August 1, 2017

Dear Mr. Blankenship:

Greetings. My name is Kichang Kim and I am writing this letter to object the proposed project for the following reason:

- I am objecting the proposed project because the way of the cost sharing. When I have looked the map of the proposed project my property is a just fraction of the total benefited area. The assessed property value is \$17,600. According to resolution 2017-15 I will have to pay \$5694.84. **That is not fair.** Some lot is huge and much higher assessed value. I believe the only way to fair to every lot owners is to pay prorated amount by the value of the lot to total cost of improvement.

Thank you for your consideration on my opinion.

Sincerely

Kichang Kim

FW: Resolution 2017-051

From: Kathleen Evenson [<mailto:bestever4@hotmail.com>]**Sent:** Monday, September 04, 2017 6:45 PM**To:** Blankenship, Johni <JBlankenship@kpb.us>**Subject:** Resolution 2017-051

Dear Mayor Navarre and assembly members,

I'm writing to express our support for the new gas line along K-Beach Road (Resolution 2017-051). This improvement would greatly benefit our household and the broader community in providing access to a cleaner, more efficient fuel that will lower heating costs and provide more fuel options.

Thank you for your consideration and we hope the Borough proceeds with this much needed project.

Kathleen and Bob Evenson
24683 K-Beach Rd.
