at **\$249,000.38**, which includes Enstar's 2023 standard construction cost of \$235,093.00 (based on \$28.74 per lineal foot), and \$5,038.00 for Enstar's Non-Standard costs, plus the Kenai Peninsula Borough administrative cost of \$8,869.38. The allocated cost per-parcel is estimated to be **\$6,073.18** for each of the 41 benefited parcels. If the project is approved by the assembly by June 15, 2023, Enstar will attempt to construct the project in 2023. If the project is delayed beyond that date, another engineering estimate will be required with updated construction costs for the proposed year of construction.

This Petition Report is supported by the attached exhibits:

- 1) **Petition Information Sheet** describes the proposed improvement, including the total estimated project cost, and the estimated cost per parcel; provides a statement notifying the property owners to contact the applicable utility for any additional costs that may be required to utilize the improvement; provides notification that any costs to connect individual parcels to the main improvement are not included in the assessment; and contains notice of restrictions and requirements regarding the withdrawal of signatures on a petition; and important information about the petition process and payment options;
- 2) **Enstar's commitment letter** to support the 2023 construction of the extension and a written estimate of the total cost of construction, dated August 15, 2022. If the assembly approves the resolution to form the district and proceed with the improvement on or before June 15, 2023, Enstar will construct the project in 2023; however, if the project is delayed and is constructed in 2024, the rate will increase to an undetermined 2024 construction rate;
- 3) **a map** of the proposed USAD district and boundaries;
- 4) **estimate assessment roll** contains a spreadsheet listing the total estimated cost of the improvement, the name of the record owner of each parcel, tax parcel number, legal description, assessed valuation, the estimate of the amount to be assessed to each parcel, whether there are other special assessment liens against any of the parcels in the proposed district, and a description of any parcels that violate the restrictions listed in KPB 5.35.0740(C) or (D); and
- 5) **memo from the Finance Director** stating the method of financing, interest rate to be paid, and setting forth the number and frequency of payments.

**UTILITY SPECIAL ASSESSMENT DISTRICT
PETITION INFORMATION SHEET
WHALE OF A TAIL AVENUE – USAD**

In accordance with KPB Code Chapter 5.35, a petition application has been submitted for formation of a utility special assessment district in the community of Sterling. Known as the Whale of a Tail Avenue Utility Special Assessment District (hereinafter “USAD”), the proposed main line route including that portion of Adkins Road Whale of a Tail Avenue, and Outback Street, see PR Exhibit 3, District Map. There are a total of 41 parcels within this district (see Excluded Parcels, page 2, and Kenai Peninsula Borough owned parcels, page 3).

The project proposes to install a natural gas line of approximately 8,120 lineal feet of 2-inch pipe. The total project cost for a 2023 construction is estimated at **\$249,000.38**, which includes Enstar’s 2023 standard construction cost of \$235,093.00 (based on \$28.74 per lineal foot), and \$5,038.00 for Enstar’s Non-Standard costs, plus the Kenai Peninsula Borough administrative cost of \$8,869.38. The allocated cost per-parcel is estimated to be **\$6,073.18** for each of the 41 benefited parcels. If the project is approved by the assembly by June 15, 2023, Enstar will attempt to construct the project in 2023. If the project is delayed beyond that date, another engineering estimate will be required with updated construction costs for the proposed year of construction. See PR Exhibit #2, Enstar’s commitment letter and written estimate.

With regard to each benefited parcel, PR Exhibit #4 (the *Estimate Assessment Roll*) contains the tax parcel number, name of record owner, legal description, assessed value, estimated amount of special assessment, the existence of other special assessment liens (if any), and any violations of KPB 5.35.070.

The sponsor of this petition is:

Savaty Reutov	PO Box 826, Sterling AK 99672	(907) 252-5380	SavatyReutov@Yahoo.com
----------------------	-------------------------------	----------------	------------------------

What costs are covered: This estimated assessment will only cover the cost to install the extension of the utility’s main line of services. Property owners will need to contact the utility company for any additional costs associated with the service connection from the utility’s main line to their private structures or facilities on the benefited parcels. Private hookups, service connections, and/or conversion costs are NOT included in the assessment. Enstar Natural Gas Company is located at 36225 Kenai Spur Hwy, Soldotna, AK 99669; or by phone at 907-262-9334, or online at www.enstarnaturalgas.com.

Assessment lien: If the project is approved and constructed, and once the actual cost of the public improvement has been ascertained, the assembly will assess the parcels of property directly benefited by the improvement on a per-parcel basis by equal allocation of the total cost. This cost will be assessed in the form of a lien on the benefited parcel. In no case may a property be assessed (lien) an amount in excess of 50% of the current fair market value (assessed value) of the property. Within this proposed district there are zero parcels that exceeds the 50% assessment-to-value limitation, and no prepayment of the assessments will be required (a partial payment of the *allocated cost*).

Payment options: The cost assessed can be paid in full, or in 10 annual installments with interest to accrue on the unpaid amount of the assessment. The assessment may be paid at any time prior to the 10 year period without penalty. Interest will be added to any assessments not paid within 30 days of the Notice of Assessment. The interest rate charged is the *prime rate* plus 2% as of the date the ordinance confirming the assessment roll is enacted by the assembly. The penalty for delinquent installment and assessment payments is the same as the penalty for delinquent real property taxes in effect on the date of the delinquency. The lien will remain on the parcel until the debt has been paid in full.

Deferral of payment of principle: Property owners who meet the income and residency requirements established by KPB 5.35.155, may be eligible for a deferral of payment of principal. Deferral is for the *principle* balance only; accrued interest must be paid by the due date each year. Deferment will only apply to benefited property *owned and occupied as the primary residence and permanent place of abode* of the qualifying applicant. Per KPB 5.35.155(F), *"the deferred assessment, including all unpaid accrued interest, becomes due and payable in full when the property ceases to be owned or occupied by the resident who qualified for the deferral. Any remaining balance due shall be paid on the same schedule as would have been in place if no deferral had applied."* Interested property owners should contact the KPB Finance Department for complete details, including income qualifiers, all restrictions and requirements, and to obtain an annual application.

Legal description of parcels: Pursuant to KPB 5.35.070(B), the legal description of the parcels subject to the special assessment within this proposed district was established on October 17, 2022, the date of the mayor's approval of the petition report. Any action to replat parcels within the proposed district must have been completed and recorded before the date the mayor approved the petition report. No further subdivision, reversion of acreage, or lot line adjustment will be recognized for USAD assessment purposes.

Currently, no parcels within the boundary of this proposed district are in the process of subdividing.

Excluded Parcels: Pursuant to KPB 5.35.105(B), the mayor shall exclude from the proposed district any real property, or any interest in real property, that is not directly benefited by the improvement. If a property owner claims the physical characteristics of his or her property make it legally impermissible, physically impossible, or financially infeasible to develop or improve it in a manner that would enable the property to benefit from the proposed improvement, the property owner has the burden of demonstrating that the property cannot be developed or improved. One factor that may allow a parcel to be excluded from the district (but is not limited to) may be plat restrictions on development (legally impermissible).

Per KPB 5.35.107(C)(7), when a parcel is excluded from the district by the mayor under KPB 5.35.105(B) or by law, the total number of parcels within the district, for the purpose of calculating the signature thresholds, shall be reduced by the number of excluded parcels within the proposed district. Additionally, per KPB 5.35.110(E)(4), parcels within the boundaries which are excluded from the district, will not receive the benefit of the improvement and will not be subject to the assessment.

Within this proposed district, there is one property owner objecting to their parcel's inclusion in the proposed district:

ALASKA MENTAL HEALTH TRUST AUTHORITY (TLO)

PIN 065-072-05, 39120 Adkins Road, 10-acres

Exclusion request based on *legally impermissible to develop or improve due to two (2) encumbrances:*

- 1) A 30-year, 100' utility easement (recorded KN 2020-011421-0, November 19, 2020) for a high voltage electric transmission line. Encumbers the southern boundary of the parcel in question, approximately 1.6 acres. See Exhibit A, pages 7-18, and page 22 of the Exclusion Request.
- 2) ADL 206934 (as of April 1981), a land management agreement between Department of Natural Resources and the Department of Transportation and Public Facilities (DOT) to use the land for a communications microwave repeater tower. The agreement ended on April 2021, however, the DOT and TLO have been negotiating the land license that would mirror the April 1981 agreement, and use the same footprint pursuant to DOT's communications tower. TLO anticipates a new land authorization agreement will be issued to DOT in the next three to six months. See Exhibit B, pages 19-21, and page 22, of the Exclusion Request.

On October 17, 2022, the mayor determined the above noted parcel will directly benefit from the improvement. Therefore, the number of parcels within this district for petition signature percentages will remain at 41 parcels.

Petition requirements: This petition proposes to assess all of the benefited parcels. In order to qualify, the petition must have the signatures of: **(a)** owners of record of at least 60% of the total number of parcels subject to assessment within the proposed USAD; *and* **(b)** the owners of at least 60% in value of the property to be benefited. Approval of the project is signified by property owners in the district properly signing and dating the petition signature page. Failure to secure enough signatures to meet these thresholds will cause the petition to fail.

Petition signature requirements: An owner's signature represents a **vote in favor** of the project. All signatures must be in ink and dated. The completed Petition Signature Page must be returned to the USAD sponsor timely. For parcels with joint ownership *each owner of record must sign and date the petition*. If the joint owner is deceased a copy of the death certificate must be provided. For all signature requirements established by KPB 5.35.107(C), see page 2 of the Petition Signature Page. Please note, for properties owned by business entities (e.g., *corporations, limited liability corporations, etc.*), and properties held by *trusts*, additional signature authorization documentation will be required which must be included with the signed Petition Signature Page in order to be considered for signature percentages thresholds.

Kenai Peninsula Borough owned property (2 parcels): Pursuant to KPB 5.35.107(C)(6), the mayor shall be the designee for signing any petition when borough land is part of the proposed district. When the mayor abstains from participating in the petition signature process, the total number of parcels within the district, for the purpose of calculating the signature thresholds, shall be reduced by the number of parcels owned by the borough within the proposed district.

Within this proposed district, there are two (2) benefited parcels which are currently owned by the Kenai Peninsula Borough.

- PIN 065-072-01, 39430 Adkins Road, T 5N R 8W SEC 1 SEWARD MERIDIAN KN NW1/4 SW1/4
- PIN 065-072-04, 39170 Adkins Road, T 5N R 8W SEC 1 SEWARD MERIDIAN KN E1/2 SW1/4 SW1/4 & NW1/4 SW1/4 SW1/4

On October 17, 2022, the mayor determined the administration will abstain from participating in the petition signature process. Therefore, the number of parcels within this district for signature percentages has been reduced from 41 parcels to 39 parcels. However, these parcels will be subject to an equal allocated cost per parcel, and will receive the benefit of the improvement.

Signature withdrawal: A signature on a petition may be withdrawn only by written notice from the signer submitted to the assessing department *prior* to the final filing of the completed petition signature pages by the sponsor. *A withdrawal is effective only if notice of the withdrawal is submitted to the assessing department before the completed petition is filed.* This restriction does not preclude the property owner(s) from filing an objection to the necessity of formation of the district as provided in KPB 5.35.110(D).

A **Petition Signature Page** will be provided to the benefited property owners with the final petition. Only the Petition Signature Page will need to be returned to the district sponsor (*including any required signature authorization documentation, see above*). The district sponsor will be responsible for collecting the signed petitions signature pages and for submitting the completed petition to the Borough. The Borough will accept the original or an electronic copy of the signed petition signature pages (scanned or copied).

Deadline for signatures:

Property owners must contact the **USAD Sponsor** regarding the deadline to return the signed petition signature pages & any required signature authorization documentation, to the sponsor for final collection.

Pursuant to KPB 5.35.107(B), the sponsor will be responsible to file the completed petition signature pages to the assessing department within 45 days of the date on which the assessing department distributes the petition to the sponsor for distribution to property owners. The 45 day period begins as of date the sponsor receives the final petition from Assessing.

Certification of petition: Once the sponsor files the completed petition signature pages with the assessing department, the borough clerk shall determine whether the petition contains sufficient signatures as required. If the petition meets code requirements for percentage thresholds, the borough clerk shall certify the petition and submit the petition to the mayor for preparation of a resolution to form the district and proceed with the improvement.

Submit signed petition signature pages directly to the USAD sponsors:

Terms & Definitions:

Special Assessments: Authorized under AS 29.46, a funding method used to finance capital improvements that benefit specific (limited) property within a certain designated area (*special assessment districts*). Capital improvements may include roads improvements or the extension of the lines of service of those public utilities regulated by the Regulatory Commission of Alaska. Special assessments spread the cost of the improvement among all the properties that directly benefit from the improvement, with the idea is that it is easier for property owners to afford the benefits if they share the cost as a group rather than paying individually. Special assessments are a way for property owners and the municipality to work together to finance capital improvements that directly benefit the property owners.

Per KPB 5.35.19:

Benefit: an advantage gained from the improvement greater than that shared by the general public. Benefit may include, for example, increased property value and marketability, a special adaptability of the land, or a relief from some burden (e.g., lower energy costs).

Deferral of Payment: payment is postponed or suspended until a certain time or event, but is not forgiven.

Directly benefited: the property may hook up a private service line to the main service line without any further extension of the main line, based upon the utility's guideline.

District: an area composed of individual parcels of land that are connected to the public improvement for which the special assessment is to be levied.

Petition: the formal written request signed by record owners within the proposed boundaries to form the utility special assessment district. There are three stages of the petition:

Petition Report: the document created by the assessing department, for the mayor's review, which contains all pertinent information regarding the proposed district and special assessment project.

Final Petition: contains the petition report and all exhibits approved by the mayor, and a petition signature page with instructions. It is the final petition which is distributed by the sponsor to all owners of property within the proposed district.

Completed Petition: refers to all signed and dated petition signature pages collected by the sponsor, including any required signature authorization documentation. The sponsor is required to submit the completed petition to the assessing department prior to the end of the 45 day signature collection period, for review and certification.

RE: **Whale Of A Tail Avenue USAD**

Dear Ms. Payfer,

The Whale Of A Tail Avenue USAD engineering revision has been completed. The project would install 8,180 feet of gas main. ENSTAR's 2023 construction rate for 2-inch pipe is \$28.74 per foot at a total standard cost of \$235,093. This project will also require additional Non-Standard construction cost items. These items include a preparation of a SWIPP, and inspections as anticipated at a total Non-Standard cost of \$5,038. The total estimated ENSTAR cost for this project in 2023 is \$240,131.

This is a non-refundable project in which a Contribution in Aid of Construction (CIAC) agreement will be used. The cost of service lines to individual lots are not included in this estimate. Service lines are to be paid by individual property owner, as they desire service.

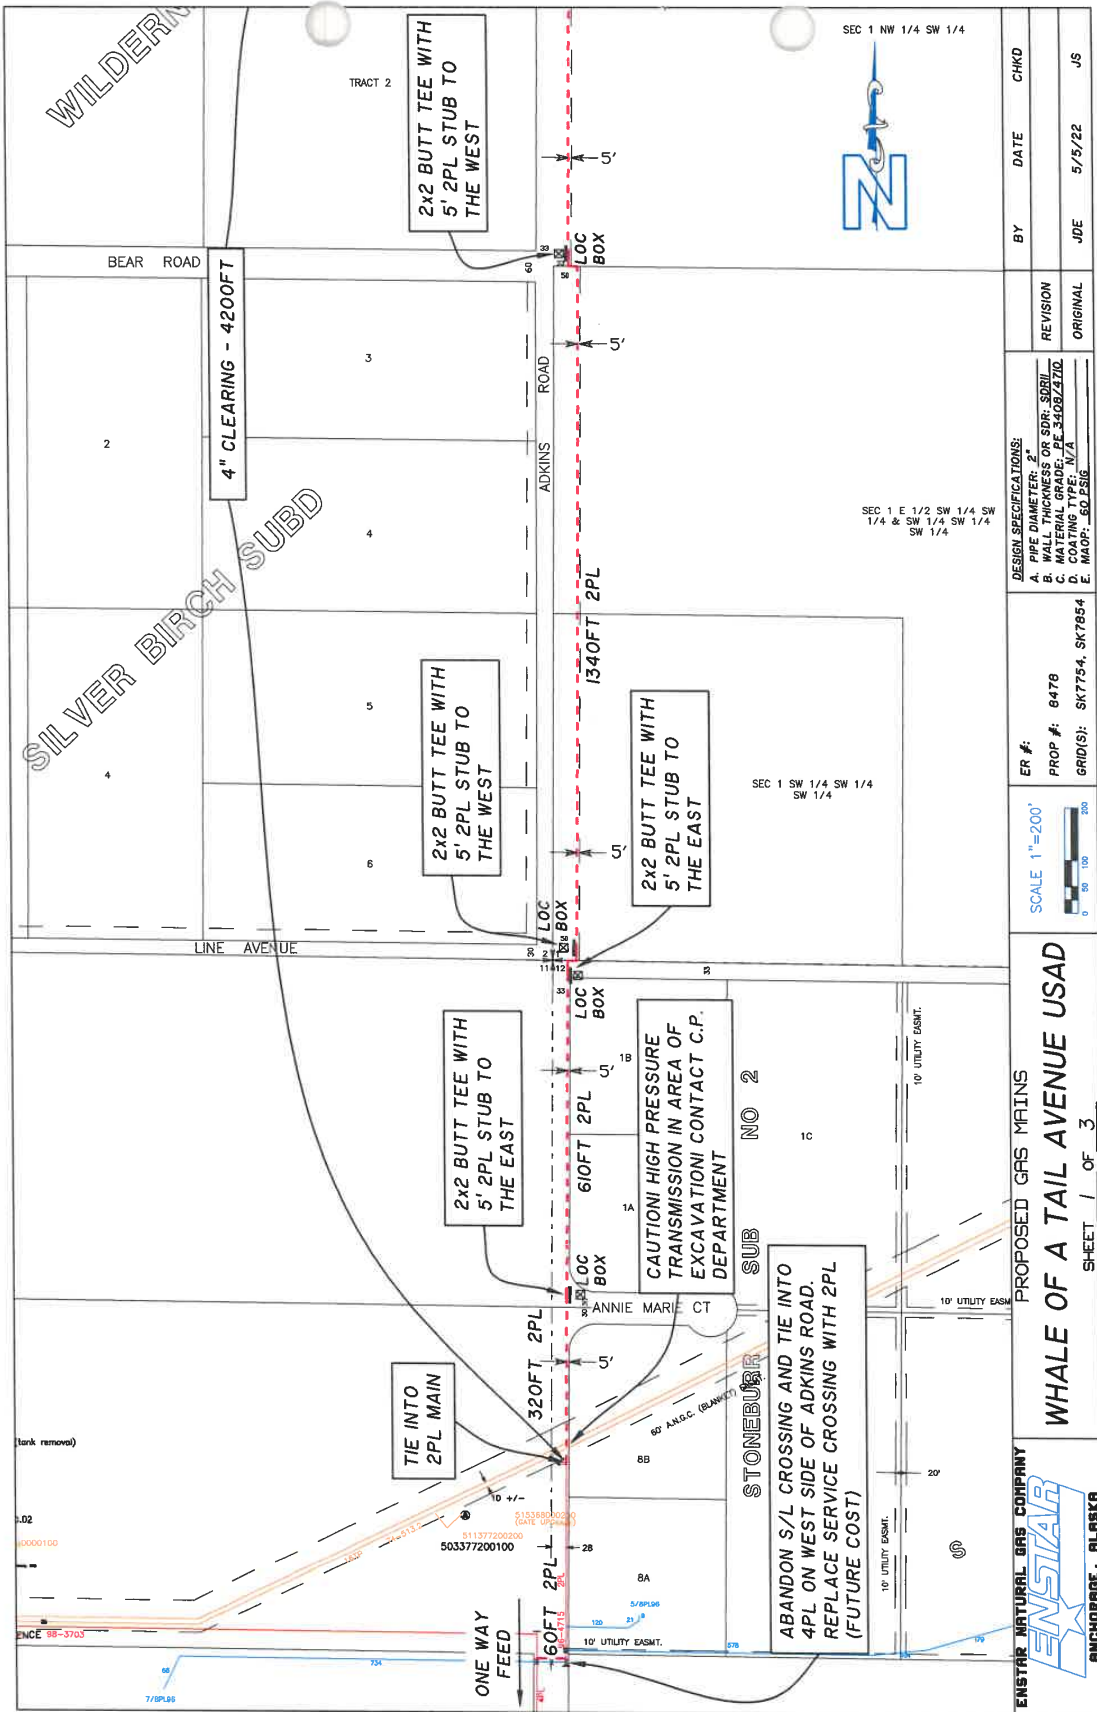

In the event the Whale Of A Tail USAD is approved by the Kenai Peninsula Borough on or before June 15th, 2023, ENSTAR will construct the project in 2023. If the project is delayed and is constructed in 2024, the rate will change to the 2024 construction rate.

Best Regards,

David Bell
Director of Business Development

RE: Whale of a Tail Utility Special Assessment District (USAD) Financing

The Borough plans to provide the funds necessary to finance the Whale of a Tail USAD from internal sources. KPB 5.10.040 allows the investment of borough monies in special assessment districts that are authorized under KPB 14.31. The total of such investments is limited to not more than \$5,000,000 at the end of any fiscal year. As of September 2, 2022, the borough has \$571,585 invested in special assessment districts; South Bend Bluff Estates RIAD and Lookout Dr. USAD are pending billing for \$464,061, and Forrest Park Addition USAD is pending approval for \$130,595. If Whale of a Tail USAD is approved, the \$249,000 projected will increase the total special assessment district investment to approximately \$1,415,241.

The owners of property located within the USAD will be required to make principal and interest payments each year for a ten-year period to retire the indebtedness to the borough. The rate of interest will be equal to the prime rate (currently 5.5%) plus 2% or 7.5%. Property owners can avoid or reduce the interest charge by making accelerated payments on the principal. Penalties will not be imposed for accelerated payments. The assessment constitutes a lien on each parcel within the district.

Dear Mayor,
I am writing to comment on the petition report regarding the Utility Special Assessment for the Whale-of-a-Tale Avenue USAD.

I own the property stoneburr subdivision lot 1A. It is the very closest lot to the current existing natural gas distribution main. The current service is less than 200 feet from my driveway. It is completely unfair to expect me to help pay for a mile and a half of underground work for everyone else down the road. I would consider paying a pro-rated proportion of the entire length, but the proposed assessment is unfair to me. We are completely happy with our current propane utilities. The natural gas installation as it is currently proposed would prove to be too costly and would place an undue financial burden on us. We don't want it at this current time.

Thank you!
Gary Gottfredson

Request for Parcel PIN# 06507205 to be excluded from the proposed Whale-of-a-Tale Avenue Utility Special Assessment District

On September 6, 2022, the Alaska Mental Health Trust Authority - Trust Land Office (TLO) received the Kenai Peninsula Borough Assessing Department's "Notice of Proposed Utility Special Assessment District Whale-of-a-Tale Avenue USAD." The notice states that the Kenai Peninsula Borough proposes to install a natural gas distribution line near Annie Marie Court, down Adkins Road, and then providing natural gas to a portion of Whale of a Tail Avenue and Outback Street ("proposed utility assessment district").

The Kenai Peninsula Borough (KPB) has included Parcel PIN# 06507205 in its proposed utility special assessment district. The Alaska Mental Health Trust Authority (AMHTA) owns Parcel PIN #06507205. AMHTA's Parcel PIN# 06507205 (AMHTA's Parcel) is legally described as:

T. 005 N., R. 008 W., SEWARD MERIDIAN, ALASKA,
SECTION 1: SW1/4SW1/4; CONTAINING 10.00
ACRES, MORE OR LESS, ACCORDING TO THE SURVEY
PLAT ACCEPTED BY THE UNITED STATES
DEPARTMENT OF THE INTERIOR, GENERAL LAND
OFFICE IN WASHINGTON, D.C. ON JUNE 24, 1943.

AMHTA's parcel totals 10 acres and is located on the corner of Adkins Road and Line Avenue. KPB's map of the proposed district, attached to its September 6, 2022 notice, identifies AMHTA's parcel as an "unimproved benefited parcel."

Pursuant to state law, the TLO manages lands owned by AMHTA.¹ Therefore, in its capacity as AMHTA's land manager, the TLO requests Parcel PIN# 06507205 be excluded from KPB's proposed utility special assessment district.

Regarding a request to exclude a parcel from a proposed district, KPB 5.35.105(B) states

The mayor shall exclude from the proposed district any real property, or any interest in real property, that is not directly benefited by the improvement. If a property owner claims the physical characteristics of his or her property make it legally impermissible, physically impossible, or financially infeasible to develop or improve it in a manner that would enable the property owner to benefit from the proposed improvement, the property owner has the burden of demonstrating that the property cannot be developed or improved.

- 1. Factors that may allow a parcel to be excluded from the district include, but are not limited to, the utility

¹ AS 38.05.801.

company's inability to provide service to the parcel via main line, and plat restrictions on development.

2. For the purposes of this section, "financially infeasible" means the cost to develop the property would exceed the increase in value due to development.

Therefore, under this rule the TLO has the burden of showing that the proposed special assessment district that would provide natural gas to Parcel PIN # 06507205 would not benefit AMHTA because there are encumbrances on that parcel that prevent the type of development that would benefit from natural gas.

AMHTA's parcel is encumbered in two ways. These encumbrances, individually and taken together, establish that AMHTA's parcel cannot be developed in any way that would utilize and benefit from the proposed district providing natural gas.

First, the land is encumbered by a 100' wide easement for an electric transmission line. On December 9, 2020, the TLO granted Alaska Energy Authority a thirty-year easement for a high voltage electric transmission line and associated equipment ("electric transmission line"). The easement is serialized as MHT 92/00762.² The easement totals 1.6 acres. The easement runs along the parcel's southern boundary, as shown on page 11 of Exhibit A.

Second, in April 1981, the Department of Natural Resources entered an Interagency Land Management Agreement (ILMA) with the State of Alaska Department of Transportation and Public Facilities (DOT) authorizing DOT to use the land for a communications microwave repeater tower ("communications tower"). The ILMA is serialized as ADL 206934.³ Page 11 of Exhibit A provides an aerial photograph of the parcel with the communications tower, revealing the significant improvements and scope of those improvements on this parcel for the communications tower. The ILMA ended on April 30, 2021. DOT and TLO have been negotiating a land license that would mirror the April 1981 ILMA, thus the same use and footprint pursuant to DOT's communications tower. TLO anticipates a new land use authorization will be issued to DOT in the next three to six months.

The electric transmission line and the communications tower do not need natural gas to operate. Therefore, the current uses would not be improved or benefit from the proposed district.

Further, when TLO finalizes its agreement with DOT to allow the continued operation of the communications tower, there will be two long-term encumbrances of the parcel that prevent the TLO from developing or improving this parcel for any other use

² Attached as Exhibit A.

³ Attached as Exhibit B.

that could benefit from the proposed natural gas distribution line. Further, the electric transmission line and the communications tower encumber the land from future development; thus, preventing the TLO from undertaking the type of land development that would utilize and thus benefit from natural gas. Further, given the nature of the electric transmission line and the communications tower, these uses will continue for all practical purposes into perpetuity. The electric transmission line easement ends in 2050, and ostensibly given the use of that line, the easement will be renewed. The communications tower's last land use authorization was for thirty years, and it would seem reasonable that TLO's next agreement with DOT will equal that prior ILMA's length of thirty years.

To be clear, due to these two agreements, all 10 acres of AMHTA's land is encumbered. The TLO could not, for example, subdivide the parcel, wherein some portion of the land could be developed in a manner that would utilize natural gas.

Lastly, pursuant to KPB 5.35.105(B), the TLO has met its burden of proof with this filing. Exhibits A and B, cited above and attached to this document, sufficiently meet the TLO's burden to demonstrate "that the property cannot be improved" pursuant to KPB 5.35.105(B). The easement and uses of the parcel for a communications tower site prevents this parcel from future development as to the inquiry under KPB 5.35.105.

For the reasons provided above, the TLO requests the KPB mayor exclude Parcel PIN# 06507205 from its proposed utility assessment district.

UTILITY EASEMENT
Alaska Energy Authority - Sterling Transmission Line

Record this document in the
Kent Recording District
MHT: 9200762
Parcel: SM-0494-A

THIS UTILITY EASEMENT ("Easement") is made effective as of December 9, 2020, and granted by and among THE ALASKA MENTAL HEALTH TRUST AUTHORITY ("Trust Authority"), a public corporation within the Alaska Department of Revenue (AS 37.05.010), and through its Trust Land Office, Alaska Department of Natural Resources, Trust Land Office ("Trust Land Office"), 521 North Cordova Street, Suite 201, Anchorage, AK 99503, collectively referred to as "Grantor" whose address is 2600 Cordova Street, Suite 201, Anchorage, AK 99503, and ALASKA ENERGY AUTHORITY ("Grantee") whose address is 813 W. Northern Lights Boulevard, Anchorage, AK 99503.

In consideration of the cash payment given by Grantee to the Grantor, and other performance to be specified in the separate Utility Easement Agreement between the Alaska Mental Health Trust ("Trust") that the Easement be granted to Grantee, and Grantee desires to own and use the Easement for the purposes and on the terms and conditions hereafter set out.

AGREEMENT

NOW THEREFORE, the Parties mutually covenant and agree as follows:

1. GRANT. The Grantor hereby grants Grantee a Non-Exclusive Term Utility Easement, as depicted on Schedule 1, without warranty, over the following described tract of land (the "Property") in MH Parcel SM-0494-A:

A strip of land 100 feet in width and approximately 680 feet in length across the southernmost portion of SW 1/4 SW 1/4 of Section 1, in Township 3 North, Range 8 West, Seward Meridian, containing approximately 1.0 acres, more or less, for the limited uses and purposes as described in Paragraph 4 of this Easement.

Form No. LG 3.1

2. TERM

a. This Easement shall automatically expire at 11:59pm on the 8th day of December, 2050 unless it is extended by written notice provided in this Easement. This Easement shall be extended for additional 30-year periods upon written notice and request for extension given by Grantee to Grantor and written acceptance made by the Grantor. Unless otherwise specified in the written acceptance made by the Grantor, all of the provisions of this Easement shall apply during the extension periods. The Grantor within its sole discretion may accept or reject Grantee's request for an extension. If the Grantor fails to give written notice of its acceptance of Grantee's request for an extension prior to the date this Easement would otherwise expire, then this Easement shall terminate on that date.

3. CONSIDERATION & PAYMENT METHOD

a. Grantee shall pay an annual payment to the Grantor in the amount of \$1,250.00. The Grantor agrees that any changes in the terms of this Easement may require a reconsideration of fees and Grantee agrees to pay such consideration as required by the Grantor.

b. In the case of extensions, payments may be adjusted within the sole discretion of the Grantor. Grantee agrees to adjust the payments as to any extension. It shall provide a schedule of payments for the extension. If the Grantor does not accept the schedule of the requested extension, Grantee shall then have 30 days to notice its acceptance of the adjustment or give written notice of its withdrawal of its request for an extension. If Grantee withdraws, then this Easement shall terminate on the date it otherwise would have, had no extension been sought or granted. If Grantee does not withdraw, then this Easement shall be extended for the additional term as set forth in this Easement and payments shall be made at the adjusted rate.

c. All payments to the Trust Land Office, shall reference this Easement with MHT 9200762 and must be tendered to the Grantor at:
Alaska Mental Health Trust Land Office
2600 Cordova Street, Suite 201
Anchorage, Alaska 99503

d. or to any depository designated by the Grantor with at least 60-day notice to the Grantee.

e. If the Grantor's (or depository's) office is not open for business, the time for payment is extended to include the next day on which that office is open for business.

f. Payment of the annual payment shall be made by calling Financial Services, Department of Natural Resources at (907) 269-8684.

4. PERMITTED USES.

a. During the term hereof Grantee shall only use the Property for the following uses and purposes:

- Installation, use, maintenance, repair, replacement, and clearing to include necessary danger trees outside of the Property, of electrical transmission lines and
- b. Grantee is responsible for obtaining, at its sole expense, all necessary authorizations, permits and/or permission from other property owners and third Parties to conduct its activity and for compliance with restrictions and requirements regarding operations that are contained in this Easement.
- The Grantor reserves the right to allow other uses of the Property at its sole discretion. Existing or future authorized uses of the lands subject to this Easement will not be unreasonably interfered with by Grantee.

Grantee shall properly locate all activities and improvements within the Property. For activities and improvements not made part of this Easement, the Grantee shall obtain prior written approval of the Grantor.

5. **ASSIGNMENT.** This Easement or an interest herein may not be assigned or otherwise transferred by Grantee except upon the prior written approval of the Grantor. The Grantor, or its designee, shall have the right to assign or otherwise transfer the Easement to the Minister of Land and Natural Resources, State of Alaska, or their designee, on a form designated by the Executive Director. Any unauthorized attempt to assign or otherwise transfer any of Grantee's interest under this Easement is void and of no force or effect whatsoever. Unless expressly provided otherwise in the Easement or other Grantor documentation, the assignment or transfer of an interest does not relieve the Grantee of any obligations or liability under this Easement. Grantee will fully disclose all terms and conditions associated with its proposed assignment or transfer to the Grantor, and that the Grantor will not be held liable for any portion of this Easement or to receiving a reasonable portion of the monetary benefits associated with the proposed assignment or transfer.

6. **RECORDS & REPORTING.** Throughout the term of this Easement and for at least three years following termination, Grantee shall keep and retain in its possession books, reports and records (collectively referred to as "Records") concerning the operations and activity conducted under this Easement or on lands subject to this Easement. Grantee shall permit the Grantor to examine the Records at all reasonable times. As to all such Records, the Grantee shall use consistently applied generally accepted accounting procedures when applicable.

7. **FAILURE OF TITLE.** Grantor makes no warranty, express or implied, and has not assumed and expressly disclaims any liability whatsoever, regarding the Property, including without limitation, the soil conditions, water drainage, access, natural or artificial hazards that may exist, or the merchantability, profitability, or fitness for any particular purpose. Grantor authorizes use of the Property without any warranty of habitability.

8. **ENVIRONMENTAL/HAZARDOUS MATERIALS.**
- a. The Grantee shall, at the Grantee's own expense, comply with all existing and hereafter promulgated federal, state and local laws, rules, regulations, orders, decrees, judgments, and orders of any governmental authority having jurisdiction over the Property, and shall be responsible for the cost of compliance with all such laws, rules, regulations, orders, decrees, judgments, and orders of any governmental authority (the "Authority") under the Environmental Laws.
- b. As used in this Easement, the term "Hazardous Materials" means any hazardous or toxic substance, material, or waste that is or becomes regulated by any municipal governmental authority, the State of Alaska, or the United States government.
- c. The Grantee agrees that it will not discharge or dispose of or suffer the discharge or disposal of any petroleum products, gasoline, hazardous elements, or hazardous materials, or any other substance, material, or waste, or any body of water. If the presence of any Hazardous Material caused or permitted by Grantee results in any contamination of the lands and resources subject to this Easement, Grantee shall promptly take all actions at its sole expense as are necessary to return the lands and resources subject to this Easement to the condition existing prior to the introduction of any such Hazardous Material in a manner consistent with applicable law, and to the satisfaction of any governmental agency having jurisdiction over the matter.

9. **PERFORMANCE BOND/GUARANTEE.** In order to secure its performance hereunder and to secure return of the Property in good condition, Grantee shall furnish a performance bond, in an amount as set forth on Schedule 2 and shall maintain such performance bond during the term hereof. Grantee may be required to furnish an additional performance guarantee where a greater amount is justified by a change in the use and degree of risk involved in the types of operations being or proposed to be carried out under this Easement. Grantee may, with the Grantor's prior written approval, furnish and maintain a statewide performance bond, in accordance with any applicable regulations that will satisfy the requirements of this Easement.

10. **INSURANCE.** The Grantee is a state corporation and, as such, is self-insured.

11. **NOTICES.** Any notices required under this Easement shall be deemed delivered upon receipt if personally delivered in writing, upon confirmation of successful transmission if sent by email, or upon the date of mailing if sent by registered mail. Notices shall be addressed as set forth in this Easement if mailed. Either Party may change its notice address by effective written notice given to the other Party.

12. **RELOCATION.** The Grantor reserves the right to re-locate any portion of this Easement that affects Trust land, if in the sole judgment of the Grantor, doing so would benefit the Trust. Any such relocation shall be at the expense of the Grantor.

13. **NO EXPANSION.** Grantee shall not in any way expand or increase the extent to which the easement affects the Property.

14. **VALID EXISTING RIGHTS.** The Grantee's use of the Property shall not interfere with valid existing rights, if any, that exist upon the Effective Date of this Easement, without prior written approval from the Party holding those rights.

15. **MISCELLANEOUS.**

a. **Authorized Representatives.** The Executive Director of the Trust Land Office, and the Executive Director of the State of Alaska, are authorized to execute this Easement on behalf of the Grantee. Signatures of the individual or their respective principals for the purposes of signing this Easement. Such persons shall also be the authorized representatives of their respective principals for the purposes of administering this Easement, unless otherwise provided in this Easement. Grantor or the Grantee may change the authorized representative or the address to which notices to that representative are to be sent by a written notice given in accordance with the notice provision of this Easement. The Grantee shall also designate by name, job title, and address the person to be present in the State during the term of this Easement.

b. **Liability/Indemnification.**
i. The Grantee is a state corporation. The Grantee's contractors shall defend, indemnify, and hold harmless the Grantor, and their respective officers, directors, employees, agents, successors, and assigns from any claim, including claims for loss or damage to Parcel or injury to any person or release or discharge of any hazardous substance arising from or in connection with any act or omission committed under this

Easement by or on behalf of the Grantee, except for damage or injury caused by the sole gross negligence or willful misconduct of the Grantor.

c. **Reserved Rights.** Grantor reserves for itself and others all rights not expressly granted to Grantee. These reserved rights include the following, at a minimum:

- i. the right to allow concurrent users;
- ii. the right to explore for, remove, and dispose of all resources from the Property;
- iii. the right to establish or grant easements and rights-of-way upon, in, across, or through the Property for any lawful purpose, including roads, railroads, well sites, pipelines, utility lines and drill holes necessary or convenient for the working of the Property for all resources; or necessary or convenient for access to other land for any useful purpose; and
- iv. the right to manage and to convey to third Parties by grant, lease, permit, or otherwise, any and all interests in the Property other than those granted by this Easement, provided that any such conveyance to a third Party shall be made subject to Grantee's rights under this Easement.

The rights reserved pursuant to this provision shall not be exercised in any manner that unreasonably interferes with Grantee's rights or operations under this Easement. Grantor shall provide Grantee with prior written notice of Grantor's intent to exercise any such reserved rights. Grantor and Grantee shall work cooperatively to identify potential conflicts and Grantor shall require, as a condition to the exercise by any permittee, lessee, or grantee of Grantor of any of Grantor's reserved rights, such terms as appear necessary to avoid unreasonable interference with Grantee's enjoyment of this Easement or endangerment of Grantee's operations. If at any time the exercise of any of Grantor's reserved rights must cease or a change must be made in the manner or place of such exercise in order to avoid unreasonable interference with Grantee's enjoyment of this Easement or endangerment of Grantee's operations, such cessation or change shall occur at no cost to Grantee.

d. **Trust Land Office.** The TLO is executing this Easement as agent for the Alaska Mental Health Trust Authority, a public corporation within the Alaska Department of Revenue under AS 47.30.011 et seq., as established by Chapter 66, Session Laws of Alaska, 1991, in order to implement the State's obligation as trustee of the trust established by the Alaska Mental Health Enabling Act of 1956, (P.L. 84-836, 70 Stat. 709), in accordance with State v. Weiss, 706 P.2d 681 (Alaska 1985). Neither the TLO nor the Trust Authority undertake any responsibility to act as a regulator as to this Easement, or as to any operations of Grantee. Grantee is solely responsible to conduct itself in all respects in conformance with the regulations of the state and federal regulatory authorities having jurisdiction over Grantee and its activities under this Easement.

- e. **Parties.**
i. References to Grantee and Grantor shall include their respective agents, employees and subcontractors.
ii. Nothing in this Easement shall be construed to make the Grantor an agent, partner or joint venturer with Grantee.

f. **Minimum Necessary.** Grantee shall conduct all activities under this Easement in such a manner as to ensure the least practicable harm to the Property and land adjacent to the Property. Grantee shall immediately cease and/or eliminate any condition existing or occurring as a result of granted activities, which may cause harm or damage to any person, structure, property, land, stream or wildlife.

g. **Compliance.** This Easement is subject to all applicable local, state and federal statutes and regulations in effect on the Effective Date of this Easement and to all such statutes and regulations that may become effective on or after the Effective Date, except those inconsistent with the trust principals imposed on the state by the Alaska Mental Health Enabling Act of 1956, P.L. 84-830, 70 Stat. 709. See AS 38.05.801. A reference to a statute or regulation in this Easement includes any subsequent change in that statute or regulation whether by amendment, repeal or replacement and any successor statute or regulation. All references to specific governmental agencies made herein include any successor agency or different agency that may assume the duties or jurisdiction of the referenced agency. In case of conflicting provisions, the applicable statutes, regulations and ordinances take precedence over this Easement. This Easement shall not be construed as a grant or recognition of authority for promulgation or adoption of municipal ordinances that are not otherwise authorized.

h. **Exclusive Jurisdiction & Venue.** In any legal action arising out of or related to this Easement, the Parties agree that the laws of the State of Alaska shall apply and the Easement shall be construed under Alaska law. The Parties also agree that jurisdiction and venue of such action shall lie exclusively with the courts for the Third Judicial District for the State of Alaska, at Anchorage, Alaska, and consent to personal jurisdiction in such courts.

i. **Authority & Interpretation.** This Easement is made pursuant to AS 37.14.009(a)(2), AS 38.05.801 et seq, and 11 AAC 99 et seq. This Easement and the respective rights and obligations of the Parties hereunder shall be construed and interpreted as a contract under the laws of the State of Alaska, without regard to its conflict of laws principles. Specifically, all words and phrases used in this Easement are to be interpreted in conformance with AS 01.10.040. This Easement shall be interpreted so as to carry forward the intent of the Alaska Mental Health Act of 1956, P.L. 84-830 70 Stat. 709 and AS 38.05.801 et seq, and regulations promulgated thereunder with maximum force and effectiveness.

j. **Amendment/Modification.** This Easement may be modified or amended only by a document signed by both Parties hereto, which posulates the Effective Date, specifically states the terms of the modification or amendment, and refers to the MHT number written in the first page hereof.

k. **Waiver.** The receipt of compensation by Grantor, with or without knowledge of any defect on the part of the Grantee, is not a waiver of any provision of this Easement. No delay or omission by Grantor to exercise any right or pay for securing upon any noncompliance or default by Grantee with respect to any of the terms hereof shall impair any such right or power, or be construed to be a waiver thereof. Subject to the terms of

Easement Agreement

this paragraph, every such right and power may be exercised at any time during the continuance of such default. It is further agreed that a waiver by Grantor of any of the covenants and agreements hereof to be performed by the other shall not be construed to be a waiver of any succeeding or previous breach thereof or of any other covenants or agreements herein contained.

l. **Headings.** Paragraph headings are not part of this Easement, shall have no bearing on the interpretation of this Easement, and are inserted only for convenience.

m. **Severability.** If any clause or provision of this Easement is determined illegal, invalid, or unenforceable, in a final judicial proceeding by a court of competent jurisdiction, then the remainder of this Easement will not be affected, and the Easement shall be automatically reformed to carry out the intent of the Parties hereto without regard for such clause or provision.

n. **Counterparts.** This Easement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same agreement, notwithstanding the fact that all Parties are not signatories to the original or the same counterpart.

o. **Historic Sites.** No historic site, archaeological site, or camp, either active or abandoned, shall be disturbed in any manner, nor shall any item be removed therefrom. All activities which prohibit the appropriation, excavation, removal, injury or destruction of any historic, prehistoric, or archaeological resources of the State. If Grantee discovers any sites during the term of the Easement, Grantee shall promptly notify the State of Alaska Division of Parks and Outdoor Recreation, State Historic Preservation Office and Grantor.

p. **Entire Contract/Agreement.** All prior oral and written understandings are merged herein, and no provision hereof may be waived except in writing signed by the Party to be charged with such waiver. Any amendment to this Easement must be executed in writing by both Parties. This Easement shall not be construed more strongly against one Party than the other. All rights and obligations of the Parties hereunder shall bind and inure to the benefit of their respective successors and assigns.
