Vision

ACC OFFERS:

Four Associate in Arts degrees in Behavioral Health, Christian Ministry, General Studies, and Para-professional Education. Soon to offer Vocational Technical classes in 2024-25

Life-changing education to prepare Alaska Native students towards a four year college degree, entering the workforce, or possibly returning to rural Alaska

ACC OFFERS:

A residential community with the highest enrollment of 104 students in 2020, pre-COVID

A personalized approach to education with intensive academic support available for our academically under-prepared students

What we are NOT:

NOT: A four year college, but an Associate of Arts degree granting institution, like a community college

NOT: An online college

NOT: A place where anyone can teach classes. All are taught by master's and doctoral degreed professors

NOT: A college only for Alaska Natives (still 90% annually). We invite all who wish to join us in this unique college experience

NOT: A cult at the end of Royal Place off of East Poppy Lane
