SUBJECT: **LAYDOWN** Resolution 2024-015, Supporting Homer Electric Association's Grant Application to Rebuild South Kachemak Bay Electric Facilities (Cooper, Tupper, Johnson, Mayor)

Homer Electric Association, Inc. (HEA) is pursuing federal funding to assist with its project to rebuild South Kachemak Bay electric facilities. The existing South Kachemak Bay facility infrastructure has been in place since before the KPB's incorporation as a borough in 1964. The project will benefit the KPB through upgraded electric facilities and expansion of fiber optic capabilities.

This Resolution provides formal KPB support for the South Kachemak Bay electric facility rebuild and upgrade project, and requests the Mayor to execute a letter of support on behalf of KPB.
