**STAFF REPORT**

**Specific Request / Scope of Subdivision:** The proposed plat will subdivide three tracts into seven tracts near 5.00 acres and one larger tract at 33.181 acres. The lots will be larger than 200,000 sq. ft. so a soils report is not required, and an engineer will not be required to sign the plat.

**Location and Legal Access (existing and proposed):**

Access to the subdivision is off state maintained Kenai Spur Highway. Tract 2A has access from Kenai Spur Highway by Holt Lamplight Road to Trader John Street which is undeveloped. Tracts 3B, 5C, 5D and 5E have access along Synomiderise Court which is undeveloped. Synomiderise Court connects to undeveloped Kynak Steet to Kenai Spur Highway. Tracts 5E, 5F, 5G and 5B1 have access from developed Paneyagiak Street which connects to Kenai Spur Highway by Ridgewood Street and Kynak Street. All the roads adjacent to the plat are 60-foot right-of-way except the north part of Trader John Street next to Tract 2A, which is an 80-foot right-of-way.

There will be no new dedications with this plat.

Block length is not compliant. An exception to KPB 20.30.170 Block – Length requirements, has been requested.

SOA DOT comments	No comment- Engineering

**Site Investigation:**

There are several areas of steep slopes indicated on the plat with notation and close contours.

There are improvements on the property located on Tract 2A, but there are no encroachment issues. There does appear to be a possible encroachment onto Tract 5B1 near the east line. **Staff recommends: the surveyor checks for encroachments when doing the field survey and if finding any, identify them and address how they will be reconciled before approval and recording.**

There are some wetlands on Tract 5B1 according to KPB GIS data that were not shown.

**Staff Analysis** This is a replat of over 68 acres into eight tracts. Dan-Lee Subdivision KN 81-111 created three tracts from the unsubdivided government Lot 3 of the NE1/4 of the NW1/4 of Section 5, T7N, R11W SM Kenai Peninsula Borough, Alaska. Dan Lee Subdivision No. 2 KN 2018-20 and Amended KN 2018-30 subdivided more of government Lot 3, 4 and 9 located in the SW1/4 SW1/4 Section 5, T7N, R11W SM and a portion of the SW1/4 SW1/4 Section 32, T8N, R11W SM, Kenai Peninsula Borough, Alaska, creating six tracts. Dan Lee Subdivision No. 3 KN 2018-52 divided Tract 5 of Dan Lee Subdivision No.2 Amended KN 2018-30 into two new tracts. Dan Lee Subdivision No. 4 KN 2020-51 divided the east tract of Dan Lee Subdivision No. 3 KN 2018-52 and the south tract of Dan-Lee Subdivision KN 81-111 into two new tracts. This plat will take the two tracts of Dan Lee Subdivision No. 4 KN 2020-51 and Tract 5B of Dan Lee Subdivision No. 3 KN 2018-52 and subdivide them into eight new tracts.

A soils report will not be required for this subdivision, as the lots are over 200,000 sq ft. **Staff recommends:** *correcting the verbiage in the Wastewater Disposal note.*

Per the preliminary Certificate to Plat, beneficial interest holders do not affect the proposed plat. Notification per KPB 20.25.090 will not be required unless the final Certificate to Plat states the property is affected by beneficial interest holders.

Nikiski Advisory Planning Commission minutes were not available when the staff report was prepared (KPB 21.02.020). These will be provided with the desk packet if available.

**Utility Easements** A 10 foot utility easement granted by Dan-Lee Subdivision KN 81-111, located at the south boundary of Tract 3 need to be shown on the drawing with the source listed. An existing 15 foot utility along road rights-of-way was carried forward from previous plats and is noted, but not shown on the drawing.

An existing 10 foot utility easement needs to be carried forward as shown on Dan Lee Subdivision No 4 KN 2020-51 that was granted by KN 81-111. This would be within proposed Tracts 2A and 3B.

The Certificate to Plat provided a general easement for the benefit of Homer Electric Association. **Staff recommends:** *this be added to the plat notes.*

The affected utility providers were emailed the subdivision plat public hearing notice as part of the routine notification process. **Staff recommends** to grant utility easements requested by the utility providers or work with the utility providers to obtain approval.

The subdivision plat has been reviewed and generally complies with the 2019 Kenai Peninsula Borough Comprehensive plan.

**STAFF RECOMMENDATIONS**  
**CORRECTIONS / EDITS**

- Add KPB File 2023-051 to drawing.

**KPB 20.25.070 – Form and contents required**

**Staff recommendation:** *final plat submittals must comply with 20.25.070. Additional information, revisions, and/or corrections are required as noted below.*

- A. Within the Title Block
1. Name of the subdivision which shall not be the same as an existing city, town, tract, or subdivision of land in the borough, of which a plat has been previously recorded, or so nearly the same as to mislead the public or cause confusion. The parent plat’s name shall be the primary name of the preliminary plat.
  2. Legal description, location, date, and total area in acres of the proposed subdivision;
  3. Name and address of owner(s), as shown on the KPB records and the certificate to plat, and registered land surveyor.

**Staff recommendation:** verify correct owner address and update the title block.

- C. The location, width, and name of existing or platted streets and public ways, railroad rights-of-way, and other important features such as section lines or political subdivisions or municipal corporation boundaries abutting the subdivision;

**Staff recommendation:** Label Kangaroo Avenue right-of-way to the east. Show the north right-of-way width of Trader John Street by Tract 2A.

- H. Approximate locations of low wet areas, areas subject to inundation, areas subject to flooding or storm water overflow, and the line of ordinary high water. This information may be provided on an additional sheet if showing these areas causes the preliminary plat to appear cluttered and/or difficult to read;

**Staff recommendation:** Label low wet area south of Martille Avenue on final plat.

- N. Apparent encroachments, with a statement indicating how the encroachments will be resolved prior to final plat approval; by aerial photo it appears there may be an encroachment on the southeast side of the plat from Lot 9 Block 2 Wiki Lake Terrace Subdivision Addition No 1.

**Staff recommendation:** Surveyor field check along the line for any encroachments and address them with a statement that they will be taken care of before approval and recording the subdivision.

---

#### **KPB 20.30 – Subdivision Design Requirements**

**Staff recommendation:** final plat submittals must comply with 20.30. Additional information, revisions, and/or corrections are required as noted below.

---

#### **KPB 20.40 – Wastewater Disposal**

**Staff recommendation:** final plat submittals must comply with 20.40. Additional information, revisions, and/or corrections are required as noted below.

20.40.010 Wastewater disposal.

*Platting Staff Comments:*

**Staff recommendation:** comply with 20.40.

---

#### **KPB 20.60 – Final Plat**

**Staff recommendation:** final plat submittals must comply with 20.60. Additional information, revisions, and/or corrections are required as noted below.

20.60.180. Plat notes.

A. Plat notes shall not be placed on a final plat unless required by borough code or by the planning commission in order to promote or protect the public health, safety, and welfare consistent with borough and state law.

- Correct spelling in note #1
- Note #4 is not need as no right of way is being dedicated
- Correct the Wastewater Disposal note to the correct verbiage of the note.

B. Revision of, or not carrying forward, an existing plat note from the parent plat will adhere to KPB 20.50.010. Separate advertising of the plat note removal is not required, Notification of the requested change will be sent by regular mail to all owners within the subdivision (parent plat and subsequent replats) as shown on the borough tax rolls. Upon approval by the planning commission, the revision or removal of the record plat note shall be finalized by recording a planning commission resolution or subdivision plat.

**Staff recommendation:** Place the following notes on the plat.

- 20.60.190. Certificates, statements, and signatures required.  
**Staff recommendation:** Add the date of June 12, 2023 to the Plat Approval note and comply with 20.60.190.

**EXCEPTIONS REQUESTED:**

**A. KPB 20.30.170 – Blocks – Length requirements**

Surveyor's Discussion: We would like to ask for an exception to Block length for Tract 5B1. This tract is large enough to subdivide in the future as is the 40 acre tract to the east.

Staff Discussion: An exception has been received for the plat specifically Tract 5B1, block length exception was previously granted for these subdivisions along this same stretch where no development is proposed.

**Findings:**

1. Exceptions to KPB 20.30.170 Block Length were granted for the parent plats
2. Lot 5B1 is large enough to be further divided.
3. The parcel to the east is approximately 20 acres.
4. The parcel to the west is approximately 54 acres.
5. No surrounding parcels will be denied access.
6. Future subdivision of large tracts may dedicate and design rights-of-ways that will provide adequate access and compliance with borough code.

Staff reviewed the exception request and recommends granting approval.

Staff recommends the Committee select the findings they determine are applicable, make additional findings if needed, tie the findings to the following standards, and vote on the exception in a separate motion.

Unless prohibited under this title, the commission (committee) may authorize exceptions to any of the requirements set forth in this title. Application for an exception shall present the commission (committee) with substantial evidence, justifying the requested waiver or exception stating fully the grounds for the application and the facts relied upon. All exceptions must be requested and granted at the time of preliminary plat approval. Exceptions may not be requested with a final plat submittal.

The commission (committee) shall make findings of fact meeting the following standards before granting any exception:

1. That special circumstances or conditions affecting the property have been shown by application;  
**Findings 1-6 appear to support this standard.**
2. That the exception is necessary for the preservation and enjoyment of a substantial property right and is the most practical manner of complying with the intent of this title;  
**Findings 1-6 appear to support this standard.**
3. That the granting of the exception will not be detrimental to the public welfare or injurious to other property in the area in which said property is situated.  
**Findings 1-6 appear to support this standard.**

**Staff recommendation:** place notes on the final plat indicating any exceptions granted by the Plat Committee with the meeting date.

Add a note "Further development of Tract 5B1 will require dedications to reduce block length for compliance with KPB 20.30.170."

---

**RECOMMENDATION:**

**SUBJECT TO EXCEPTION(S) GRANTED, STAFF RECOMMENDS:**

- GRANT APPROVAL OF THE PRELIMINARY PLAT SUBJECT TO STAFF RECOMMENDATIONS, AND
- COMPLIANCE WITH KPB 20.25.070 (FORM AND CONTENTS), KPB 20.25.080 (PETITION REQUIRED), KPB 20.30 (DESIGN REQUIREMENTS); AND KPB 20.40 (WASTEWATER DISPOSAL), AND
- COMPLIANCE WITH KPB 20.60 TO ENSURE ADMINISTRATIVE APPROVAL OF THE FINAL PLAT.

**NOTE: 20.25.120. - REVIEW AND APPEAL.**

**A PARTY OF RECORD MAY REQUEST THAT A DECISION OF THE PLAT COMMITTEE BE REVIEWED BY THE PLANNING COMMISSION BY FILING A WRITTEN REQUEST WITHIN 15 DAYS OF NOTIFICATION OF THE DECISION IN ACCORDANCE WITH KPB 2.40.080.**

**A DECISION OF THE PLANNING COMMISSION MAY BE APPEALED TO THE HEARING OFFICER BY A PARTY OF RECORD WITHIN 15 DAYS OF THE DATE OF NOTICE OF DECISION IN ACCORDANCE WITH KPB 21.20.250.**

**John**

I was working on the staff report for this site and it looks like this either needs and exception to KPB 20.30.170 Block length or we're going to need to recommend some dedications in Tract 5B1. If you can send me soon as possible an exception request with findings I can get it added.

Thanks
