Subject: Borough Funding FY17

Message:

As a member of the Kenai Peninsula College Council, I ask that you support continued funding for KPC for FY17 to the maximum amount available. The support of the Kenai Peninsula Borough has helped KPC succeed in service to Kenai Peninsula communities for the past 24 years. In these trying economic times, your continued support is crucial.

Thank you to the Borough Assembly for recognizing the important role KPC plays in the health and wellness of its residents by offering opportunities for education, training and life-long learning through accessible opportunities in a supportive environment.
