Subject: RE: Response Requested - Additional Funds - AK KENAI 2016(1) Extend Kenai Spur Highway

Hello Ms. Kristin:

On behalf of Mayor Pierce, the borough concurs and would like to have the additional funds of \$521,569.64 added to the reimbursement agreement as needed to revise for award.

The additional funds will be presented to assembly by way of ordinance for approval and appropriation to the project account. The ordinance will authorize Mayor Pierce to sign the updated agreement and modification(s) as necessary. Thanks so much for your assistance Kristin.

Smiles, B

Subject: Response Requested - Additional Funds - AK KENAI 2016(1) Extend Kenai Spur Highway

Hi Brenda and Kevin- As previously discussed, we have the additional Earmark funds in hand (\$521,569.64). Please respond back with your concurrence that you would like WFL to add the additional funds to the Reimbursable Agreement so you can complete additional construction work on the Kenai Spur project. Our Acquisitions Section requires this concurrence for our records.

Thanks- Kristin
