What knowledge, experience, or expertise will you bring to this board? I moved to the KPB for my position with the State of Alaska Department of Public Safety. As a State Trooper, I see and work first-hand on a near daily basis with all of the entities in EPHESA. I believe that I bring with me an outside perspective on how these agencies are performing, have unique perspectives on how things could improve, and most importantly - have a common mission orientation to help serve the community we live and work in. I have been in law enforcement with the SOA for approximately 5.5 years, and prior to that worked solely in the non-profit sector in community outreach. During my time in my prior career, I had the opportunity to be on a Board of Directors, and then in a different position, had a Board of Directors that I worked with and reported too. I believe that my experiences across this wide array would allow me to help champion the needs of EPHESA and their efforts to serve our communities in the best way possible.
