

Kenai Peninsula Borough

Purchasing and Contracting Department

MEMORANDUM

TO: Brent Johnson, Assembly President
Members, KPB Assembly

THRU: Peter A. Micciche, Mayor 

FROM: John Hedges, Purchasing and Contracting Director 

DATE: June 6, 2024

RE: Resolution 2024-027, Authorizing a Standardization Policy for the Use of Granicus, Inc. Platforms and Software Solutions (Mayor)

KPB Code allows for direct procurement pursuant to standardization policy approved by the Assembly. Granicus Inc., specializes in government platforms and software services such as records management, meeting management, boards and commissions platforms, civic and citizen engagement, transparency, and other communications services for the public sector.

KPB has been using various Granicus platforms and software products since 2014. It is appropriate to standardize the use of Granicus records and meeting management services when practical or consistent with established practices.

This Resolution will approve a standardization policy for Granicus, Inc. Unless extended by the Assembly, the policy will expire on July 1, 2029.

Your consideration is appreciated.
