Dear Assembly Members,

It is appalling to see the Assembly once again attempting to bring tax increases to consideration for placing on the KPB ballot this year.

The saying "Insanity: doing the same thing over and over again and expecting different results." applies here.

All of you were elected to Honor and represent the will of the people. How many times must we vote for NO tax increase?

Disrespect of the voters and lack of a moral compass are the only 2 things that will be demonstrated if you chose to vote, to move these ill conceived ordinances 2017-29 & 2018-12 forward.

I respectfully submit that you vote NO on the ordinances, end the issue and carry on with KPB business.

Thank you,
Peter T. Zuyus
