Mike Navarre
Borough Mayor

January 31, 2023

Honorable Members of the Assembly
Citizens of the Kenai Peninsula Borough

We are pleased to present to you the Annual Comprehensive Financial Report (ACFR) of the Kenai Peninsula (Borough) for the year ended June 30, 2022, which is submitted in accordance with Section 29.35.120 of Alaska Statutes and Borough code. These laws require that a complete set of financial statements be presented in conformance with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with generally accepted auditing standards in the United States of America and those standards applicable to audits performed in accordance with Government Auditing Standards by licensed independent certified public accountants.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Borough. We believe the data, as presented, is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position and the results of operations of the Borough on a Government-wide and Fund basis. All disclosures necessary to enable the reader to gain an understanding of the Borough's financial activities have been included.

Management of the Borough is responsible for establishing and maintaining internal controls designed to ensure that the assets of the Borough are protected from loss, theft or misuse and to ensure that sufficient, reliable, adequate accounting data is compiled for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Internal accounting controls have been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management. We believe that the Borough's internal controls adequately safeguard assets and provide reasonable assurance of properly recorded financial transactions.

In addition, the Borough maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual budget approved by the Borough Assembly. The Borough also maintains an encumbrance system that is employed as an extension of formal budgetary integration in all fund types. Encumbrances for governmental type funds outstanding at fiscal year-end are reported as committed or assigned designations of fund balance depending on the process by which the amounts are encumbered.

The Borough's financial statements have been audited by BDO USA LLP, a firm of independent certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Borough for the fiscal year ended June 30, 2022, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Borough's financial statements for the fiscal year ended June 30, 2022, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

As a recipient of federal grant awards, the Borough is required to undergo a single audit in conformance with Title 2 of the U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The results of this single audit, including a schedule of expenditures of federal awards, and the independent auditor's reports on the Borough's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards, are available in the Borough's separately issued single audit report.

As a recipient of state grant awards, the Borough is also required to undergo an audit in accordance with the provisions of Alaska State Regulation 2 AAC 45.010 and *Audit Guide and Compliance Supplement for State Single Audits*. A state financial assistance schedule, the independent auditor's reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs is included in a separately issued audit in accordance with the State of Alaska *Audit Guide and Compliance Supplement for State Single Audits*.

Profile of the Kenai Peninsula Borough

The Borough was incorporated in 1964 as a second-class borough. It occupies a geographic area of approximately 25,600 square miles and is located in the south central part of the state of Alaska. The estimated population for the Borough is 58,957.

The Borough operates under an assembly-mayor form of government. Policy-making and legislative authority are vested in a governing assembly consisting of nine members. The assembly is responsible, among other things, for passing ordinances, adopting the budget, and appointing committees. The mayor is the Borough's executive officer and is responsible for carrying out the policies and ordinances of the Borough, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments. The assembly and mayor are elected on a non-partisan basis. Assembly members serve three-year staggered terms, with 3 members elected each year, and are elected by district. The mayor is elected at-large and serves a three-year term.

The Borough is empowered to levy a property tax on both real and personal properties located within its boundaries. State of Alaska law mandates that second-class boroughs provide certain services on an areawide basis to all taxpayers. All other services must be approved by a majority of voters who are to receive the services. This gives taxpayers control over the type and level of services they receive and pay for. Currently, the Borough provides the following areawide services: assessment and collection of property taxes and sales tax collection for the Borough and cities within the Borough, planning, solid waste disposal, education, senior citizen funding, postsecondary education, 911 emergency communications, emergency management and general administrative services. Non-areawide services provided by the Borough include fire protection, hospital services, emergency medical and ambulance services, recreation, senior citizen funding, road maintenance, economic development, tourism promotion, and special assessment authority for utility extensions and road improvement districts. The Borough also has non-areawide port and harbor powers that are not currently exercised. Funding for the Borough, by order of financial significance, is provided from property tax, sales tax, other sources, state revenue, federal revenue and interest losses.

The Borough is financially accountable for three legally separate discretely presented component units; the Kenai Peninsula Borough School District, Central Peninsula Hospital and South Peninsula Hospital, which are each reported separately within the Borough's government-wide financial statements.

Budgetary Control

The annual budget serves as the foundation for the Borough's financial planning and control. All departments and service areas submit budgets to the mayor on or about February 20th. The mayor uses these requests for developing a proposed budget. The mayor submits his proposed budget to the assembly at the first regular assembly meeting in May. The assembly is required to hold public hearings on the proposed budget. The assembly is required by state statute to set the annual mill rate prior to June 15th. The budget is appropriated by fund, department, and object. The mayor is authorized to make transfers of unencumbered balances within funds, which then is reported to the Assembly on a monthly basis. Assembly action is required to transfer between funds and departments or other major budget classifications. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an annual budget has been adopted. For the General Fund and Land Trust Special Revenue Fund, the comparisons are presented on pages 38-40 as part of the basic financial statements for the governmental funds. For other governmental funds, the comparisons start on page 113.

Local Economy

The Borough economy is highly diverse. The five industry categories that have the most employment are local government, retail trade, leisure and hospitality, natural resources and healthcare. Together they represent most of the Borough's employment. That diversity allows the Borough to be more resilient to declines in any one industry. The Borough's economy has experienced consistent, gradual growth since the late 1980's. Boroughwide, the general government tax rate has decreased from a high of 8.59 mills in FY1996 to its current rate of 4.5 mills. The Borough also has a 3% sales tax, which is applied only to the first \$500 of each separate sale. Taxable sales in FY2022 were \$1.47 billion, an increase of 21% from the prior year. Sales tax continues to generate a substantial portion of the Borough's revenue; in FY2012, sales tax revenue represented 40% of total General Fund revenues; in FY2022, sales tax revenues represented 45%.

Oil and gas continues to play a vital role in the Borough's economy, although the players have changed. Large national and multinational companies have been replaced by independents, which resulted in a resurgence in exploration and production. This has led to new wells in the Anchor Point and Kenai area, jackup rigs being used in Cook Inlet, along with increased exploration in other areas of the Borough, resulting in an increase in assessed value for oil and gas properties. Assessed values for oil and gas properties increased from \$699 million for FY2012, to \$1.5 billion in FY2022. During this same timeframe, oil production has increased from approximately 10,000 barrels per day to approximately 15,000 barrels per day. The impact to the Borough if the global reduction in the price of gas and oil continues is unknown at this time.

Traditionally the Borough's unemployment rate has been 2% to 3% higher than the statewide rate, much of this due to the seasonality of work in the fishing and tourism industry. In FY2020-FY2021, the Covid-19 worldwide pandemic created temporary increases in unemployment across the nation and in the Borough as high as 14.5% in April 2021. Unemployment rates in the Borough have come down to 6.20% currently and it is anticipated that unemployment rates will slowly recover and continue to decrease in 2023.

| Fiscal Year | Unemployment Rate | Increase (Decrease) | Fiscal Year | Unemployment Rate | Increase (Decrease) |
|-------------|-------------------|---------------------|-------------|-------------------|---------------------|
| 2015 | 7.70% | -0.20% | 2019 | 7.30% | -1.00% |
| 2016 | 8.40% | 0.70% | 2020 | 6.50% | -0.80% |
| 2017 | 8.50% | 0.10% | 2021 | 8.70% | 2.20% |
| 2018 | 8.30% | -0.20% | 2022 | 6.20% | -2.50% |

Data is provided by the State of Alaska, Department of Labor and Workforce Development, and reflects the average for the prior 12 months as of December prior to the fiscal year end.

Long-Term Financial Planning

A significant measure of the Borough’s financial strength is the level of its fund balances (i.e. the accumulation of revenues exceeding expenditures). The Assembly takes the responsibility of being stewards of the public’s funds very seriously and has adopted the following General Fund reserve policy: reserve funds shall not be used to fund recurring expenditures. Fund balances should be maintained at fiscally sound levels in all funds. The Borough has adopted financial policies that will ensure that the Borough maintains an appropriate fund balance in line with recommended best practices. The General Fund’s minimum fund balance assigned amount of \$16.1 million is equal to the required minimum fund balance reserve. Per the minimum fund balance policy, the Borough must bring the assigned minimum fund balance reserve amount in compliance within 3 years. The minimum fund balance assigned amount represents 20% of the General Fund operating expenditures (including transfers), leaving the Borough in a solid financial position to adequately prepare for the expected reductions in revenues caused by the changes in the property tax laws and the economic environment.

The Borough provides pension benefits for all eligible employees through the State of Alaska Public Employees Retirement System (PERS). The system consists of three defined benefit (DB) Tiers, and one defined contribution (DC) Tier. The Borough pays its annual required contribution rates timely. The annual contribution rates have been capped at 22% of covered payroll for both DB and DC plans based on legislative action committing the State of Alaska to cover costs exceeding 22%. The legislature’s cap on local government contribution rates brings stability to the Borough’s retirement rates although it is important to note that a future State legislature can eliminate its contributions. The transition from an agent multiple-employer plan, to a cost-sharing multiple employer plan as of July 1, 2008, provided a single rate for all participating PERS employers, eliminating the previous methodology of assessing each employer its own rate. The Borough now shares in the pooled liability of the PERS plan.

Governmental Accounting Standards Board (GASB) Statements No. 68 and No. 75 require the Borough to recognize its proportionate share of the cost sharing plan’s net pension liability and net liability for other postemployment benefits (OPEB). This does not change the actual contributions by the employers, as those are based on Alaska Statutes. For additional detail, reference footnote K on pages 73-85 in the basic financial statements.

Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Kenai Peninsula Borough for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2021. This is the 43rd consecutive year the Borough has received this prestigious award. In order to be awarded a Certificate of Achievement, the Borough published an easily readable and efficiently organized ACFR, whose contents conformed to program standards. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements and are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the Borough received from the GFOA, the Distinguished Budget Presentation Award for FY2022 for publishing a budget document that meets the program criteria as a policy document, an operations guide, a financial plan and a communications device. This is the 28th year the Borough has received this award. The Borough also received from the GFOA for the 8th year, the Award for Outstanding Achievement for Popular Annual Financial Reporting. This award recognizes governments that successfully produce high quality popular annual financial reports specifically designed to be readily accessible and easily understandable to the general public and other interested parties without a background in public finance.

The preparation of this report was made possible by the dedicated service of the entire staff of the Finance Department. We wish to express our appreciation to all members of the Finance Department who assisted and contributed to the preparation of this report. We also want to thank the finance department staff at the Kenai Peninsula Borough School District, the South Peninsula Hospital, and Central Peninsula Hospital for their assistance.

We also want to thank the members of the Borough Assembly for your interest and support in planning and conducting the financial operations of the Borough in a responsible and progressive manner.

Respectfully submitted,

Mike Navarre

Mike Navarre
Borough Mayor

Brandi Harbaugh

Brandi Harbaugh, CPA, CPFO
Finance Director

For the 43rd consecutive year, the Kenai Peninsula Borough has earned the highest form of recognition in the area of governmental accounting and financial reporting with an award-winning annual comprehensive financial report (ACFR). The Kenai Peninsula Borough was awarded a Certificate of Achievement for Excellence by the Governmental Finance Officers Association of the United States and Canada (GFOA) for the fiscal year ended June 30, 2021.

According to the GFOA, the ACFR program was established in 1945 to encourage and assist state and local governments to go beyond the minimum requirements of generally accepted accounting principles to prepare annual comprehensive reports that demonstrate a spirit of transparency and full disclosure.

The Kenai Peninsula Borough believes that this Annual Comprehensive Financial Report continues to meet high standards required by the Certificate of Achievement Program and we are submitting it to the GFOA to determine its eligibility for another Certificate.

Independent Auditor's Report

Honorable Mayor and Borough Assembly
Kenai Peninsula Borough
Soldotna, Alaska

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Kenai Peninsula Borough, Alaska (the Borough), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the Borough, as of June 30, 2022, and the respective changes in financial position, where applicable, cash flows thereof, and the respective budgetary comparisons for the General Fund and the Land Trust Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note III.F to the financial statements, in 2022 the Borough adopted the provisions of Government Accounting Standards Board (GASB) Statement Number 87, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for twelve months beyond the financial statements date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules of the Borough's proportionate share of the net pension and net OPEB liability or asset and the Borough's contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's basic financial statements. The accompanying combining and individual fund financial statements and schedules, capital asset schedules, Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations (CFR)* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and Detailed Schedule of State Financial Assistance, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules, capital asset schedules, Schedule of Expenditures of Federal Awards and Detailed Schedule of State Financial Assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 31, 2023 on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Kenai Peninsula Borough

Management's Discussion and Analysis

This section of the Kenai Peninsula Borough (Borough) Annual Comprehensive Financial Report (ACFR) provides readers with a narrative overview and analysis of the Borough's financial activities for the fiscal year ended June 30, 2022. It is designed to assist the reader in focusing on significant financial issues, provide an overview of the Borough's financial activity, identify changes in the Borough's financial position, identify any material deviations from the financial plan (the approved budget), and identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year activities, resulting changes and current known facts, please read it in conjunction with the Borough's transmittal letter (pages 1-5), the financial statements (pages 27-45) and the notes to the financial statements (pages 47-89).

Financial Highlights

- At the close of FY2022, the Kenai Peninsula Borough assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$286.4 million (net position). Of this amount, \$60 million (unrestricted net position) is legally unreserved and may therefore be used to meet the Borough's ongoing obligations to citizens and creditors.
- The Borough's total net position increased \$24 million when compared to the net position at the beginning of the fiscal year.
- The Kenai Peninsula Borough has established a formal fund balance policy affecting the General Fund, annually budgeted special revenue funds and general government capital project funds. The policy sets both minimum and maximum levels.
- At the end of the current fiscal year, total fund balance for the General Fund was \$45.2 million, an increase of \$14.2 million from FY2021. The assigned and unassigned fund balance for FY2022, not including the amount that was budgeted for subsequent year expenditures, is \$35.4 million. This compares to the FY2021 amount of \$21.2 million. FY2022 represents 41.5% of the total General Fund expenditures and transfers balance, and compares to 26.6% as of June 30, 2021.
- As of the close of the current fiscal year, the Borough's governmental funds reported combined ending fund balances of \$118.9 million, an increase of \$20.2 million from the prior year. Much of this increase is associated with a positive variance in sales tax revenues of \$6.5 million, an increase in land sales of \$4.1 million and \$6 million of past unpaid debt service reimbursement from the State of Alaska Department of Education.

Overview of the Financial Statements

This discussion and analysis serves as an introduction to the Borough's basic financial statements, which are the government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

| <u>Fund Type</u> | <u>Number of funds</u> |
|-------------------------------------|------------------------|
| General Fund | 1 |
| Debt Service Funds | 4 |
| Capital Project Funds | 12 |
| Special Revenue Funds | 18 |
| Total Governmental Funds | 35 |
| Total Internal Service Funds | 4 |
| Total Fiduciary Fund | 1 |

Government-wide financial statements. The basic financial statements include two kinds of statements that present different views of the Borough. The first two statements are government-wide financial statements that provide both long-term and short-term information about the overall finances of the Borough similar to a private-sector business. These statements combine and consolidate short-term, spendable resources with capital assets and long-term obligations.

- The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to be a bottom line for the Borough and its governmental activities and Component Units. This statement combines and consolidates governmental funds' current financial resources (short-term spendable resources) with capital assets, including infrastructure, and long-term obligations. Net position is the difference between the Borough's assets and deferred outflows of resources and its liabilities and deferred inflows of resources. Increases or decreases in net position may serve as a useful indicator of whether the financial position of the Borough is improving.
- The Statement of Activities reflects the expenses of a given function, which are offset by program revenues. Program revenues are defined as charges for services, operating grants and contributions, and capital grants and contributions directly associated with a given function.

Governmental activities are supported by taxes and intergovernmental revenues. The Borough's governmental activities include general government, solid waste, public safety, recreation, education, environmental protection, road and trail maintenance and health and social services.

The government-wide financial statements present not only the Borough itself, but also the following discretely presented components units of the Borough; Kenai Peninsula Borough School District, Central Peninsula Hospital, and South Peninsula Hospital. Financial information for these discrete component units is reported separately from the financial information presented for the primary government itself. The government-wide financial statements can be found on pages 27-31 of this report.

The remaining statements are fund financial statements that focus on individual parts of the local government, reporting the Borough's operations in more detail than the government-wide statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Borough, like other state and local governments, uses fund accounting to ensure and demonstrate fiscal accountability.

All of the funds of the Borough can be divided into three categories:

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on the short-term view of the Borough's operations.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Borough maintains 35 individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Solid Waste Capital Project Fund and Land Trust Special Revenue Fund, which are considered major funds. The other 32 governmental funds are combined and shown as Other Governmental Funds on the Governmental Fund Balance Sheet and Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances. Individual fund information for the nonmajor funds are presented in the Combining Balance Sheet Nonmajor Special Revenue Funds, Combining Balance Sheet Nonmajor Capital Project Funds, Combining Balance Sheet Nonmajor Debt Service Funds, and Combining Statement of Revenues, Expenditures, and Changes in Fund Balances Nonmajor Special Revenue Funds, Combining Statement of Revenues, Expenditures, and Changes in Fund Balances Nonmajor Capital Project Funds, and Combining Statement of Revenues, Expenditures, and Changes in Fund Balances Nonmajor Debt Service Funds.

The basic governmental fund financial statements can be found on pages 32-40 of this report. Budgetary comparison statements for 13 special revenue funds and 4 debt service funds with annual budgets are provided on pages 113-125 and 137-140, respectively to demonstrate compliance with these budgets.

Proprietary funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Borough's various functions. The Borough uses internal service funds to account for its risk management, compensated absences, health insurance, and equipment replacement programs. Because these services benefit governmental functions, they have been included within governmental activities in the government-wide financial statements. All of the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The basic proprietary fund financial statements can be found on pages 41-43 of this report.

Fiduciary funds. Fiduciary funds are used to account for assets held by the Borough in a trustee capacity or as an agent for others. Activities from fiduciary funds are not included in the government-wide financial statements because the Borough cannot use these assets for its operations. The accounting for fiduciary funds is much like that used in proprietary funds. The basic fiduciary aggregated fund financial statements can be found on pages 44-45 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 47-89 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information and other information. The combining statements referred to earlier in connection with nonmajor governmental funds

can be found on pages 102-112, 128-133, 135-136 and internal service funds can be found on pages 142-144 of this report.

Government-wide Financial Analysis

Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Borough, net position at June 30, 2022 was \$286.4 million compared to \$262.30 million at June 30, 2021. By far the largest portion of the Borough's net position (66.7%) reflects its net investment in capital assets (e.g. land, buildings, machinery, etc.) less any related debt used to acquire those assets that is still outstanding. The Borough uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Borough's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

During FY2022, governmental activities capital assets, net of accumulated depreciation of the Borough decreased \$6.2 million. Current and other assets include \$143.8 million and \$127.8 million of cash and investments held for governmental activities at June 30, 2022 and 2021.

| Unrestricted | <u>60.0</u> | <u>27.3</u> |
| Total net position | <u>\$ 286.4</u> | <u>\$ 262.3</u> |

Governmental Activities

Governmental activities increased the Borough's net position by \$24 million. This compares to an increase of \$17.7 million for the year ended June 30, 2021. Key elements of the change in net position for the year are as follows:

- U.S. Treasury Coronavirus State & Local Fiscal Recovery Funds provided \$2.0 million for educational expenditures.
 - Sales tax collections increased \$8.7 million over FY2021, due to an increase in brick and mortar local sales tax collections of \$7.6 as a result of positive recovery swings in retail trade, restaurant and bars, and utilities during the fiscal year. Remote sales tax collections also increased \$1.1 million over FY2021, allowing less property tax to be utilized for local school contributions and as a result, increasing the Borough's net position.
 - The Land Trust Fund had land sales and other charges for services of \$5.6 million in FY2022, an increase of \$4 million from FY2021.
 - The General Fund received an additional unanticipated \$6 million in unpaid debt reimbursement from the State of Alaska for fiscal years 2019-2022 as a result of House Bill 350.

Revenues by Source – Governmental Activities

The graph shown below depicts all sources of revenues, both program and general.

Financial Analysis of the Government's Funds

As noted earlier, the Borough uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds

The focus of the Borough's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Borough's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. For example, did the Borough generate enough revenue to pay for current obligations? What is available for spending at the end of the year?

At the end of the current fiscal year, the Borough's governmental funds reported combined ending fund balances of \$118.9 million, an increase of \$20.2 million from the prior year. A portion of this amount is restricted to indicate it is not available for new spending because it has already been committed: 1) to liquidate contracts and purchase orders of the prior period 2) or for other restricted purposes.

Discussion of selected individual governmental funds is as follows:

General Fund (Major fund)

The General Fund is the chief operating fund of the Borough. At the end of the current fiscal year, fund balance was \$45.2 million, an increase of \$14.2 million from the prior year. Expenditures and transfers out for the General Fund totaled \$85.3 million during the year, this compares to FY2021 expenditures and transfers out of \$79.9 million. Key factors in the increase of fund balance were increased sales tax collections of \$8.7 million, \$6 million in receipts from past fiscal years unpaid debt reimbursement from the State of Alaska, along with a lapse of \$1.7 in personnel wages as a result of vacancies in 2022, offset by a loss in investment earnings of \$1.2 million.

Solid Waste Capital Project Fund (Major fund)

Fund balance in this capital project fund increased \$575,765 compared to the FY2021 decrease of \$1.1 million primarily due to less expenditures on currently appropriated projects. Cash in this fund increased due to receipts of Coronavirus State and Local Fiscal Recovery Funds that have been appropriated, but have not been expended as of June 30, 2022.

Land Trust Special Revenue Fund (Major fund)

Fund balance in this special revenue fund increased \$3.7 million compared to the FY2021 increase of \$416,759 primarily due to increased land sale revenue. The land sales are by borough code required to be deposited into the Land Trust Investment Fund (LTIF) after the close of the fiscal year. In August 2022, \$4.565 million was transferred from the Land Trust Fund to the LTIF, reducing fund balance to the required amount per the minimum fund balance policy.

General Fund Budgetary Highlights

During the year budgetary expenditures were increased by \$2.5 million and the transfers out were decreased by \$1,001,388, including carryover encumbrances of \$270,234, in appropriations between the General Fund's original budget and the final amended budget. The primary reasons for amending the budget were as follows:

- Reduced transfer to Solid Waste Capital Projects Fund by \$4,000,000.
- Appropriated and transferred \$700,000 to provide for the Emergency Siren Warning System project.
- Appropriated and transferred \$1,800,000 to provide for Homer Elementary school matching grant funds.
- Appropriated \$375,000 to support Homer Transfer Facility Operation and Maintenance.
- Appropriated \$175,000 to support brushing around facilities and fences at Solid Waste Facilities.
- Appropriated \$150,000 to cover costs of remote sales tax collection fees.
- Appropriated \$150,000 to cover costs of hiring hearing officers for Planning Commission Appeals.
- Appropriated \$150,000 to cover costs and fees associated with hiring outside counsel to represent the Kenai Peninsula Borough in an appeal from an Administrative Agency.
- Appropriated \$688,794 in PERS on-behalf funding to the General Fund paid by the State of Alaska Department of Administration, Division of Retirement & Benefits on behalf of the Kenai Peninsula Borough toward the Borough's Unfunded PERS Liability.

General Fund Final Budget to Actual Analysis

- General Fund actual revenues were \$11.7 million more than the final budget amounts. The most significant positive variance from the actual amounts to the final budget was in brick and mortar local sales tax for \$5.5 million and remote sales tax collections for \$1 million. These positive variances were a result of strong business activity for the Borough throughout the fiscal year along with rising prices and inflationary pressures in the retail, restaurant, bar, hotel, motel, and guiding.
- The General Fund actual expenditures and transfers out were \$5.1 million below final budget amounts. The most significant positive variances were \$1.8 million in lapsed personnel budgets across the entire general government due to multiple long-term vacancies throughout the year, lapsed contractual service budgets due to efficiencies in use of funds and some projects that were unable to be completed in FY22, along with project length funds of \$291,798 that remain unspent as of June 30, 2022.
- The General Fund originally budgeted \$4.4 million to be transferred to the Solid Waste Capital Project Fund to fund a priority Leachate capital project. Upon receipt of the \$11.4 million in Treasury State and Local Recovery Funding, \$4 million of grant funds were appropriated for this purpose, reducing the burden from the General Fund by \$4 million. The solid waste decrease offset by an increase of \$2.875 in supplemental education, solid waste and emergency service capital projects created a small

difference between the original and revised budget for the General Fund Transfers-out.

Capital Assets and Debt Administration

Capital Assets

The Borough’s investment in capital assets as of June 30, 2022 and June 30, 2021 amounts to \$221.1 million and \$227.3 million, respectively (net of accumulated depreciation.) This investment in capital assets includes land, buildings, machinery and equipment, roads, and infrastructure.

Major additions to capital assets during the current fiscal year included the following:
 Education facilities and equipment \$ 2.2 million
 Fire and emergency services equipment \$ 2.8 million

Kenai Peninsula Borough Capital Assets
 (in millions, net of depreciation)

| | Governmental Activities | |
|--|-------------------------|----------|
| | 2022 | 2021 |
| Land | \$ 69.8 | \$ 71.1 |
| Buildings | 82.2 | 85.0 |
| Improvements other than buildings | 25.7 | 25.9 |
| Machinery and equipment | 15.8 | 15.9 |
| Infrastructure | 13.8 | 14.3 |
| Construction in progress | 13.8 | 15.1 |
| Total governmental activities capital assets | \$ 221.1 | \$ 227.3 |

Additional information on the Borough’s capital assets can be found in Note E on page 65 of this report.

Long-Term Debt

At the end of the current fiscal year, the Borough had total debt outstanding of \$29.8 million, a decrease of \$4.2 million from June 30, 2021. This debt is bonded and backed by the full faith and credit of either the Borough or Service Areas of the Borough. Of the \$29.8 million in bonded debt, \$24.6 million was issued for school improvements. The State of Alaska may reimburse the Borough up to 70% of the principal and interest on these bonds. The schedule shown below does not include compensated absences, landfill closure/postclosure liability, net pension liability, or net OPEB liability.

| | Governmental Activities (in millions) | |
|--------------------------|--|---------|
| | 2022 | 2021 |
| General obligation bonds | \$ 29.8 | \$ 34.0 |

The Borough’s discretely presented component units also have debt outstanding at the end of the year totaling \$59.8 million, not including premiums. Of that amount, \$16.6 million was bonded and backed by the full faith and credit of various Service Areas of the Borough. Additional information on the Borough’s long-term debt can be found in note I on pages 70-72 of this report and table XII on page 165 and table XIII on page 166.

The Borough normally uses the Alaska Municipal Bond Bank (Bond Bank) to sell its bonds. The Bond Bank has a rating of A+ from S&P and A1 from Moody's.

Economic Factors and the Next Year's Budget and Rates

The average unemployment in the Borough for CY2021 stood at 6.2%. This decreased from CY2020 by 2.5%, this compares to the statewide average of 6.4%. Traditionally the Borough's unemployment rate has been 2% to 3% higher than the statewide rate, much of this due to the seasonality of work in the fishing and tourism industry in the Borough. The Borough's unemployment rate for the period January 2021 to June 2022 was down 2.2% when compared to the same period for 2021.

In 2001, the Borough established a fund balance policy that recommends both minimum and maximum amounts of fund balances for both operating and capital project funds for the General Fund and Service Areas. These levels are reviewed on an annual basis and the policy requires that fund balances exceeding the maximum or fund balances less than the minimum come back into compliance within 3 years. This is assessed each fiscal year as part of the budgetary process.

In addition, the Alaska legislature provided funding for Public Employees' Retirement System (PERS) cost in excess of 22%, which was paid directly to PERS. The total on-behalf payment made by the State for FY2022 was \$1,854,373, of which the Borough reports \$1,590,334 and its component unit the Kenai Peninsula Borough School District reports \$264,039 along with their PERS and TRS contributions, as part of the local in-kind contribution from the Borough to the School District. This contribution includes the difference between the actuarially determined rate of 30.11% and the Borough contribution rate of 22.00%.

In addition, as part of their FY2015 budget, the Alaska State Legislature passed House Bill 385 (HB 385), which paid down \$1 billion of the PERS defined benefits plan's unfunded liability (a closed plan). However, the bill also extended, by nine years, the amortization period over which employers would pay down the debt. By statute, the required employer contribution is 22% of the employee's wages, with the State paying the balance of the actuarially determined amount. Under HB 385, the State's annual payments will be lower, but the total cost to employers will be much greater. For the Borough, an estimated additional \$14.5 million will be paid in retirement contributions for those additional nine years.

During fiscal year 2021, the State of Alaska was downgraded to an A+ rating from Standard & Poor's Ratings Services and a A1 credit rating from Moody's Ratings. Since fiscal year 2014 the State has been running declining unrestricted general fund deficits of approximately \$3 million to \$315 million per year due to low oil prices, expenditure levels and lack of new revenues.

In setting the budget for FY2023, the Borough considered a number of issues with Borough-wide impact, among them:

- Passing a FY2023 budget that balances General Fund expenditures with General Fund revenues.
- A sufficient level of funding necessary to meet the needs of Borough residents, visitors and communities.
- A continued reduction in the historical variance between budget and actual revenues and expenditures.
- Maintenance of the Borough's financial condition including compliance with the Borough's fund balance policy.

- The highest level of local educational funding that Borough's residents can reasonably afford and sustain.
- A high quality capital and operational maintenance program that ensures the continued use and economic value of Borough assets.
- The lingering fiscal and economic impacts of the COVID-19 worldwide pandemic on the Kenai Peninsula Borough and the potential changes in revenue collection, budgetary shifts and community needs as a result of the pandemic. More discussion is provided on page 86, note N of the notes to the financial statements.
- In June 2021, the Borough was awarded \$11.4 million in U.S. Treasury Coronavirus State and Local Recovery funds of which \$5.7 million was advanced in June 2021. The Borough, through fall 2021 legislation, designated the funds for solid waste leachate system rehabilitation, educational services, educational services pay-go infrastructure and bridges pay-go infrastructure. These projects will be ongoing through FY2025.

Request for Information

This financial report is designed to provide a general overview of the Borough's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to the Director of Finance, Kenai Peninsula Borough, 144 N. Binkley, Soldotna, Alaska, 99669.

Kenai Peninsula Borough
 Reconciliation of the Governmental Funds Balance Sheet
 to the Statement of Net Position
 June 30, 2022

| | | | |
|--|----|---------------------|---------------------------|
| Fund balances - total governmental funds | | \$ | 118,935,546 |
| Total net position reported for governmental activities in the statement of net position is different because: | | | |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds. | | | 217,782,057 |
| The PERS ODD and ARHCT OPEB plans have been funded in excess of required contributions. This asset is not a financial resource and therefore it is not reported in the governmental funds. | | | 20,970,469 |
| Long-term liabilities, including bonds payable and net pension liability are not due and payable in the current period and therefore are not reported in the governmental funds: | | | |
| Bonds payable | \$ | (29,840,000) | |
| Leases payable | | (58,961) | |
| Unamortized bond premium | | (1,732,949) | |
| Accrued interest | | (152,331) | |
| Unamortized deferred loss on refunding | | 703,627 | |
| Landfill closure | | (9,266,866) | |
| Net pension liability | | <u>(28,746,099)</u> | (69,093,579) |
| Deferred outflows of resources and deferred inflows of resources related to pension are applicable to future periods, and therefore are not reported in the governmental funds: | | | |
| Deferred outflows for pensions | | 4,295,211 | |
| Deferred inflows for pensions | | <u>(11,463,303)</u> | (7,168,092) |
| Deferred outflows of resources and deferred inflows of resources related to other post employment benefits (OPEB) are applicable to future periods, and therefore are not reported in the governmental funds: | | | |
| Deferred outflows for OPEB | | 763,241 | |
| Deferred inflows for OPEB | | <u>(11,232,626)</u> | (10,469,385) |
| Some of the Borough's receivables will be collected after year-end and are not available soon enough to pay for current period's expenditures and therefore are deferred in the governmental funds: | | | |
| Property taxes receivable | | 971,062 | |
| Land sales contracts receivable | | <u>1,686,165</u> | 2,657,227 |
| Internal service funds are used by management to charge the cost of certain activities to individual funds. The assets and liabilities of the internal service funds are reported with governmental activities in the statement of net position. | | | <u>12,753,495</u> |
| Net position of governmental activities | | \$ | <u><u>286,367,738</u></u> |

The accompanying notes are an integral part of the financial statements.

The accompanying notes are an integral part of the financial statements.

Kenai Peninsula Borough
 Reconciliation of the Statement of Revenues, Expenditures
 and Changes in Fund Balances of the Governmental Funds
 to the Statement of Activities
 For the Year Ended June 30, 2022

Net change in fund balances - total governmental funds \$ 20,199,273

The change in net position reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays and lease activity as expenditures and revenues. However, in the statement of activities, the cost of those assets are depreciated over their useful lives.

| | | |
|---|---------------------|-------------|
| Expenditures for capital assets | \$ 5,946,353 | |
| Less current year depreciation and amortization expense | <u>(11,006,177)</u> | (5,059,824) |

The net effect of various transactions involving capital assets (i.e. sales, trade-ins and donations) is to decrease net position. (722,022)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:

| | | |
|---|-----------------|-----------|
| Principal redeemed on bond funding | 930,000 | |
| Refunding bonds issued | (900,000) | |
| Principal payments | 4,170,000 | |
| Net decrease in bond premium | 518,719 | |
| Net decrease in bond deferred loss on refunding | (97,354) | |
| Net increase in long-term leases payable | <u>(58,961)</u> | 4,562,404 |

Certain revenues reported in the statement of activities are not reported in governmental funds because they do not provide current financial resources. This adjustment is to recognize the net change in unavailable revenues.

Decrease in unavailable property taxes receivable (46,256)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

| | | |
|-----------------------------------|------------------|-----------|
| Decrease in accrued interest | 33,928 | |
| Increase in landfill closure cost | <u>(452,005)</u> | (418,077) |

Changes related to net pension liability and related accounts can increase or decrease net position. This is the net increase in equity due to changes in net pension liability and the related deferred inflows and outflows. (2,787,053)

Changes related to net OPEB liability, asset and related accounts can increase or decrease net position. This is the net increase in equity due to changes in net OPEB liability, asset and the related deferred inflows and outflows. 7,763,865

Internal service funds are used by management to charge the cost of certain activities to individual funds. The change in net position of internal service funds is reported with governmental activities. 549,854

Change in net position of governmental activities \$ 24,042,164

The accompanying notes are an integral part of the financial statements.

Kenai Peninsula Borough
Notes to Financial Statements
June 30, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Kenai Peninsula Borough (the Borough) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Borough's accounting policies are described below.

A. Reporting Entity

The Kenai Peninsula Borough was incorporated January 1, 1964, under the provisions of the State of Alaska Borough Act of 1961 as a second-class borough. The Borough operates under an elected nonpartisan Mayor-Assembly form of government. The Mayor is elected at-large for a three-year term. Legislative power is vested in the 9-member assembly with executive and administrative power vested with the Mayor. The Borough provides the following areawide services: assessment and collection of taxes for the Borough and cities within the Borough, planning and zoning, solid waste disposal, education, senior citizen funding, emergency management, 911 communications, post secondary education, and general administrative services. Non-areawide services provided by service areas include: hospital, fire protection, recreation, emergency medical and ambulance, senior citizen, and road maintenance and economic development. The Borough also provides tourism promotion, ports and harbor authority (not currently exercised), and special assessment authority for utility line extensions and road improvement districts on a non-areawide basis. As required by generally accepted accounting principles, these financial statements present the Kenai Peninsula Borough (the primary government) and its component units. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable.

Discretely Presented Component Units

The Borough is reporting three discrete component units, The Kenai Peninsula Borough School District (the School District), South Peninsula Hospital (SPH), and Central Peninsula Hospital (CPH). The School District, SPH and CPH are each discretely presented in a separate column in the basic financial statements to emphasize that they are legally separate from the Borough.

The School District is governed by an independently elected board; however the School District is fiscally dependent on the primary government because the Borough Assembly approves the total budget of the School District, approves the tax levy to support the budget, approves and pays any debt issuance and the Borough retains all ownership of real property. Complete financial statements of the School District can be obtained from the School District's Business Office at 148 N. Binkley, Soldotna, Alaska, 99669; phone number (907) 714-8888.

South Peninsula Hospital and Central Peninsula Hospital are each governed by independently elected boards; however, they are also fiscally dependent on the primary government because the Assembly approves the service area budget, approves the tax levy to support the budget and must approve any debt issuance. A financial benefit and burden relationship exists as well for both hospitals; the Borough is entitled to the hospital resources and assets as owners of the hospitals as well as an obligation to assume the debt of the organization, upon default. Separate financial statements can be obtained at South Peninsula Hospital, 4300 Bartlett, Homer, Alaska, 99603 and at Central Peninsula Hospital, 250 Hospital Place, Soldotna, Alaska, 99669.

On April 7, 2016, Central Peninsula Health Foundation (the Foundation), filed a certificate of amendment with the State of Alaska changing its nonprofit status to that of a supporting organization of Central Peninsula Hospital. The Hospital has paid various expenses on behalf of the Foundation, and leased employees to the Foundation to sustain its operations. The Foundation is reported as a blended component unit of the Hospital because it provides services and benefits almost exclusively for the Hospital.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The Borough does not have any business-type activities. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. Fiduciary funds are used to account for assets held by the Borough in a trustee capacity or as an agent for others. Activities from fiduciary funds are not included in the government-wide financial statements because the Borough cannot use these assets for its operations.

The statement of activities demonstrates the degree to which the direct expenses of a given function of governmental activities are offset by program revenues. Program revenues include: 1) fees, fines and charges to customers or applicants who purchase, use, or directly benefit from, goods, services, or privileges provided by a given function or program and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. The remaining governmental funds are aggregated and reported as other governmental funds. The internal service funds are combined into a single aggregated presentation in the proprietary fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. The Borough's only fiduciary fund is its Custodial Fiduciary Fund, which is reported using the accrual basis of accounting.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become both measurable and available. "Measurable" means that amounts can be reasonably determined within the current period. "Available" means collectible within the current period or soon enough thereafter (60 days) to be used to pay liabilities of the current period. Major revenues susceptible to accrual include sales tax and property taxes levied and due in the current year even though a portion of the taxes may be collected in the subsequent year. Penalty on sales taxes and interest on delinquent taxes are considered measurable when paid and are recognized as revenue at that time. Intergovernmental revenues received as reimbursement for specific purposes or projects are recognized in the period the expenditures are incurred. Intergovernmental

revenue received but not yet earned is recorded as unearned revenue. Property taxes received prior to the period for which they are used are recorded as deferred inflows of resources. In subsequent periods, when the Borough has legal claim to the resources, the deferred inflows are removed from the balance sheet and revenue is recognized. Revenue from land sale contracts receivable is deferred until the receivables are collected. Expenditures are recorded when the fund liability is incurred. The exceptions to this general rule are principal and interest on general long-term debt which is recognized when due and pensions, and other post-employment benefits.

The Borough reports the following major governmental funds:

The General Fund is the Borough's primary operating fund which accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Solid Waste Capital Project Fund accounts for unspent bond proceeds, operating transfers in, interest earnings, and acquisition and construction of major capital facilities of the solid waste program.

The Land Trust Special Revenue Fund accounts for revenues and expenditures of the Land Trust Fund.

The Borough does not report solid waste activity as an enterprise fund due to the fact that the activity is substantially funded by the General Fund and only a small portion by user fees. Effective July 1, 2010, to comply with GASB 54 requirements, solid waste activity is being reported in the General Fund.

Additionally, the Borough reports the following fund types:

Internal Service Funds account for risk management, health insurance, and equipment replacement services provided to other departments on a cost reimbursement basis, and employee compensated leave.

The Fiduciary Fund accounts for tax collection services provided to other governments located within the Kenai Peninsula Borough.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Interfund services provided and used are not eliminated in the process of consolidation. The Borough does not use an indirect cost allocation system.

D. Assets, Liabilities, Deferred Outflows, Deferred Inflows, Fund Balance and Net Position

1. Deposits and Investments

The Borough utilizes a central treasury to aggregate cash from all funds, the School District, CPH and SPH for cash management and investment purposes. Each fund has an account titled "equity in central treasury" which is the cash balance of that fund. Each fund whose monies are deposited in the central treasury has equity therein. Interest income on investments is allocated monthly to participating funds based on their average equity balance during the month. At June 30, 2022, investments for the government, as well as for its component units, are reported at fair value. The Borough Code of Ordinances authorizes investment in obligations of the U. S. Treasury, its agencies and instrumentalities, bankers' acceptances of the fifty largest banks, investment grade corporate bonds, highly rated commercial paper, repurchase agreements, fully collateralized certificates of deposit, money market mutual funds, highly rated bonds and notes issued by a state or political subdivision thereof, and the Alaska Municipal League Investment Pool, Inc. The Borough ordinance places limitations on maturity of investments, and Borough investment procedures limit the level of investment type.

The Alaska Municipal League Investment Pool, Inc. (AMLIP) was created during 1993 under Alaska Statute 37.23 and the Kenai Peninsula Borough Assembly passed an ordinance authorizing participation in the AMLIP. The AMLIP is a nonprofit corporation organized to manage, administer and invest funds of participating public entities.

"Cash and Short-Term Investments" is used to account for petty cash, cash held in bank accounts and investments for certain Borough Funds, School District Funds and Hospitals.

The central treasury, which holds cash and investments, is used essentially as a cash management pool by each fund.

For purposes of the statements of cash flows for the Internal Service Funds, the Borough has defined cash as the demand deposits and all investments maintained in the central treasury (regardless of maturity period), because the funds use the pool essentially as a demand deposit account.

2. Receivables and Payables

All outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the fund financial statements, are reported as nonspendable fund balance to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade and property tax receivables are shown net of an allowance for uncollectibles. The property tax receivable allowance is equal to 1.4% of the current year personal property tax levy.

3. Inventories

The Borough maintains custody of the maintenance inventory reported on the School District financial statements. These inventories consist of expendable supplies, to repair and maintain schools or other district locations. The cost of inventory items is included in expenditures when issued to schools from the central warehouse or issued for consumption.

4. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2022 are recorded as prepaid items. Prepaids are recognized when incurred and the expenditure is recorded in the period that is benefited using the consumption method.

5. Restricted Assets

Restricted cash and investments are held in capital project funds and are restricted because their use is limited by bond covenant.

6. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, and similar items), are reported in the applicable governmental columns in the government-wide financial statements. The Borough has established a capitalization threshold of \$5,000. Only infrastructure assets acquired by the Borough after July 1, 1980, are reported. All purchased capital assets are valued at historical cost. Donated works of art and similar items are valued at their acquisition value on the date received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset life are not capitalized. Improvements are capitalized and depreciated over the remaining useful life of the related asset. Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u> | <u>Years</u> |
|-----------------------------------|--------------|
| Buildings | 10-50 |
| Right-to-use leased buildings | 10-50 |
| Improvements other than buildings | 10-50 |
| Infrastructure | 10-50 |
| Vehicles | 7-10 |
| Equipment | 5-10 |

7. Compensated Absences

The Borough and Service Areas recognize a liability for the net amount of accrued vacation. Accumulated vacation may be received in cash, subject to certain restrictions. The obligation of accumulated unpaid personal leave amounts to \$3,233,131 at June 30, 2022. Of the total accumulated unpaid vacation at June 30, 2022, \$808,283 is expected to be paid out within one year. An internal service fund, Employee Compensated Leave Fund, was established to account for resources accumulated to provide for compensated absences for the Borough's governmental activities. The Borough does not accrue a liability for non-vested sick leave, payable only in the event of employee absence due to illness. That amount is \$66,307 at June 30, 2022, a decrease of \$54,760 from June 30, 2021.

8. Long-term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued and any bond premium are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance cost, whether or not withheld from the actual debt proceeds received, is reported as debt service expenditures.

9. Fund Balances and Fund Balance Flow Assumptions

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form; prepaid items or long-term receivables; or (b) legally or contractually required to be maintained intact.

The spendable portion of fund balances comprises the four remaining classifications: restricted,

committed, assigned and unassigned.

Restricted fund balance – This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – These amounts can only be used for specific purposes pursuant to constraints imposed by formal ordinances of the Borough Assembly, the government’s highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Assembly rescinds or modifies the commitment through the ordinance process, the same formal action used to create the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance – This classification reflects the amounts constrained by the Borough’s “intent” to be used for specific purposes, but are neither restricted nor committed. The Borough Assembly has delegated the assignment ability to the Finance Director through Resolution 2011-067. Assigned fund balances include all remaining amounts (except negative balances) that are reported in the governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned fund balance – This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the Borough’s policy to use restricted resources first, followed by committed, assigned and unassigned.

10. Minimum Fund Balance Policy

In 2001, the Kenai Peninsula Borough Assembly established a formal fund balance policy affecting the General Fund, annually budgeted special revenue funds and general government capital project funds. The policy is established in the General Fund and Special Revenue Funds for the purpose of maintaining the Borough’s credit worthiness, providing liquidity and protecting essential Borough programs and requirements during periods of economic downturn or catastrophic loss. The policy sets both minimum and maximum levels and is reported as assigned fund balance; these commitments can only be changed or lifted by the Assembly taking the same formal action that imposed the constraint originally, which was approved by Resolution 2001-045 and later updated by Resolution 2017-031.

11. Net Position and Net Position Flow Assumptions

Net position represents the residual interest in the Borough’s assets and deferred outflows of resources after liabilities and deferred inflows of resources are deducted and consists of three components: net investment in capital assets, restricted and unrestricted net position. Net investment in capital assets include capital assets, net of accumulated depreciation, reduced by outstanding debt incurred to acquire, construct, or improve those capital assets, excluding unexpended proceeds. The restricted category represents the balance of assets restricted for general use by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

Sometimes the Borough will fund outlays for a purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Borough’s policy to consider restricted net position constraints and items before unrestricted net position is applied.

12. Deferred Outflows/Inflows of Resources

A deferred outflow of resources represents a consumption of net assets that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditures) until then. A deferred inflow of resources represents an acquisition of net assets that applies to future period(s) and will not be recognized as an inflow of resources (revenues) until that time. In the government-wide statements, deferred outflows of resources of the Borough consist of deferred charges on debt refundings as well as certain pension and OPEB related accounts. Deferred inflows of resources reported on the government-wide statements consist of property taxes received in advance as well as certain pension and OPEB related accounts, while deferred inflows of resources reported on the governmental balance sheet consist of prepaid property taxes, unavailable property taxes, leases receivable and land sales.

13. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriations, is employed as an extension of formal budgetary integration in the Borough's governmental funds. Encumbrances, if any, outstanding at year-end are reported as appropriate constraints of fund balance if they meet the criteria and definitions outlined in the fund balance section of these notes.

Significant encumbrances exceeding \$100,000 as of June 30, 2022 were:

| Description/Program | Major Funds | | | Nonmajor Funds |
|--|------------------|----------------------------------|---------------------------------|---------------------|
| | General Fund | Solid Waste Capital Project Fund | Land Trust Special Revenue Fund | Other Gov't Funds |
| Public safety facilities and equipment | \$ - | \$ - | \$ - | \$ 974,874 |
| Recreational facility upgrades | - | - | - | 80,794 |
| Educational facilities and equipment | - | - | - | 395,168 |
| General government activities | 329,826 | - | 199,900 | 766,307 |
| Roads/paths construction and upgrades | - | - | - | 1,071,042 |
| Solid waste facilities | - | 1,455,977 | - | 99,425 |
| Community assistance program | - | - | - | 132,146 |
| Total | <u>\$329,826</u> | <u>\$ 1,455,977</u> | <u>\$ 199,900</u> | <u>\$ 3,519,756</u> |

14. Pensions and Other Post Employment Benefits (OPEB)

For purposes of measuring the net pension and OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the fiduciary net position of the Public Employees' Retirement System (PERS) and additions to/from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

15. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that

affect reporting amounts of assets and deferred outflows of resources and liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

16. Deferred Compensation Plan

The Borough offers its employees a deferred compensation plan created in accordance with Internal Revenue Code (IRC) Section 457. The Plan, available to all permanent Borough employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. In accordance with the Internal Revenue Code, all assets and income of the Plan are held in trust for the exclusive benefit of participants and their beneficiaries. The Plan does not meet the definition of a pension plan under current accounting guidance and does not meet the reporting criteria for inclusion as a fiduciary fund.

17. Leases

The Borough has lessee and lessor relationships regarding buildings, towers, and land. The Borough recognizes lease related liabilities in the government financial statements as capital assets; and the assets in the governmental funds.

For lessee relationships, at the commencement of a lease, the Borough initially measures the lease liability at the present value of payments expected to be made during the lease term. The lease asset is initially measured at the initial amount of the lease liability, adjusted for lease payments made and subsequently amortized on a straight-line basis over its useful life. For lessor relationships, at the commencement of a lease, the Borough initially measures the lease receivable at the present value of payments expected to be received during the lease term. The deferred inflow of resources is initially measured as the lease receivable amount, and subsequently recognized as revenue over the life of the lease term. The Borough does not consider leasing activities to be a significant component of its principal ongoing operations.

The Borough bases these numbers on discount rate used, lease term, and lease payments/receipts. The Borough uses an incremental borrowing rate as the discount rate. The lease term is the noncancellable term of the lease, and the lease payments/receipts are composed of fixed payments to the lessor or payments received from the lessee. The Borough determines if a lease is recognizable based on materiality levels of the fund the lease belongs to.

II – Stewardship, Compliance and Accountability

A. Budgetary Information

The budgetary data presented in the financial statements is reflective of the following procedure:

Before May 15th of each year, the Borough Mayor submits to the Borough Assembly a proposed budget for the next fiscal year of the Borough. The Assembly then conducts public hearings to obtain taxpayer comment. These budgets are legally enacted by passage of an ordinance and the mill levies are established. Alaska law mandates that tax levies be adopted no later than midnight of June 14 each year.

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds except certain special revenue funds which are grant and project funded and capital project funds, which adopt project-length budgets. Special revenue funds that are not budgeted for are the Land Trust Investment Fund, Environmental Protection Programs Fund, Disaster Relief Fund, and Miscellaneous Grants Fund. All annual appropriations lapse at fiscal yearend.

Annual budgets are also adopted for the internal service funds. However, generally accepted accounting principles do not require the reporting of budgets for internal service funds, and budgetary comparisons are not included for these funds because the measurement focus is based upon determination of net income and financial position.

The legal level of control is at the fund level. The Mayor may transfer unencumbered balances within a fund, which is then reported to the Assembly on a monthly basis. Assembly action is required to transfer between funds, departments, or other major budget classification such as departmental divisions. After the initial introduction at any meeting of the Assembly of an ordinance, other than an emergency ordinance or one that adds to, amends, or repeals any provision in the Kenai Peninsula Borough Code, at least 13 days shall be allowed to pass before the public hearing and Assembly vote occurs. For ordinances that add to, amend, or repeal any provision in the Kenai Peninsula Borough Code, at least 25 days shall be allowed to pass before the public hearing and Assembly vote occurs. Emergency appropriations to meet public emergencies affecting life, health, welfare, or property may be made by the Assembly by ordinance without notice of public hearing. An emergency appropriation is effective for 60 days.

The Kenai Peninsula Borough School Board is required by Alaska law to adopt and submit their annual budget to the Kenai Peninsula Borough Assembly by May 1 of each year for approval by the Assembly of the total amount. Within 30 days after receipt of the School District budget, the Borough Assembly must determine the total amount of funds to be made available from local sources for school purposes and must furnish the Board of Education with a statement of this amount.

The remainder of this page intentionally left blank.

III – Detailed Notes on all Funds

A. Deposit and Investment Risk Disclosure

As of June 30, 2022, the Borough, School District, CPH and SPH’s investments were as follows:

| <u>Investment Type</u> | <u>Fair Value*</u> | <u>Fixed Income Investment Maturities (in years)</u> | | |
|--|-----------------------|--|----------------------|----------------------|
| | | <u>Less than 1</u> | <u>1-3</u> | <u>3-5</u> |
| Central Treasury Unrestricted: | | | | |
| Money Market Funds | \$ 10,454,711 | \$ 10,454,711 | \$ - | \$ - |
| Repurchase Agreements | 14,760,642 | 14,760,642 | - | - |
| Certificates of Deposit | 1,450,565 | 733,815 | 716,750 | - |
| U.S. Treasuries | 44,996,721 | - | 26,729,030 | 18,267,691 |
| U.S. Agencies | 45,204,764 | - | 29,177,511 | 16,027,253 |
| Asset-Backed Securities** | 2,163,594 | 1,102,972 | 1,060,622 | - |
| Municipal Bonds | 20,840,105 | - | 12,654,682 | 8,185,423 |
| Corporate Fixed Income Bonds | 50,963,746 | 18,206,465 | 24,100,737 | 8,656,544 |
| | <u>\$ 190,834,848</u> | <u>\$ 45,258,605</u> | <u>\$ 94,439,332</u> | <u>\$ 51,136,911</u> |

*Market value plus accrued income.

**Includes asset-backed securities, residential and commercial mortgage-backed securities.

The Borough has adopted a formal investment policy, which seeks the preservation of capital, maintaining a sufficient level of liquidity to meet cash flow requirements, and attaining a market rate of return while taking into account risk constraints.

The Land Trust Investment Fund “(LTIF)” was established through Ordinance 2018-29 in September 2018, KPB 5.20.080. A transfer of \$5,275,000 from the Land Trust Fund established the initial principal investment in the fund. The financial assets of the Land Trust Investment Fund

are committed to preserve the value of land assets that are sold and to generate investment income to support and supplement the operating revenue of the Land Trust Fund and for other uses as determined by the Assembly.

Fair Value Measurement: The Borough categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Borough has the following recurring fair value measurements as of June 30, 2022:

Investments Measured at Fair Value

| Investments by Fair Value Level | Fair Value | Fair Value Measurement Using | | |
|---|-----------------------|--|---|---|
| | | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| U.S. Treasuries | \$ 71,933,477 | \$ 71,933,477 | \$ - | \$ - |
| U.S. Agencies | 75,809,316 | - | 75,809,316 | - |
| Asset-Backed Securities | 2,163,594 | - | 2,163,594 | - |
| Municipal Bonds | 20,840,105 | - | 20,840,105 | - |
| Corporate Bonds | 50,963,746 | - | 50,963,746 | - |
| Certificates of Deposit | 1,450,565 | - | 1,450,565 | - |
| U.S. Fixed Income | 1,720,838 | 1,720,838 | - | - |
| TIPS | 177,775 | 177,775 | - | - |
| International Bonds | 371,858 | 371,858 | - | - |
| Equities | 3,743,862 | 3,743,862 | - | - |
| Alternatives/real assets | 1,688,652 | 1,688,652 | - | - |
| Total Investments at fair value level | <u>230,863,788</u> | <u>\$ 79,636,462</u> | <u>\$ 151,227,326</u> | <u>\$ -</u> |
| AMLIP * | 3,946,190 | | | |
| Money Market Funds | 15,746,205 | | | |
| Repurchase Agreements | <u>40,214,909</u> | | | |
| Total Central Treasury and LTIF investments | <u>\$ 290,771,092</u> | | | |

* The Borough's investment in Repurchase Agreements, Money Market Funds and AMLIP are measured at amortized cost, as of June 30, 2022. Management believes these values approximate fair value.

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

The AMLIP is an external investment pool, which is rated AAAM by Standard and Poor's Corporation for credit risk purposes. Alaska Statute 37.23 establishes regulatory oversight of the pool. The law sets forth numerous requirements regarding authorized investments and reporting. On a monthly basis the investments in the pool are reviewed for fair value by an independent

pricing service. The values of investments in the AML pool are approximately equal to fair value. There are no limitations or restrictions on participant withdrawals from the AMLIP investment pool.

Interest Rate Risk: To limit its interest rate risk the Borough’s investment policy recommends that a minimum of forty percent of the portfolio to be invested for one year or less and repurchase agreements shall not make up more than twenty percent of the portfolio. Investment maturities are limited as follows:

| <u>Maturity</u> | <u>Target Maturity Level</u> | <u>Actual Investment</u> |
|---------------------|------------------------------|--------------------------|
| One Year or Less | 40% | 49% |
| One to Three Years | 30% | 33% |
| Three to Five Years | 30% | 18% |

The fair values of the Borough’s Land Trust Investment Fund fixed income investments fluctuate in response to changes in market interest rates. Increases in prevailing interest rates generally translate into decreases in fair values of those instruments. Fair values of interest rate sensitive instruments may be affected by the creditworthiness of the issuer, prepayment options, relative values of alternative investments, the liquidity of the instrument, and other general market conditions. Duration of a financial asset measures the sensitivity of the asset’s price to changes in interest rates. The benchmark index for the U.S. fixed income component of the fund is the Bloomberg U.S. Aggregate Bond Index or a substantially similar index for the benchmark. The index allows for maturities greater than 1 year. At June 30, 2022, the index had an average duration of 6.44 while the fund’s U.S. fixed income component had an average duration of 6.42.

Option Risk: Option risk is the risk that an investment’s issuer may exercise a right embedded in the investment—an embedded option. The Borough invests in securities issued by U.S. Government Agencies and highly rated corporate issuers that may contain call options or variable rate features. As of June 30, 2022, about \$46.3 million or 17.1% of the portfolio securities contain call options and about \$1.2 million or 0.5% of the portfolio securities have variable rate features. The exercise of the call option by the issuer occurs during times of declining interest rates; therefore the Borough is exposed to the risk of having to reinvest at a lower interest rate. The securities are listed below at their earliest call dates. Three agency mortgage backed securities have a variable rate feature in which the rate remains fixed until a time when certain events could transpire. The coupon rate established at the time the security was structured is based on the blended rate of the underlying mortgage loans that were pooled together to make the security. The pool of loans contains underlying mortgages at different rates of interest. If a majority of the higher interest rate loans were paid off at a faster pace than the lower interest rate loans, to the point that the coupon rate of the security would no longer be able to support the stated blended rate of the underlying mortgage loans, then the coupon would be adjusted lower to reflect the lower income stream on the remaining mortgage loans. The adjustment, if it were to occur, would be relatively minor and is probably unlikely.

Concentration of Credit Risk: The Borough's investment policy limits the amount that can be invested in a security based on the type. The Borough had three issuers in the U.S. Agencies investment type that represents 5% or more of the total investments other than explicitly guaranteed U.S. government securities. GASB Statement No. 40, "Deposit and Investment Risk Disclosures - an amendment of GASB Statement No. 3" requires disclosure when 5% or more is invested in any one issuer. The three issuers in excess of 5% are as follows:

| <u>Issuer</u> | <u>% of Portfolio</u> | <u>% of Investment Type</u> |
|---------------------------------------|-----------------------|-----------------------------|
| Federal National Mortgage Association | 14.60% | 43.20% of US Agency |
| Federal Farm Credit Bank | 7.15% | 21.15% of US Agency |
| Federal Home Loan Bank | 8.81% | 26.07% of US Agency |

The percentages of investment by type are as follows:

| <u>Investment Type</u> | <u>Maximum Allowable % per Investment Policy</u> | <u>Maximum Maturity per Investment Policy</u> | <u>Actual % as of June 30, 2022</u> |
|--------------------------|--|---|-------------------------------------|
| U.S. Treasury Securities | 100% | 5 years | 25.5% |
| U.S. Agencies | 100% | 5 years | 27.6% |
| Corporate Bonds | 50% | 5 years | 18.0% |
| Municipal Bonds | 25% | 5 years | 7.4% |
| Repurchase Agreements | 20% | n/a | 14.2% |
| Money Market Funds | 20% | n/a | 5.4% |
| AMLIP | 20% | n/a | 1.4% |
| Bankers' Acceptances | 10% | 3 years | 0.0% |
| Commercial Paper | 25% | 270 days | 0.0% |

Term Repurchase Agreements and Certificates of Deposit:

| | | | |
|-------------------------|-----|---------|------|
| 7-day term or shorter | 25% | n/a | 0.0% |
| Greater than 7-day term | 25% | 3 years | 0.5% |

The following is a list of asset classes allowed for the Land Trust Investment Fund, their benchmark index, their appropriate target weighting, minimum, maximum, and the actual weighting at June 30, 2022.

| <u>Asset Class</u> | <u>Target % Weighting</u> | <u>Minimum % Weighting</u> | <u>Maximum % Weighting</u> | <u>Actual % Weighting</u> |
|-------------------------|-------------------------------|--------------------------------|--------------------------------|-------------------------------|
| FIXED INCOME | 27% | | | |

| Commodities | 3% | 0% | 6% | 3.0% |
| Alternative Beta | 10% | 0% | 15% | 11.7% |

Credit Risk: Alaska State Law does not have specific investment limitations. It is the Borough's policy to limit its investments to investment grade securities. Investment grade corporate bonds are defined as those with a rating of "triple B" or higher by a nationally recognized statistical rating organization (NRSROs). In the event an issuer of a corporate bond held in the portfolio having a remaining term to maturity of more than one year is downgraded to less than "triple B" by both Moody's and S&P, the security will be sold. Commercial paper must be rated "A" or P1 or higher by Moody's Investor's Service, Inc. and "A" or A1 or higher by Standard and Poor's Corporation at the time of purchase. Municipal bonds issued by states or political subdivisions must be rated "A" or P1 or higher by Moody's Investor's Services, Inc. and "A" or A1 or higher by Standard and Poor's Corporation.

As of June 30, 2022, the Borough's investments in money market funds, corporate bonds, municipal bonds, and U.S. Government agencies or instruments implicitly guaranteed by the U.S. Government were rated as follows:

| <u>Moody's</u> | | <u>S & P</u> | |
|----------------|-------------|------------------|-------------|
| Aaa | 58% | AAA | 8% |
| Aa | 11% | AA | 38% |
| A | 6% | A | 5% |
| Not rated* | 25% | Not Rated* | 49% |
| | <u>100%</u> | | <u>100%</u> |

*Collateralized

A blend of the Barclays U.S. Aggregate Bond Index, the Bloomberg 1-5 Year Government Credit Index, the Bloomberg U.S. High Yield Very Liquid Index, the Bloomberg 0-5 Year TIPS Index, the Bloomberg Global Aggregate ex-USD Float Adjusted RIC Capped Index, and the Citigroup 3-month Treasury Bill Index are utilized as the benchmark for the fixed income allocation at each asset class's target weighting, per Kenai Peninsula Borough Resolution 2021-079.

Custodial Credit Risk: Custodial credit risk is the risk that in the event of the failure of a depository institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. To limit custodial credit risk, it is the Borough's policy to collateralize all monies deposited in excess of the FDIC limit. All pledged collateral for the Kenai Peninsula Borough must be held in a collateral custodian account of the Kenai Peninsula Borough under a formal tri-party agreement. Of the Borough's \$40.21 million in repurchase agreements at June 30, 2022, \$40.06 million of underlying securities are pledged to the Borough by the Bank. This collateral is owned by the Bank and held by the third-party custodian. The remaining balance of \$0.15 million is in the Borough's overnight sweep account and the funds have not been posted to the Borough's bank account. When received, the funds will be collateralized. The Federal Deposit Insurance Corporation (FDIC) insures \$250,000.

Cash and short-term investment balances at June 30, 2022, consisted of the following:

| | <u>Carrying Amount</u> | <u>Bank Balance</u> |
|--|----------------------------|-------------------------|
| Cash and short-term investments held in central treasury: | | |
| Checking accounts: | | |
| Primary Government | \$ (1,487,556) | \$ 155,096 |
| Discretely Presented Component Unit (School District) | <u>(1,733,854)</u> | <u>-</u> |
| Total cash and short-term investments held in central treasury | <u><u>(3,221,410)</u></u> | <u><u>155,096</u></u> |
| Other cash and investments: | | |
| Primary Government - | | |
| Checking and savings accounts | 404,937 | 506,422 |
| Cash on hand | 1,960 | - |
| Short-term investments | <u>8,060,602</u> | <u>8,568,792</u> |
| Total other cash and short-term investments | \$ <u><u>8,467,499</u></u> | <u><u>8,973,729</u></u> |

The following is a summary of equity in central treasury and investments at June 30, 2022:

| | |
|--|-----------------------|
| General Fund (major fund) | \$ 36,273,603 |
| Special revenue funds (major funds) | 6,103,098 |
| Special revenue funds | 34,701,990 |
| Capital projects funds (major fund) | 16,227,119 |
| Capital project funds | 26,201,202 |
| Capital project funds – Restricted (major fund) | 497,442 |
| Capital project funds – Restricted | 465,706 |
| Internal service funds | <u>15,835,072</u> |
| Total Governmental Activities equity in central treasury | \$ <u>136,305,232</u> |
| Fiduciary fund | \$ <u>690,074</u> |
| <u>Discretely Presented Component Units</u> | |
| School District | \$ 38,388,422 |
| Central Peninsula Hospital | 4,179,194 |
| Central Peninsula Hospital – Restricted assets | 9,367,666 |
| Central Peninsula Hospital – Assets whose use is limited | 75,303,336 |
| South Peninsula Hospital | 7,351,061 |
| South Peninsula Hospital – Assets whose use is limited | <u>7,904,096</u> |
| Total equity in central treasury | \$ <u>279,489,081</u> |

The equity in central treasury consists of the following:

| | | |
|---------------------------------|----|--------------------|
| Cash and short-term investments | \$ | (3,221,410) |
| Investments | | <u>282,710,491</u> |
| | \$ | <u>279,489,081</u> |

Calculation of the net increase (decrease) in the fair value of investments-aggregate method:

| | | |
|--|----|----------------------|
| Fair value at June 30, 2022 | \$ | 282,710,490 |
| Add: cost of investments sold/called/matured in FY2022 | | 102,796,932 |
| Less: cost of investments purchased in FY2022 | | (145,175,918) |
| Less: fair value at June 30, 2021 | | <u>(249,337,808)</u> |
| Change in fair value of investments | \$ | <u>(9,006,304)</u> |

The remainder of this page intentionally left blank.

B. Property Taxes

The Borough bills and collects its own property taxes as well as those of the cities within the Borough. The taxes collected on behalf of the Borough cities are recorded in the Custodial Fiduciary Fund. Beginning with FY1989, the Borough contracted with the State of Alaska for collection of the tax on motor vehicles. This contract allows the State to collect taxes according to a prescribed schedule of values at the time of registration of an individual's motorized vehicle. The State then remits to the Borough the total collections less an 8% service fee.

The Borough is permitted by state law to levy up to \$3.00 per \$100 of assessed valuation for general government services other than the payment of principal and interest on long-term debt. State law prohibits taxation that will result in tax revenues from all sources exceeding \$1,500 per year for each person residing within the municipal boundaries or upon value that, when combined with the value of property otherwise taxable by the Borough, exceeds the product of 225 percent of the average per capita assessed full and true value of property in the State multiplied by the number of residents. The Borough is within these limits.

The Borough also collects its own sales tax as well as that of the cities within the Borough. The Borough-wide sales tax rate is 3%, while the city rates vary from 2% - 6.5%. The sales tax collections for Borough cities are recorded in the Custodial Fiduciary Fund.

Property Tax Calendar

| | | | |
|------------------|------------------------------|----------------------------|------------------|
| Assessment date | January 1, 2021 | Total taxes are due | October 15, 2021 |
| Levy date | Not later than June 15, 2021 | Penalties & interest added | October 17, 2021 |
| Tax bills mailed | Not later than July 1, 2021 | Lien date | April 15, 2022 |

Property taxes levied for the current year are recognized as revenues, even though a portion is collected in the period subsequent to the year end. The Borough's property tax collection records show that approximately 98% of the property taxes due were collected within 60 days after the due date. Assessed values are established by the Kenai Peninsula Borough assessor's office.

C. Receivables

Receivables at June 30, 2022 for the government's individual major funds and proprietary funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

| | <u>Major funds</u> | | <u>Nonmajor</u> | | <u>Total</u> |
|-----------------------------------|----------------------|---------------------|--------------------------|-------------------------------|----------------------|
| | <u>General</u> | <u>Land Trust</u> | <u>Other Gov't Funds</u> | <u>Internal Service Funds</u> | |
| Taxes | \$ 11,958,844 | \$ - | \$ 452,844 | \$ - | \$ 12,411,688 |
| Accounts and other receivables | 155,045 | - | 1,398,996 | 7,424 | 1,561,465 |
| Leases receivable | 346,593 | 3,100,594 | 1,130,175 | - | 5,053,770 |
| Land sale contracts | - | 1,686,165 | - | - | 1,686,165 |
| Due from landowners | 579,080 | - | - | - | 579,080 |
| Intergovernmental | <u>7,031,900</u> | <u>-</u> | <u>777,854</u> | <u>-</u> | <u>7,809,754</u> |
| Total receivables | 20,071,462 | 4,786,759 | 3,759,869 | 7,424 | 28,625,514 |
| Less allowance for uncollectibles | <u>(24,248)</u> | <u>-</u> | <u>(11,268)</u> | <u>-</u> | <u>(35,516)</u> |
| | <u>\$ 20,047,214</u> | <u>\$ 4,786,759</u> | <u>\$ 3,748,601</u> | <u>\$ 7,424</u> | <u>\$ 28,589,998</u> |

D. Deferred Inflows of Resources, Deferred Outflows of Resources and Unearned Revenues

Governmental funds report deferred inflows in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. The governmental funds and the government-wide statements report unearned revenue in connection with resources that have been received, but not yet earned. The government-wide statements report deferred outflow of resources in connection with deferred losses on bond refundings. The government-wide statements also report deferred outflows of resources and deferred inflows of resources for pension and OPEB related items; as well as lease related items. At June 30, 2022, the various components of unearned revenue, deferred inflows, and deferred outflows of resources reported in the governmental funds and government-wide statements were as follows:

| | Government-Wide | | | Fund Level | |
|---|---------------------|---------------------|---------------------|---------------------|----------------------|
| | Deferred Outflows | Deferred Inflows | Unearned | Deferred Inflows | Unearned |
| Unamortized deferred loss Pension and OPEB related | \$ 703,627 | \$ - | \$ - | \$ - | \$ - |
| Property taxes receivable (General Fund) | 5,058,452 | 22,695,929 | - | - | - |
| Prepaid property tax (General Fund) | - | - | - | 563,600 | - |
| Property taxes receivable (nonmajor gov't funds) | - | 6,962,946 | - | 6,962,946 | - |
| Prepaid property tax (nonmajor gov't funds) | - | - | - | 407,462 | - |
| Lease related (General Fund) | - | 7,883,124 | - | 7,883,124 | - |
| Lease related (Land Trust) | - | 343,269 | - | 343,269 | - |
| Lease related (nonmajor gov't funds) | - | 3,047,751 | - | 3,047,751 | - |

E. Capital Assets

Capital asset activity for the year ended June 30, 2022 was as follows:

| Governmental Activities: | Balance <u>July 1, 2021</u> | Additions/ <u>Transfers</u> | Deductions/ <u>Transfers</u> | Balance <u>June 30, 2022</u> |
|---|--|--|---|---|
| Capital assets, not being depreciated: | | | | |
| Land | \$ 71,056,576 | \$ 109,500 | \$ (1,335,632) | \$ 69,830,444 |
| Construction in progress | <u>15,160,978</u> | <u>2,737,630</u> | <u>(4,153,278)</u> | <u>13,745,330</u> |
| Total capital assets, not being depreciated | <u>86,217,554</u> | <u>2,847,130</u> | <u>(5,488,910)</u> | <u>83,575,774</u> |
| Capital assets, being depreciated: | | | | |
| Buildings | 311,136,715 | 2,009,850 | - | 313,146,565 |
| Right-to-use leased building | - | 90,567 | - | 90,567 |
| Improvements other than buildings | 98,116,278 | 2,466,791 | - | 100,583,069 |
| Machinery and equipment | 52,205,226 | 3,690,367 | (2,086,727) | 53,808,866 |
| Infrastructure | <u>20,315,505</u> | <u>-</u> | <u>-</u> | <u>20,315,505</u> |
| Total capital assets being depreciated | <u>481,773,724</u> | <u>8,257,575</u> | <u>(2,086,727)</u> | <u>487,944,572</u> |
| Less accumulated depreciation and amortization for: | | | | |
| Buildings | (226,161,664) | (4,829,281) | - | (230,990,945) |
| Right-to-use leased building | - | (32,998) | - | (32,998) |
| Improvements other than buildings | (72,212,546) | (2,700,295) | - | (74,912,841) |
| Machinery and equipment | (36,342,129) | (3,647,042) | 2,014,064 | (37,975,107) |
| Infrastructure | <u>(6,021,760)</u> | <u>(532,104)</u> | <u>-</u> | <u>(6,553,864)</u> |
| Total accumulated depreciation and amortization | <u>(340,738,099)</u> | <u>(11,741,720)</u> | <u>2,014,064</u> | <u>(350,465,755)</u> |
| Total capital assets, being depreciated, net | <u>141,035,625</u> | <u>(3,484,145)</u> | <u>(72,663)</u> | <u>137,478,817</u> |
| Governmental activities capital assets, net | <u>\$ 227,253,179</u> | <u>\$ (637,015)</u> | <u>\$ (5,561,573)</u> | <u>\$ 221,054,591</u> |

Internal service funds serve the governmental funds. Accordingly, their capital assets are included as part of the above totals for governmental activities.

Depreciation and amortization expense was charged to functions/programs of the primary government as follows:

Governmental activities:

| | |
|---|----------------------|
| General government | \$ 412,533 |
| Solid waste facilities | 1,677,984 |
| Public safety | 3,625,314 |
| Recreation | 211,053 |
| Education | 4,536,672 |
| Roads and trails | 542,621 |
| Internal Service Funds | <u>735,543</u> |
| Total depreciation and amortization expense - governmental activities | <u>\$ 11,741,720</u> |

Construction commitments:

The Borough has numerous active construction projects as of June 30, 2022. The projects include major repair of existing roads, improvement to school facilities and public safety facilities. At year end the Borough’s commitments with contractors are as follows:

| <u>Projects</u> | <u>Remaining Commitments</u> | <u>Financing Sources</u> |
|--------------------------------|----------------------------------|--|
| Major repair of existing roads | \$ 1,068,309 | Federal and state grants and local funding |
| Solid waste facilities | 1,455,977 | Federal grants and local funding |
| Educational facilities | 390,918 | Local funding |
| Fire and emergency facilities | 19,800 | Local funding |
| General government facilities | <u>71,637</u> | Local funding |
| Total | \$ <u>3,006,641</u> | |

F. Leases

Lease receivable:

In FY2022, the Borough had 28 active leases in which the Borough was the lessor, including tower leases, land leases and building leases. The Borough recognized \$250,587 in lease revenue and \$95,803 in interest revenue related to these leases in FY2022. As of June 30, 2022 the Borough’s receivable for these leases was \$4,577,362. Also, the Borough shows a deferred inflow of resources associated with the leases that will be recognized as revenue over the lease terms. As of June 30, 2022, the balance of the deferred inflow of resources was \$4,499,326.

Lease payable:

In FY2022, the Borough had two active leases in which the Borough was the lessee, a tower lease and a building lease. The Borough recognized an initial lease liability totaling \$95,067 during the current year. The value of the right-to-use assets at the end of the current fiscal year net of accumulated amortization totals \$57,569.

The future principal and interest lease payments as of June 30, 2022, were as follows:

| <u>Fiscal Year</u> | <u>Principal</u> | <u>Interest</u> | <u>Totals</u> |
|--------------------|------------------|-----------------|------------------|
| 2023 | \$ 15,367 | \$ 877 | \$ 16,244 |
| 2024 | 8,852 | 687 | 9,539 |
| 2025 | 9,322 | 503 | 9,825 |
| 2026 | 9,811 | 309 | 10,120 |
| 2027 | 10,319 | 105 | 10,424 |
| 2027-2032 | 5,289 | - | 5,289 |
| Totals | <u>\$ 58,961</u> | <u>\$ 2,481</u> | <u>\$ 61,442</u> |

G. Interfund Receivables, Payables and Transfers

Interfund Transfers

Interfund transfers have been made in accordance with appropriating ordinances. The Borough collects a 3% sales tax and records the revenue in the General Fund. Sales tax, specifically dedicated to School District operations, and additional funds appropriated by the Assembly are transferred in monthly installments from the General Fund to the School District. The School District is a discretely presented component unit of the Borough and therefore the funding of \$48,000,000 was shown as an expenditure of the General Fund and not an interfund transfer.

Transfers between funds for the year ended June 30, 2022, were as follows:

| | Transfers In | | |
|---------------------------------|---------------------|----------------------|----------------------|
| | Major Fund | | |
| Transfers Out: | Solid Waste | Nonmajor | |
| | Capital | Gov't | Total |
| | Project | Funds | |
| | Fund | | |
| General Fund | \$ 1,273,341 | \$ 10,478,039 | \$ 11,751,380 |
| Land Trust Special Revenue Fund | - | 1,203,960 | 1,203,960 |
| Nonmajor governmental funds | - | 7,317,188 | 7,317,188 |
| Total | \$ 1,273,341 | \$ 18,999,187 | \$ 20,272,528 |

Significant transfers were as follows:

- The General Fund transferred \$3,528,890 to the School Debt Service Fund to fund FY2022 debt service payments on bonds sold to finance construction of school facilities and capital maintenance, of which \$2,469,174 was reimbursed by the State of Alaska. The General Fund also transferred \$531,885 in PILT dollars to capital emergency services funds as follows: Nikiski Fire Service Area \$82,934, Central Emergency Service Area \$7,086, Bear Creek Fire Service Area \$91,865, Western Emergency Service Area \$175,000 and Kachemak Emergency Service Area \$175,000.
- The General Fund transferred \$4,050,000 to the School Revenue Capital Projects Fund to fund capital maintenance on school facilities, \$1,063,750 to the Solid Waste Debt Service Fund to fund debt on solid waste facilities and \$1,273,341 to the Solid Waste Capital Projects Fund to fund capital maintenance projects on solid waste facilities.
- The Central Emergency Service Area Special Revenue Fund transferred \$1,200,000 to the Central Emergency Service Area Capital Project Fund to support fire equipment and facility maintenance capital projects and \$571,063 to the Central Emergency Services Debt Service Fund.
- The Road Service Area Special Revenue Fund transferred \$3,800,000 to the Road Service Area Capital Project Fund to support road upgrades and major maintenance.

H. Risk Management

The Kenai Peninsula Borough has established an office of Risk Management and a limited self-insurance program which is codified by Borough ordinance and administered by the Risk Manager and a Risk Management Committee. It is the responsibility of the Risk Manager and the Risk Management Committee to insure, self-insure and select appropriate retention levels and deductibles for the risks confronting the Kenai Peninsula Borough, its Service Areas and the School District. All losses, or claims, are reported to the Office of Risk Management and are handled internally within the retentions levels and deductibles, and all new and outstanding claims are reviewed monthly with the Risk Management Committee and the Risk Manager.

The greatest exposure to financial loss confronting the Kenai Peninsula Borough and School District would be in the areas of property loss, auto liability and general liability due to the number of properties and the fleet of vehicles owned and operated by the Borough and School District. The Borough also purchases several excess policies which provide coverage beyond what is included in the package policy as well as pollution liability coverage for incidents arising from Borough owned landfills effective July 1, 2016.

Insurers provide annual aggregate limits in excess of the retention level for the exposures of general liability, auto liability, public officials’ liability, educational errors and omissions and professional liability. Insurance coverage for these various liability exposures are written on a combined policy form. There were no material changes in the amounts of coverages, retentions or deductibles during the current fiscal year.

Self-insured retention/deductible amounts and upper coverage limits of excess insurance for major coverages are as follows:

| | Self-Insured Retention (Deductible) | Upper Coverage Limits of Excess Insurance |
|--------------------------|--|--|
| Auto & General Liability | \$ 250,000 | \$ 15,000,000 |
| Employers Liability | \$ 250,000 | \$ 2,500,000 |
| Workers’ Compensation | \$ 250,000 | Statutory Benefit |
| All-Risk Property: | | |
| Buildings | \$ 100,000 | \$ 1,276,256,513 |
| Mobile Equipment | Variable | Actual Cash Value |
| Fire & EMS Apparatuses | Variable | Scheduled Value |
| Automobile | Variable | Actual Cash Value |
| Crime | \$ 1,000 | \$ 500,000 |

Claims resulting from these risks have not exceeded commercial insurance coverage in any of the past five fiscal years.

The Kenai Peninsula Borough Insurance and Litigation Fund allocates the costs of insurance coverage on a proportionate share basis to the Borough, its Service Areas and the School District. In addition, an appropriate sum is charged for anticipated losses and claims that will be paid within the self-insured retention and deductible levels. The net position of the Fund is for future catastrophic losses.

| | <u>2022</u> | <u>2021</u> |
|--|---------------------|---------------------|
| Beginning of fiscal year liability | \$ 3,318,269 | \$ 2,144,825 |
| Current year claims incurred and changes in estimates for claims incurred in prior years | 936,809 | 2,567,374 |
| Claims and expenses paid | <u>(1,975,178)</u> | <u>(1,393,930)</u> |
| End of fiscal year liability | \$ <u>2,279,900</u> | \$ <u>3,318,269</u> |

Included above is a liability for incurred but not reported (IBNR) claims of \$593,845. Experience indicates those losses or claims do not go unreported for any significant length of time, therefore, the exposure to IBNR losses or claims is minimal.

In addition to the risk management issues listed above, the Borough maintains a health and medical benefit program, which covers all permanent employees working more than half-time. The Borough retains a major portion of the risk of this plan, and, accordingly, is liable for any employee health claims that are approved for payment. Stop-loss limits are \$200,000 for individual claims. Health and medical expenditures totaled \$7,134,742 for the year ended June 30, 2022, and consisted of paid claims, stop-loss premiums and administrative fees. Accruals were made based on estimates of health claims at year-end, including claims incurred but not reported.

Such accruals are accounted for in the Employee Health Insurance Internal Service Fund. A schedule of the changes in the healthcare claims liability for the two years ended June 30, 2022 and 2021 follows:

| | <u>2022</u> | <u>2021</u> |
|--|--------------------|---------------------|
| Health insurance claims liabilities, beginning of year | \$ 1,030,000 | \$ 800,000 |
| Current year claims incurred and changes in estimates for claims incurred in prior years | 6,321,991 | 7,069,530 |
| Claims and expenses paid | <u>(6,588,664)</u> | <u>(6,839,530)</u> |
| Health insurance claims liabilities, end of year | \$ <u>763,327</u> | \$ <u>1,030,000</u> |

I. Long-term Liabilities

A summary of long-term liability activity for the year ended June 30, 2022 is as follows:

| | <u>Balance July 1, 2021</u> | <u>Additions</u> | <u>Reductions</u> | <u>Balance June 30, 2022</u> | <u>Due Within One Year</u> |
|---|-------------------------------------|---------------------|---------------------|--------------------------------------|--------------------------------|
| Governmental activities: | | | | | |
| Areawide school bonds | \$27,395,000 | \$ 900,000 | \$ 3,655,000 | \$24,640,000 | \$2,795,000 |
| Central Emergency Services bonds | 3,735,000 | - | 410,000 | 3,325,000 | 430,000 |
| Bear Creek Fire bonds | 935,000 | - | 70,000 | 865,000 | 70,000 |
| Solid Waste bonds | 1,975,000 | - | 965,000 | 1,010,000 | 1,010,000 |
| Compensated absences * | 3,235,157 | 2,166,919 | 2,168,945 | 3,233,131 | 808,283 |
| Net Pension Liability ** | 37,302,896 | - | 8,556,797 | 28,746,099 | - |
| Net OPEB Liability ** | 66,522 | - | 66,522 | - | - |
| Landfill closure / postclosure | <u>8,814,861</u> | <u>873,340</u> | <u>421,335</u> | <u>9,266,866</u> | <u>812,885</u> |
| Total governmental activities long-term liabilities | <u>\$83,459,436</u> | <u>\$ 3,940,259</u> | <u>\$16,313,599</u> | <u>\$71,086,096</u> | <u>\$5,926,168</u> |
| Unamortized premium on bonds: | | | | | |
| School bonds 2011 refunding | | | | 21,649 | |
| School bonds 2014 | | | | 59,734 | |
| School bonds 2021 refunding | | | | 1,280,713 | |
| CES bonds 2015 refunding | | | | 37,294 | |
| CES bonds 2016 | | | | 92,649 | |
| CES bonds 2020 | | | | 204,895 | |
| Bear Creek Fire bonds 2013 project | | | | 3,610 | |
| Solid Waste bonds 2017 | | | | <u>32,405</u> | |
| | | | | <u>\$ 72,819,045</u> | |

* Based on an analysis of actual compensated absence expenditures/expense during fiscal year 2021, management estimates 25% of these balances will be used in FY2022. Therefore, 25% of the balance of compensated absences is classified as due within one year. Other long-term liabilities related to governmental activities such as compensated absences are generally liquidated by the General Fund.

** Pension and other post-employment benefits are generally liquidated approximately 44% by the General Fund and 44% by public safety related special revenue funds, with 12% being liquidated by recreation and roads related special revenue funds.

The Kenai Peninsula Borough has issued general obligation bonds for acquisition and construction of schools, solid waste disposal and transfer facilities, and expansions to the two service area hospitals. The general obligation school and solid waste bonds pledge the full faith and credit of the Borough, while the Central Emergency Services and the Bear Creek Service Area bonds pledge the full faith and credit of the respective service area.

School Bonds. School bonds are issued for the construction and major maintenance of public schools in the Borough. Bonds are paid from the General Fund through the levy of property taxes plus funding from the State of Alaska, which partially reimburses the Borough for expenditures for school debt issues. Per AS 14.11.100, the State of Alaska shall reimburse the Borough up to 70% of the principal and interest payments on the School bonds.

In August 2003, the Borough issued 20-year school bonds for the construction of a new middle school in Seward in the amount of \$14,700,000. In September 2011, the remaining debt was refunded leaving \$8,150,000 in principal to be amortized over the next 10 years with a final maturity date of September 2022. In July 2021, the Borough issued General Obligation School refunding bonds of \$900,000 to refinance \$930,000 of the \$1,820,000 in outstanding debt that resulted in a net present value of savings from cash flow of \$43,315.

In December 2010, the Borough issued 20-year school bonds in the amount of \$16,865,000. This was phase I of a two-phase project for roof replacement at various schools. Bonds were issued under the Buy America Bond Program. Under this program, bonds are issued as taxable and the Federal Government subsidizes the interest amount between the taxable portion and the rate that would have been in place if the bonds had been issued as tax exempt.

In July 2020, the Borough issued General Obligation School refunding bonds of \$8,970,000 to refinance \$10,430,000 of outstanding 2010 Buy America Bond Program school debt that resulted in a net present value of savings from cash flow of \$1,052,349.

In November 2013, the Borough issued 20-year school bonds in the amount of \$20,860,000. This was phase II of a two-phase project for roof replacement at various schools.

In June 2021 the Borough issued General Obligation School refunding bonds of \$14,500,000 to refinance \$12,890,000 of the \$14,790,000 in outstanding 2013 school debt that resulted in a net present value of savings from cash flow of \$1,459,148.

Central Emergency Service Area Bonds

In 2005, voters of the Central Emergency Service Area authorized the issuance of \$2,500,000 for the costs of planning, acquisition, designing, constructing, equipping and financing a fire station in Kasilof and renovating the fire station in the Funny River area. These bonds were issued in June 2006 in the amount of \$2,500,000. In October 2014, the Borough issued CES refunding bonds to refinance \$1.425 million of the outstanding debt that resulted in a net present value savings of \$116,196, the defeased debt was paid off in FY2016.

In October 2015, Service Area voters approved the issuance of bonds up to \$4.4 million for the purchase of emergency response vehicles, of which \$2.465 million was issued in February 2016 and \$1.335 million was issued in November 2019.

Bear Creek Fire Service Area Bonds

In 2007, voters of the Bear Creek Fire Service Area authorized the issuance of \$1,400,000 in bonds for design, construction, and equipping a Bear Creek Fire Service Area Public Safety Building. These bonds were issued in March 2013 in the amount of \$1,215,000. In June 2021, the Borough issued Bear Creek Fire SA refunding bonds to refinance \$1.425 million of the outstanding debt that resulted in a net present value savings of \$116,196, the defeased debt was paid off in FY2016. In June 2021, the Borough issued General Obligation Bear Creek Fire SA refunding bonds of \$825,000 to refinance \$740,000 of the \$850,000 in outstanding debt that resulted in a net present value of savings from cash flow of \$83,768.

Solid Waste Bonds

In 2016, Borough voters authorized the issuance of \$10,600,000 in bonds for planning, design, site preparation, constructing and equipping the solid waste disposal facilities, of which \$5,405,000 was issued in April 2017. The remaining balance is expected to be issued in 2024.

A summary of bonds payable (in thousands) at June 30, 2022 is as follows:

| | <u>Amount Issued</u> | <u>Coupon Interest Rate</u> | <u>Effective Interest Rate</u> | <u>Maturity Dates</u> | <u>Annual Installments</u> | <u>Outstanding June 30, 2022</u> |
|--|----------------------|-----------------------------|--------------------------------|-----------------------|----------------------------|----------------------------------|
| <u>Governmental Activities:</u> | | | | | | |
| School bonds: | | | | | | |
| Issued 11-14-13 | \$ 20,860 | 1.50 – 5.00 | 0.21 – 4.15 | 2014 - 2024 | \$ 510 to 975 | \$ 1,900 |
| Issued 07-07-20 | 8,970 | 5.00 | 0.54 – 1.68 | 2020 - 2031 | 680 to 1,020 | 7,625 |
| Issued 06-16-21 | 14,500 | 0.243 - 2.35 | 0.24 - 2.35 | 2021 - 2033 | 285 to 1,490 | 14,215 |
| Issued 07-08-21 | <u>900</u> | 5.00 | 5.00 - 5.08 | 2022 - 2023 | 900 | <u>900</u> |
| Total school | <u>45,230</u> | | | | | <u>24,640</u> |
| Central Emergency Services bonds: | | | | | | |
| Issued 10-30-14 | 1,425 | 1.25 – 5.00 | 0.38 – 2.57 | 2006 - 2026 | 115 to 175 | 650 |
| Issued 02-02-16 | 2,465 | 2.63 – 5.00 | 0.35 – 2.85 | 2016 - 2031 | 85 to 210 | 1,460 |
| Issued 11-21-19 | <u>1,335</u> | 5.00 | 0.53 – 11.11 | 2021 - 2035 | 24 to 130 | <u>1,215</u> |
| Total CES bonds | <u>5,225</u> | | | | | <u>3,325</u> |
| Bear Creek Fire bonds | | | | | | |
| Issued 3-12-13 | 475 | 2.00 – 5.00 | 0.18 – 3.30 | 2014 - 2023 | 45 to 55 | 55 |
| Issued 6-16-21 | <u>825</u> | 0.243 – 2.22 | 0.243 – 2.22 | 2022 - 2033 | 15 to 85 | <u>810</u> |
| Total Bear Creek bonds | <u>1,300</u> | | | | | <u>865</u> |
| Solid Waste bonds | | | | | | |
| Issued 4-27-17 | <u>5,405</u> | 4.00 – 5.00 | 0.96 – 3.93 | 2017 - 2023 | 800 to 1,010 | <u>1,010</u> |
| Total Governmental | <u>\$ 57,160</u> | | | | | <u>\$ 29,840</u> |

Debt service requirements for outstanding bonds at June 30, 2022 were as follows:

| <u>Fiscal Year</u> | <u>Principal</u> | <u>Interest</u> |
|--------------------|----------------------|---------------------|
| 2023 | \$ 4,305,000 | \$ 900,354 |
| 2024 | 2,420,000 | 721,538 |
| 2025 | 2,500,000 | 633,694 |
| 2026 | 2,575,000 | 563,268 |
| 2027 | 2,465,000 | 492,465 |
| 2028-2032 | 12,190,000 | 1,297,461 |
| 2033-2035 | <u>3,385,000</u> | <u>97,051</u> |
| Total | <u>\$ 29,840,000</u> | <u>\$ 4,705,831</u> |

J. Commitments and Contingencies

1. Loss Contingencies

The Kenai Peninsula Borough, in the normal course of its activities, is involved in various claims and pending litigation. In the opinion of management and the Borough’s legal staff, the disposition of these matters is not expected to have a material adverse effect on the Borough’s financial statements.

2. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by the grantor agencies, principally the federal and state governments. Any disallowed claims, including amounts already collected, would become a liability of the appropriate fund.

K. Pension and Other Post Employment Benefits Plans

(a) Defined Benefit (DB) Pension Plan

General Information About the Plan

The Borough participates in the Alaska Public Employees' Retirement System (PERS). PERS is a cost-sharing multiple employer plan which covers eligible State and local government employees, other than teachers. The Plan was established and is administered by the State of Alaska Department of Administration. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature.

The Plan is included in an annual comprehensive financial report that includes financial statements and other required supplemental information. That report is available via the internet at <http://doa.alaska.gov/dr/pers>. Actuarial valuation reports, audited financial statements, and other detailed plan information are also available on this website.

The Plan provides for retirement, death and disability, and postemployment healthcare benefits. There are three tiers of employees, based on entry date. For all tiers within the Defined Benefit (DB) plan, full retirement benefits are generally calculated using a formula comprised of a multiplier times the average monthly salary (AMS) times the number of years of service. The multiplier is increased at longevity milestone markers for most employees. Police/Fire employees accrue benefits at an accelerated rate. The tiers within the Plan establish differing criteria regarding normal retirement age, early retirement age, and the criteria for calculation of AMS, COLA adjustments, and other postemployment benefits (OPEB). A complete benefit comparison chart is available at the website noted above.

The PERS DB Plan was closed to new entrants effective July 1, 2006. New employees hired after that date participate in the PERS Defined Contribution (DC) Plan described later in these notes.

Historical Context and Special Funding Situation

In April 2008, the Alaska Legislature passed legislation converting the previously existing PERS plan from a defined benefit agent-multiple employer plan to a defined benefit cost-sharing plan with an effective date of July 1, 2008. In connection with this conversion, the State of Alaska passed additional legislation which statutorily capped the employer contribution rate, established a state funded "on-behalf" contribution (subject to funding availability), and required that employer contributions be calculated against all PERS eligible wages, including wages paid to participants of the PERS Tier IV defined contribution plan described later in these notes. The Alaska Legislature has the power and authority to change the aforementioned statute through the legislative process.

Alaska Statute 39.35.280 requires the State of Alaska to contribute to the Plan an amount such that, when combined with the employer contribution, is sufficient to pay the Plan's past service liability contribution rate as adopted by the Alaska Retirement Management Board (ARM). As such, the Plan is considered to be in a special funding situation as defined by GASB, and management has recorded all pension related liabilities, deferred inflows/outflows of resources, and disclosures on this basis.

The Borough recorded the related on-behalf contributions as revenue and expense or expenditures as prescribed by GAAP, pursuant to the relevant basis of accounting based on fund type.

Employee Contribution Rates

Regular employees are required to contribute 6.75% of their annual covered salary. Police officers and firefighters are required to contribute 7.50% of their annual covered salary.

Employer and Other Contribution Rates

There are several contribution rates associated with the pension contributions and related liabilities. These amounts are calculated on an annual basis.

Employer Effective Rate: This is the contractual employer pay-in rate. Under current legislation, the amount calculated for the statutory employer effective contribution rate is 22% on eligible wages. This 22% rate is calculated on all PERS participating wages, including those wages attributable to employees in the DC plan. Contributions derived from the DC employee payroll is referred to as the Defined Benefit Unfunded Liability or DBUL contribution.

ARM Board Adopted Rate: This is the rate formally adopted by the Alaska Retirement Management Board. This rate is actuarially determined and used to calculate annual Plan funding requirements, without regard to the statutory rate cap or the GASB accounting rate. Effective July 1, 2015, the Legislature requires the ARM Board to adopt employer contribution rates for past service liabilities using a level percent of pay method over a closed 25 year term which ends in 2039. This change results in lower ARM Board Rates than previously adopted.

On-behalf State Contribution Rate: This is the rate paid in by the State as an on-behalf payment under the current statute. The statute requires the State to contribute, based on funding availability, an on-behalf amount equal to the difference between the ARM Board Rate and the Employer Effective Rate. In the governmental fund financial statements, on-behalf contribution amounts have been recognized as additional revenues and expenditures. In the proprietary funds and government-wide financial statements, the on-behalf amounts reflect revenue and expense only during the measurement period in which the Plan recognizes the payments, resulting in a significant timing difference between the cash transfers and revenue and expense recognition.

Contribution rates for the year ended June 30, 2022 were determined in the June 30, 2020 actuarial valuations. The Borough’s contribution rates for the 2022 fiscal year were as follows:

| | Employer Effective Rate | ARM Board Adopted Rate | State Contribution Rate |
|-----------------------------------|-------------------------|------------------------|-------------------------|
| Pension | 15.54% | 26.99% | 8.11% |
| Postemployment healthcare (ARHCT) | 6.46% | 3.12% | 0.00% |
| Total Contribution Rates | 22.00% | 30.11% | 8.11% |

In 2022, the Borough was credited with the following contributions to the pension plan:

| | Measurement Period July 1, 2020 to June 30, 2021 | Borough Fiscal Year July 1, 2021 to June 30, 2022 |
|---|---|--|
| Employer contributions (including DBUL) | \$ 2,824,718 | \$ 3,074,122 |
| Nonemployer contributions (on-behalf) | 1,864,312 | 1,854,373 |
| Total Contributions | \$ 4,689,030 | \$ 4,928,495 |

In addition, employee contributions to the Plan totaled \$429,243 during the Borough’s fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the Borough reported a liability for its proportionate share of the net pension liability (NPL) that reflected a reduction for State pension support provided to the Borough. The amount recognized by the Borough for its proportional share, the related State proportion, and the total portion of the net pension liability that was associated with the Borough were as follows:

| | 2022 |
|--|----------------------|
| Borough proportionate share of NPL | \$ 28,746,099 |
| State’s proportionate share of NPL associated with the Borough | 3,893,248 |
| Total Net Pension Liability | \$ 32,639,347 |

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 to calculate the net pension liability as of that date. The Borough’s proportion of the net pension liability was based on a projection of the Borough’s long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, including the State, actuarially determined. At the June 30, 2021 measurement date, the Borough’s proportion was 0.78359 percent, which was an increase of 0.015146 from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the Borough recognized pension expense of \$8,940,840 and on-behalf revenue of \$1,854,373 for support provided by the State. At June 30, 2022, the Borough reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|--------------------------------------|-------------------------------------|
| Difference between expected and actual experience | \$ - | \$ (127,352) |
| Net difference between projected and actual earnings on pension plan investments | - | (11,335,951) |
| Changes in proportion and differences between Borough contributions and proportionate share of contributions | 1,221,089 | - |
| Borough contributions subsequent to the measurement date | 3,074,122 | - |
| Total Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions | \$ 4,295,211 | \$ (11,463,303) |

The \$3,074,122 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending June 30, | |
|---------------------------|------------------------|
| 2023 | \$ (1,540,588) |
| 2024 | (2,596,622) |
| 2025 | (2,808,826) |
| 2026 | (3,296,178) |
| Total Amortization | \$ (10,242,214) |

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2020, using the actuarial assumptions listed below, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021:

| | |
|------------------------|---|
| Actuarial cost method | Entry Age Normal |
| Amortization method | Unfunded Accrued Actuarial Liability, level percent of pay basis |
| Inflation | 2.50% per year |
| Salary increases | For peace officer/firefighter, increases range from 7.75% to 2.75% based on service. For all others, increases range from 6.75% to 2.75% based on service. |
| Allocation methodology | Amounts for the June 30, 2021 measurement date were allocated to employers based on the ratio of the present value of projected future contributions for each employer to the total present value of projected future contributions for the Plan for the fiscal years 2023 to 2039. |

Investment rate of return 7.38%, net of pension plan investment expenses. This is based on an average inflation rate of 2.50% and a real rate of return of 4.88%.

Mortality Pre-commencement and post-commencement mortality rates were based upon the 2013-2017 actual mortality experience. Pre-commencement mortality rates were based on 100% of the RP-2014 employee table, benefit-weighted, rolled back to 2006, and projected with MP-2017 generational improvement. Post-commencement mortality rates were based on 91% of male and 96% of female rates of the RP-2014 healthy annuitant table, benefit-weighted, rolled back to 2006, and projected with MP-2017 generational improvement. Deaths are assumed to be occupational 75% of the time for peace officers/firefighters, 40% of the time for all others.

The actuarial assumptions used in the June 30, 2020 actuarial valuation (latest available) were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017, resulting in changes in actuarial assumptions effective for the June 30, 2018 actuarial valuation adopted by the Board to better reflect expected experience. The assumptions used in the June 30, 2020 actuarial valuation are the same as those used in the June 30, 2019 valuation, except the amount included in the Normal Cost for administrative expenses was updated to reflect the most recent two years of actual administrative expenses paid from defined benefit pension plan assets.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return, excluding the inflation component of 2.50%, for each major asset class included in the pension plan's target asset allocation as of June 30, 2021 are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|--------------------------|-------------------|--|
| Broad domestic equity | 28% | 6.63% |
| Global equity (non-U.S.) | 19% | 5.41% |
| Aggregate bonds | 22% | 0.76% |
| Opportunistic | 6% | 4.39% |
| Real assets | 13% | 3.16% |
| Private equity | 12% | 9.29% |
| Cash equivalents | -% | 0.13% |

Discount Rate

The discount rate used to measure the total pension liability was 7.38%. The discount rate used did not change from the prior measurement date. The projection of cash flows used to determine the discount rate assumed that employer and State contributions will continue to follow the current funding policy, which meets State statutes. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the Borough's proportionate share of the net pension liability calculated using the discount rate of 7.38%, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

| | Proportional Share | 1% Decrease (6.38%) | Current Discount Rate (7.38%) | 1% Increase (8.38%) |
|--|--------------------|---------------------|-------------------------------|---------------------|
| Borough's proportionate share of the net pension liability | 0.78359% | \$ 42,576,977 | \$ 28,746,099 | \$ 17,126,387 |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

(b) Defined Contribution (DC) Pension Plan

Employees hired after July 1, 2006 participate in PERS Tier IV, a DC plan. This Plan is administered by the State of Alaska, Department of Administration in conjunction with the DB plan noted above. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature. The Alaska Retirement Management Board may also amend contribution requirements. Included in the Plan are individual pension accounts, a retiree medical insurance plan and a separate Health Reimbursement Arrangement account that will help retired members pay medical premiums and other eligible medical expenses not covered by the medical plan. This Plan is included in the annual comprehensive financial report for PERS, and at the following website, as noted above. <https://drb.alaska.gov/docs/reports/>.

Contributions to the DC plan consist solely of employer and employee contributions with no special funding or other nonemployer contributions. In addition, actual remittances to the PERS system require that the Borough contribute at 22%. After deducting the DC plan contributions (and related OPEB contributions), the remaining remittance (the DBUL) is deposited into the DB plan as noted earlier.

Benefit Terms

Employees are immediately vested in their own contributions and vest 25% with two years of service, plus an additional 25% per year thereafter for full vesting at five years of service. Nonvested employer contributions are forfeited upon termination of employment from the Plan. Such forfeitures were applied in the year ended June 30, 2022 to cover a portion of the Borough's employer match contributions. For the year ended June 30, 2022, forfeitures reduced pension expense by \$21,223.

Employee Contribution Rate

Employees are required to contribute 8% of their annual covered salary. This amount goes directly to the individual's account.

Employer Contribution Rate

For the year ended June 30, 2022, the Borough was required to contribute 5% of covered salary into the Plan.

The Borough and employee contributions to PERS for pensions for the year ended June 30, 2022 were \$834,520 and \$1,335,229, respectively. The Borough contribution amount was recognized as pension expense/expenditures.

(c) Defined Benefit OPEB Plans

As part of its participation in PERS, the Borough participates in the following cost sharing multiple employer defined benefit OPEB plans: Alaska Retiree Healthcare Trust (ARHCT), Retiree Medical Plan (RMP) and Occupational Death and Disability Plan (ODD).

The ARHCT, a healthcare trust fund, provides major medical coverage to retirees of the DB plan. The ARHCT is self-funded and self-insured. The ARHCT was closed to all new members effective July 1, 2006. Benefits vary by Tier level. The RMP provides major medical coverage to retirees of the PERS DC Plan (Tier IV). The RMP is self-insured. Members are not eligible to use the Plan until they have at least 10 years of service and are Medicare age eligible. The ODD provides death benefits for beneficiaries of plan participants and long-term disability benefits to all active members within PERS. The Plans are administered by the State of Alaska, Department of Administration. The OPEB plans are included in the annual comprehensive financial report for PERS, at the following website, as noted above. <https://drb.alaska.gov/docs/reports/>.

Employer Contribution Rate

Employer contribution rates are actuarially determined and adopted by and may be amended by the Board. Employees do not contribute.

Employer contribution rates for the year ended June 30, 2022 were as follows:

| | Other | Police/Fire |
|-----------------------------------|--------------|--------------|
| Alaska Retiree Healthcare Trust | 6.46% | 6.46% |
| Retiree Medical Plan | 1.07% | 1.07% |
| Occupational Death and Disability | 0.31% | 0.68% |
| Total Contribution Rates | 7.84% | 8.21% |

In 2022, the Borough was credited with the following contributions to the OPEB plans:

| | Measurement Period July 1, 2020 to June 30, 2021 | Borough Fiscal Year July 1, 2021 to June 30, 2022 |
|--------------------------------|---|--|
| Employer contributions – ARHCT | \$ 523,451 | \$ 390,312 |
| Employer contributions - RMP | 182,205 | 178,626 |
| Employer contributions - ODD | 62,576 | 73,074 |
| Total Contributions | \$ 768,232 | \$ 642,012 |

OPEB Liabilities, OPEB Asset, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB Plans

At June 30, 2022, the Borough reported an asset for its proportionate share of the net OPEB asset (NOA) that reflected a reduction for State OPEB support provided to the Borough. The amount recognized by the Borough for its proportional share, the related State proportion, and the total were as follows:

| | |
|--|---------------|
| Borough’s proportionate share of NOA – ARHCT | \$ 20,189,899 |
| Borough’s proportionate share of NOA – RMP | 263,520 |
| Borough’s proportionate share of NOA – ODD | 517,050 |

Total Borough’s Proportionate Share of Net OPEB Asset \$ 20,970,469

State’s proportionate share of the ARHCT NOA associated with the Borough 2,644,701

Total Net OPEB Asset \$ 23,615,170

The total OPEB liabilities (asset) for the June 30, 2021 measurement date was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 to calculate the net OPEB liabilities (asset) as of that date. The Borough’s proportion of the net OPEB liabilities (asset) is based on a projection of the Borough’s long-term share of contributions to the OPEB plans relative to the projected contributions of all participating entities, actuarially determined.

| | June 30, 2020 Measurement Date Employer Proportion | June 30, 2021 Measurement Date Employer Proportion | Change |
|---|--|--|------------|
| Borough’s proportionate share of the net OPEB liabilities (asset): | | | |
| ARHCT | 0.63189% | 0.78702% | 0.15513 % |
| RMP | 0.93785% | 0.98174% | 0.04389 % |
| ODD | 1.18646% | 1.17317% | (0.01329)% |

For the year ended June 30, 2022, the Borough recognized OPEB expense (benefit) of (\$7,396,001). Of this amount, \$(917,612) was recorded as on-behalf revenue and expense for support provided by the ARHCT plan. OPEB expense and on-behalf revenue is listed by plan in the table below:

| Plan | OPEB Expense (Benefit) | On-behalf Revenue |
|--------------|------------------------|---------------------|
| ARHCT | \$ (7,725,129) | \$ (917,612) |
| RMP | 265,881 | - |
| ODD | 63,247 | - |
| Total | \$ (7,396,001) | \$ (917,612) |

At June 30, 2022, the Borough reported deferred outflows of resources and deferred inflows of resources related to OPEB plans from the following sources:

| Deferred Outflows of Resources | ARHCT | RMP | ODD | Total |
|--|-------------------|-------------------|------------------|-------------------|
| Difference between expected and actual experience | \$ - | \$ 19,593 | \$ - | \$ 19,593 |
| Changes in assumptions | - | 81,907 | - | 81,907 |
| Changes in proportion and differences between Borough contributions and proportionate share of contributions | - | 5,524 | 14,205 | 19,729 |
| Borough contributions subsequent to the measurement date | 390,312 | 178,626 | 73,074 | 642,012 |
| Total Deferred Outflows of Resources Related to OPEB Plans | \$ 390,312 | \$ 285,650 | \$ 87,279 | \$ 763,241 |

| Deferred Inflows of Resources | ARHCT | RMP | ODD | Total |
|--|-----------------------|---------------------|---------------------|-----------------------|
| Difference between expected and actual experience | \$ (212,026) | \$ (12,529) | \$ (141,223) | \$ (365,778) |
| Changes in assumptions | (762,981) | (156,610) | (3,928) | (923,519) |
| Difference between projected and actual investment earnings | (9,447,792) | (235,754) | (82,910) | (9,766,456) |
| Changes in proportion and differences between Borough contributions and proportionate share of contributions | (150,537) | (1,771) | (24,565) | (176,873) |
| Total Deferred Inflows of Resources Related to OPEB Plans | \$(10,573,336) | \$ (406,664) | \$ (252,626) | \$(11,232,626) |

Amounts reported as deferred outflows of resources related to OPEB plans resulting from Borough contributions subsequent to the measurement date will be recognized as a reduction in the net OPEB liabilities (asset) in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Year Ending June 30, | ARHCT | RMP | ODD | Total |
|---------------------------|-----------------------|---------------------|---------------------|------------------------|
| 2023 | \$ (3,338,867) | \$ (64,399) | \$ (46,387) | \$ (3,449,653) |
| 2024 | (2,175,795) | (64,509) | (46,333) | (2,286,637) |
| 2025 | (2,336,350) | (66,889) | (47,203) | (2,450,442) |
| 2026 | (2,722,324) | (74,399) | (49,970) | (2,846,693) |
| 2027 | (-) | (8,610) | (26,644) | (35,254) |
| Thereafter | (-) | (20,834) | (21,884) | (42,718) |
| Total Amortization | \$(10,573,336) | \$ (299,640) | \$ (238,421) | \$ (11,111,397) |

Actuarial Assumptions

The total OPEB liability (asset) for each plan for the measurement period ended June 30, 2021 was determined by actuarial valuations as of June 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement, and rolled forward to the measurement date of June 30, 2021:

| | |
|---|---|
| Actuarial cost method | Entry age normal |
| Amortization method | Unfunded accrued actuarial liability, level percent of pay basis |
| Inflation | 2.50% per year |
| Salary increases | Graded by service, from 7.75% to 2.75% for Peace Officer/Firefighter. Graded by service from 6.75% to 2.75% for all others. |
| Allocation methodology | Amounts for the June 30, 2021 measurement date were allocated to employers based on the ratio of the present value of projected future contributions for each employer to the total present value of projected future contributions to the Plan for fiscal years 2023 to 2039. |
| Investment rate of return | 7.38%, net of postemployment healthcare plan investment expenses. This is based on an average inflation rate of 2.50% and a real rate of return of 4.88%. |
| Healthcare cost trend rates | Pre-65 medical: 6.5% grading down to 4.5% Post-65 medical: 5.4% grading down to 4.5% Prescription drug: 7.5% grading down to 4.5% EGWP: 7.5% grading down to 4.5% |
| Mortality (ARHCT, RMP and ODD Plans) | Pre-commencement and post-commencement mortality rates were based upon the 2013-2017 actual mortality experience. Post-commencement mortality rates were based on 91% of the male rates and 96% of the female rates of the RP-2014 healthy annuitant table, benefit-weighted, rolled back to 2006, and projected with MP-2017 generational improvement. The rates for |

pre-commencement mortality were 100% of the RP-2014 employee table, benefit-weighted, rolled back to 2006, and projected with MP-2017 generational improvement.

(ODD Plan)

Deaths are assumed to be occupational 75% of the time for peace officers/firefighters, 40% of the time for all others. Disability mortality in accordance with the RP-2014 Disabled Table, benefit-weighted, rolled back to 2006, and projected with MP-2017 generational improvement.

Participation (ARHCT)

100% of system paid members and their spouses are assumed to elect the healthcare benefits paid as soon as they are eligible. 20% of nonsystem paid members and their spouses are assumed to elect the healthcare benefits as soon as they are eligible.

The actuarial assumptions used in the June 30, 2020 actuarial valuation were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017, resulting in changes in actuarial assumptions effective for the June 30, 2018 actuarial valuation adopted by the Board to better reflect expected experience. The assumptions used in the June 30, 2020 actuarial valuation are the same as those used in the June 30, 2019 valuation with the following exceptions:

1. Per capita claims costs were updated to reflect recent experience.
2. Retired member contributions were updated to reflect the 5% decrease from calendar year (CY) 20 and CY 21.
3. The amount included in the Normal Cost for administrative expenses was updated to reflect the most recent two years of actual administrative expenses paid for postretirement healthcare plan assets.

Long-Term Expected Rate of Return

The long-term expected rate of return on OPEB plan investments for each plan was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of postretirement healthcare plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The best estimates of arithmetic rates of return, excluding the inflation component of 2.50% for each major asset class included in the OPEB plan's target asset allocation as of June 30, 2021 are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|--------------------------|-------------------|--|
| Broad domestic equity | 28% | 6.63 % |
| Global equity (non-U.S.) | 19% | 5.41 % |
| Aggregate bonds | 22% | 0.76% |
| Opportunistic | 6% | 4.39 % |
| Real assets | 13% | 3.16 % |
| Private equity | 12% | 9.29 % |
| Cash equivalents | -% | 0.13% |

Discount Rate

The discount rate used to measure the total OPEB asset for each plan as of June 30, 2021 was 7.38%. This discount rate used did not change from the prior measurement date. The projection of cash flows used to determine the discount rate assumed that employer and State contributions will continue to follow the current funding policy which meets State statutes. Based on those assumptions, the fiduciary net position of each plan was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB asset for each plan.

Sensitivity of the Net OPEB Liability (Asset) to Changes in the Discount Rate

The following presents the Borough's proportionate share of the net OPEB liability (asset) calculated using the discount rate of 7.38%, as well as what the Borough's proportionate share of the respective plan's net OPEB liability (asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

| | Proportional Share | 1% Decrease (6.38%) | Current Discount Rate (7.38%) | 1% Increase (8.38%) |
|--|--------------------|---------------------|-------------------------------|---------------------|
| Borough's proportionate share of the net OPEB liability (asset): | | | | |
| ARHCT | 0.78702 % | \$ (13,203,891) | \$ (20,189,899) | \$ (25,991,259) |
| RMP | 0.98174 % | \$ 171,992 | \$ (263,520) | \$ (592,463) |
| ODD | 1.17317 % | \$ (495,100) | \$ (517,050) | \$ (534,530) |

Sensitivity of the Net OPEB Liability (Asset) to Changes in the Healthcare Cost Trend Rates

The following presents the Borough's proportionate share of the net OPEB liability (asset) calculated using the healthcare cost trend rates as summarized in the 2020 actuarial valuation reports as well as what the Borough's proportionate share of the respective plan's net OPEB liability (asset) would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rates:

| | Proportional Share | 1% Decrease | Current Healthcare Cost Trend Rate | 1% Increase |
|--|--------------------|-----------------|------------------------------------|-----------------|
| Borough's proportionate share of the net OPEB liability (asset): | | | | |
| ARHCT | 0.78702 % | \$ (26,670,380) | \$ (20,189,899) | \$ (12,369,648) |
| RMP | 0.98174 % | \$ (639,548) | \$ (263,520) | \$ 248,843 |
| ODD | 1.17317 % | \$ n/a | \$ n/a | \$ n/a |

OPEB Plan Fiduciary Net Position

Detailed information about each OPEB plan's fiduciary net position is available in the separately issued PERS financial report.

(d) Defined Contribution OPEB Plans

PERS DC Pension Plan participants (PERS Tier IV) also participate in the Health Reimbursement Arrangement Plan (HRA Plan). The HRA Plan allows for medical care expense to be reimbursed from individual savings accounts established for eligible persons. The HRA Plan became effective July 1, 2006 at which time contributions by employers began.

Contribution Rate

AS 39.30.370 establishes this contribution amount as “three percent of the average annual employee compensation of *all employees of all employers* in the plan”. As of July 1, 2021, for actual remittance, this amount is calculated as a flat rate for each full-time or part-time employee per pay period and approximates \$2,168 per year for each full-time employee, and \$1.39 per hour for part-time employees.

Annual Postemployment Healthcare Cost

In fiscal year 2022, the Borough contributed \$468,815 in DC OPEB costs. These amounts have been recognized as expense/expenditures.

(e) School District Participation

The School District also participates in the PERS postemployment benefits plans, along with separate but similar plans for educators, under the Teacher Retirement System (TRS) plan. Additional information about the School District’s pension and postemployment benefit plans can be found in their separately issued financial statements.

L. Landfill Closure and Postclosure Care Cost

The Governmental Accounting Standards Board issued Statement 18, "Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs", which establishes standards of accounting and financial reporting for municipal solid waste landfill closure and postclosure care costs that are required to be incurred by federal, state, or local laws or regulations. The Borough implemented this standard effective July 1, 1993.

State and Federal laws and regulations require the Borough to comply with the State of Alaska Solid Waste Management Regulations (18AAC 60). These regulations include placement of a final cover system on its landfills when they stop accepting waste. Additionally, the Borough must perform post closure care and monitoring functions at the sites for up to thirty years after closure. The Borough has five active landfills with landfill cells having remaining useful lives from 1 year to 20 years, with 40 percent of capacity used to date. The largest site has an active lined cell with a remaining expected life of two to four years. This site has land enough for a minimum of three additional cells, which will be developed as needed and will extend the landfill life by approximately 25 years. There are also three sites which are closed, that are being monitored as required by regulation. As of June 30, 2022 the Borough has a recorded liability of \$9,266,866 in the government-wide financial statements for closure and postclosure costs associated with its landfills. The liability for closure and postclosure care costs is based on landfill capacity used to date. This amount has been reported as restricted fund balance in the Solid Waste Capital Projects Fund and is based on what it would cost to perform all closure and postclosure care in 2022; actual cost may vary from this estimate due to inflation, changes in technology, or changes in regulations. It is estimated the Borough will recognize another \$11.4 million in expense and liability between June 30, 2022 and the year 2040, the date the landfills are expected to reach capacity.

The Borough is required by state and federal laws and regulations to make certain financial assurances, public notice and record keeping, and reporting regarding this liability. The Borough

has complied with these provisions. The Borough is committed to funding the annual increase in the estimate of closure and postclosure care costs. Accounting for landfill operations is included in the General Fund and the closure and postclosure costs are accounted for in the Solid Waste Capital Projects Fund.

M. Debt Authorized Subsequent to Year End

On October 4, 2022, voters of the Kenai Peninsula Borough approved the authorization to issue \$65,550,000 in Areawide General Obligation (GO) School Bonds for various school related projects across the Kenai Peninsula. The voters of the Central Emergency Service Area also approved the authorization of \$16,500,000 in Service Area GO Bonds to provide for a new fire station. The Borough intends to sell the school GO bonds in two phases starting with \$47,350,000 the spring of 2023. It is anticipated that the Borough will issue \$16,500,000 of the Central Emergency Services GO bonds in the spring of 2023.

N. Significant Events

The impact of the COVID-19 pandemic continues to evolve as of the date of this report. The pandemic continues to have impacts on the Borough's financial condition, liquidity, and operations however, the Borough Administration will continue to assess the effects as the pandemic evolves over the next fiscal year in areas such as operations, workforce, suppliers, customers, constituents, and overall financial condition.

Based on a review of period to date revenues posted through June 2022 and compared to the previous five years, the Borough is predicting recoveries in general government revenues in fiscal year 2023. Some of those variances are:

- Sales Taxes have seen increases from FY2020 and FY2021 due in part to inflation and more active tourist season. Retail trade, restaurants, hotels and recreational industries saw a strong recovery in FY2022.
- Recreation fee revenues have seen recoveries from FY2020 and FY2021 in FY2022.
- Real, personal and oil property tax collections remained at consistent levels.
- Due to drastic interest rate fluctuations during the pandemic, the Borough's investments held in marketable securities could continue to be adversely impacted.

Uncertainties around the full impact of the COVID-19 pandemic still exist. If it does continue through fiscal year 2023 and further, it could continue to adversely affect the Borough's future operations, financial position, and liquidity in fiscal year 2023 and future years.

CARES Act Funding

On March 27, 2020, the President signed into law the "Coronavirus Aid, Relief and Economic Security (CARES) Act." One purpose of CARES was to appropriate funds for the Coronavirus Relief Fund to be used to make payments for specified uses to States and certain local governments. To date, the Borough has been awarded \$37,458,449 in CARES Act funds passed through the State of Alaska. The Borough has used those funds to help defray the costs of the emergency response to the pandemic, absentee voting capabilities, rents and mortgage assistance as well as provide economic support to small businesses, nonprofit, volunteer and senior citizen agencies affected by the COVID-19 emergency, as directed by the US Treasury Department. The CARES grant program ended on December 31, 2021; with total expenditures of \$37,215,204.

U.S. Treasury Coronavirus State and Local Recovery Funding

In June 2021, the Borough was awarded \$11.4 million in U.S. Treasury Coronavirus State and Local Recovery funds. All funds have been received by the Borough as of June 2022. In August 2021, the Borough, through Ordinance 2021-19-08, allocated the funds for solid waste leachate system rehabilitation, educational services, educational services pay-go infrastructure and bridges pay-go infrastructure as indicated below:

| | |
|---|----------------------|
| Educational Services | \$ 2,000,000 |
| Educational Services – Pay-go infrastructure projects | 2,903,341 |
| Solid Waste Leachate system rehabilitation | 6,000,000 |
| Roads/Bridges – Pay-go infrastructure projects | 500,000 |
| U.S. Treasury Coronavirus State and Local Recovery Funding | \$ 11,403,341 |

O. Change in Accounting Principle

The Borough's Component Units currently have both leasee and lessor arrangements. In 2022, the Borough adopted the provisions of GASB Statement No. 87 *Leases*, which, among other accounting and reporting criteria, requires the Borough to recognize the lease liability/asset (and related deferred inflow/outflow accounts), as of the beginning of the Borough's fiscal year. As a result of the implementation of this statement, the Borough has recorded an opening balance adjustment to reflect opening balance liabilities and related accounts and to decrease opening net position as follows:

| Component Unit | Opening net position, as originally presented | Change in accounting principle adjustment (Note F) | Opening net position, as restated after change in accounting principle |
|----------------------------|---|--|--|
| Central Peninsula Hospital | \$190,272,115 | \$11,349 | \$190,283,464 |
| South Peninsula Hospital | 82,986,125 | (91,537) | 82,894,588 |

P. New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued several new accounting standards with upcoming implementation dates (effective dates are adjusted for the issuance of GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*). The following new accounting standards were implemented by the Borough for 2022 reporting:

GASB Statement No. 87 – Leases – Effective for year-end June 30, 2022. This Statement addresses accounting and financial reporting for certain lease assets and liabilities for leases that previously were classified as operating leases. This Statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The Borough did discovery of all active leases and used materiality policies to determine whether they applied to GASB 87, then accounted for those that qualified accordingly.

GASB Statement No. 89 - Accounting for Interest Cost Incurred before the End of a Construction Period – Effective for year-end June 30, 2022. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. The Borough does not incur normal interest costs for construction, so no action was required on this statement.

GASB Statement No. 92 - Omnibus 2020 – Provisions of this Statement related to the effective date of Statement No. 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance. The effective date for all other provisions of the Statement are to be implemented for year-end June 30, 2022. This Statement addresses a variety of topics such as leases, the applicability of Statement No. 73 and Statement No. 74 for reporting assets accumulated for postemployment benefits, the applicability of Statement No. 84 to postemployment benefit arrangements, the measurements of liabilities and assets related to asset retirement obligations in a government acquisition, reporting of public entity

risk pools, referencing to nonrecurring fair value measurements, and terminology used to refer to derivative instruments. No action was required on this statement.

GASB Statement No. 93 – Replacement of Interbank Offered Rates – The provisions of this Statement, except for paragraph 11b, 13 and 14, are required to be implemented for year-end June 30, 2021. The requirements in paragraph 11b, 13 and 14 are required to be implemented for year-end June 30, 2022. This Statement addresses accounting and financial reporting implications that result from the replacement of an interbank offered rate (IBOR). The Borough does not hold any investments with replacement of interbank offered rates, therefore, no action was required on this statement.

GASB Statement No. 97 – Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – Effective for year-end June 30, 2022, except the portion of the pronouncement related to component unit criteria, which is effective for year-end June 30, 2020. This Statement modifies certain guidance contained in Statement No. 84 and enhances the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The Borough does not have a 457 plan that meets the definition of a pension plan, therefore, no action was required on this statement.

The GASB has issued several new accounting standards with upcoming implementation dates (effective dates adjusted for the issuance of GASB Statement No. 95). Management has not fully evaluated the potential effects of these statements, and actual impacts have not yet been determined. The statements are as follows:

GASB Statement No. 91 – Conduit Debt Obligations – Effective for year-end June 30, 2023. This Statement provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with commitments extended by issuers, arrangements associated with conduit obligations, and related note disclosures. This Statement clarifies the definition of a conduit debt obligation and establishes standards for related accounting and financial reporting.

GASB Statement No. 94 – Public-Private and Public-Public Partnerships and Availability Payment Arrangements – Effective for year-end June 30, 2023. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs) and also provides guidance for accounting and financial reporting for availability payment arrangements (APA).

GASB Statement No. 96 – Subscription-Based Information Technology Arrangements – Effective for year-end June 30, 2023. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. This Statement, among other things, defines a SBITA, establishes that a SBITA results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability, provides capitalization criteria for outlays other than subscription payments, and requires note disclosures regarding a SBITA.

GASB Statement No. 99 – Omnibus 2022 – Provisions of this Statement related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, classification of certain provisions in Statement No. 34, as amended, and terminology updates related to Statement No. 53 and Statement No. 63 are effective upon issuance. The effective date for the provisions of this Statement related to leases, PPPs, and SBITAs are to be implemented for year-end June 30, 2023. The effective date for the provisions of this Statement related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement No. 53, are to be implemented for year-end June 30, 2024.

GASB Statement No. 100 – Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62 – Effective for year-end June 30, 2024. Earlier application is encouraged. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

GASB Statement No. 101 – Compensated Absences – Effective for year-end June 30, 2025. Earlier application is encouraged. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures.

Kenai Peninsula Borough
Notes to Required Supplementary Information
June 30, 2022

1. Public Employees' Retirement System Pension Plan

Schedule of the Borough's Proportionate Share of the Net Pension Liability

This table is presented based on the Plan measurement date. For June 30, 2022, the Plan measurement date is June 30, 2021.

Changes in Assumptions:

The actuarial assumptions used in the June 30, 2020 actuarial valuation (latest available) were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017, resulting in changes in actuarial assumptions effective for the June 30, 2018 actuarial valuation adopted by the Board to better reflect expected experience. The assumptions used in the June 30, 2020 actuarial valuation are the same as those used in the June 30, 2019 valuation, except the amount included in the Normal Cost for administrative expenses was updated to reflect the most recent two years of actual administrative expenses paid from defined benefit pension plan assets.

In 2020, the discount rate was lowered from 8% to 7.38%.

Amounts reported reflect a change in assumptions between 2016 and 2017 in the method of allocating the net pension liability from actual contributions to present value of projected future contributions.

GASB requires ten years of information be presented. However, until a full ten years of information is available, the Borough will present only those years for which information is available.

Schedule of the Borough's Contributions

This table is based on the Borough's contributions for each fiscal year presented. These contributions have been reported as a deferred outflow of resources on the Statement of Net Position.

GASB requires ten years of information be presented. However, until a full ten years of information is available, the Borough will present only those years for which information is available.

2. Public Employees' Retirement System OPEB Plans

Schedule of the Borough's Proportionate Share of the Net OPEB Asset and Liability

These tables are presented based on the Plan measurement date. For June 30, 2022, the Plan measurement date is June 30, 2021.

Changes in Assumptions:

The actuarial assumptions used in the June 30, 2020 actuarial valuation were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017, resulting in changes in actuarial assumptions effective for the June 30, 2018 actuarial valuation adopted by the Board to better reflect expected experience. The assumptions used in the June 30, 2020 actuarial valuation are the same as those used in the June 30, 2019 valuation with the following exceptions:

1. Per capita claims costs were updated to reflect recent experience.
2. Retired member contributions were updated to reflect the 5% decrease from calendar year (CY) 20 to CY 21.
3. The amount included in the Normal Cost for administrative expenses was updated to reflect the most recent two years of actual administrative expenses paid for postretirement healthcare plan assets.

In 2020, the discount rate was lowered from 8% to 7.38%.

In 2020, an Employer Group Waiver Plan (EGWP) was implemented effective January 1, 2019. This arrangement replaced the Retiree Drug Subsidy (RDS) under Medicare Part D and resulted in larger projected subsidies to offset the cost of prescription drug coverage.

GASB requires ten years of information be presented. However, until a full ten years of information is available, the Borough will present only those years for which information is available.

Schedule of the Borough's Contributions

These tables are based on the Borough's contributions for each fiscal year presented. These contributions have been reported as a deferred outflow of resources on the Statement of Net Position.

GASB requires ten years of information be presented. However, until a full ten years of information is available, the Borough will present only those years for which information is available.

INTERNAL SERVICE FUNDS

**INTERNAL SERVICE
FUNDS**

Internal Service Funds
Pages 142-144

Internal Service Funds account for risk management, health insurance, and equipment replacement services provided to other departments on a cost reimbursement basis, and employee compensated leave.

Insurance Litigation – This fund accounts for revenues and expenses related to insurance and litigation for the Borough.

Employee Health Insurance – This fund accounts for revenues and expenses related to employee health insurance coverage.

Employee Compensated Leave – This fund accounts for revenues and expenses for employee compensated leave liability.

Equipment Replacement – This fund accounts for revenue and expenses for equipment replacements for various Borough departments.

⁽¹⁾This schedule presents only the capital asset balances related to governmental funds. Accordingly, the capital assets reported in internal service funds are excluded from the above amounts. Generally, the capital assets of internal service funds are included with governmental activities in the statement of net position.

Kenai Peninsula Borough

STATISTICAL TABLES

This part of the Kenai Peninsula Borough's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Borough's overall financial health.

| <u>Contents</u> | | <u>Page</u> |
|---|---|--------------------|
| Financial trends | | |
| These schedules contain trend information to help the reader understand how the Borough's financial performance and well-being have changed over time. | | |
| Table I | Net Position by Component | 153 |
| Table II | Changes in Net Position | 154-155 |
| Table III | Governmental Activities Tax Revenues by Source | 156 |
| Table IV | Fund Balances of Governmental Funds | 157 |
| Table V | Changes in Fund Balances of Governmental Funds | 158 |
| Table VI | General Government Significant Revenues by Source | 159 |
| Revenue capacity | | |
| These schedules contain information to help the reader assess the Borough's most significant local revenue source. | | |
| Table VII | Assessed Value and Estimated Actual Value of Taxable Property | 160 |
| Table VIII | Property Tax Rates | 161 |
| Table IX | Principal Property Taxpayers | 162 |
| Table X | Taxable Sales by Line of Business | 163 |
| Table XI | Property Tax Levies and Collections | 164 |
| Debt capacity | | |
| These schedules present information to help the reader assess the affordability of the Borough's current level of outstanding debt and the Borough's ability to issue additional debt in the future. | | |
| Table XII | Ratios of Outstanding Debt by Type and Per Capita | 165 |
| Table XIII | Computation of Direct and Overlapping Debt | 166 |
| Table XIV | Legal Debt Margin Information | 166 |
| Demographic and economic information | | |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the Borough's financial activities take place. | | |
| Table XV | Demographic and Economic Statistics | 167 |
| Table XVI | Principal Employers | 168 |
| Operating information | | |
| These schedules contain service and infrastructure data to help the reader understand how the information in the Borough's financial report relates to the services the government provides and the activities it performs. | | |
| Table XVII | Full-time Equivalent Borough Government Employees by Function | 169 |
| Table XVIII | Operating Indicators by Function | 170 |

The Kenai Peninsula Borough developed an unrestricted Fund Balance policy in 2001. This policy provides guidelines regarding minimum and maximum levels of unrestricted fund balance for the Borough's General Fund and Service Areas' operating and capital project funds. The policy requires that the following items should be considered when establishing an acceptable level of fund balance: working capital requirements, operating contingencies to include revenue volatility and unexpected expenditures, and future capital expansion. The policy also established that if a fund balance was outside the acceptable range, the subsequent year's budget must include a five-year plan of action to achieve compliance with the acceptable range.

Note: Details regarding the Borough's outstanding debt can be found in the notes to the financial statements.

(1) Other Governmental Fund-type debt is for the Central Emergency Services Service Area and is debt of the Service Area not the Primary Government.

(2) Due to overlapping taxing jurisdictions, the Debt Per Capita of the Area-Wide must be combined with each overlapping Service Area to determine the total Debt Per Capita within each Tax Code Area.

(3) Personal income data is provided by the Bureau of Economic Analysis, <http://www.bea.gov>.

(4) Assessed values and Tax exempt values represent only those values/exemptions provided by the Borough.

It does not include those values/exemptions provided by federal or state requirements.

Population data can be found in Table XIV

The accompanying notes are an integral part of this schedule.

Kenai Peninsula Borough, Alaska

Notes to the Schedule of Expenditures of Federal Awards

Year Ended June 30, 2022

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the Borough under programs of the federal government for the year ended June 30, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Borough, it is not intended to and does not present the financial position, changes in net position or cash flows of the Borough.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

3. Indirect Cost Rate

The Borough has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Kenai Peninsula Borough, Alaska

Notes to the Detailed Schedule of State Financial Assistance

Year Ended June 30, 2022

1. Major Program Notation

* Denotes a major program.

2. Basis of Presentation

The accompanying schedule of state financial assistance (the "Schedule") includes the state award activity of the Borough under programs of the State of Alaska for the year ended June 30, 2022. The information in this Schedule is presented in greater detail than the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Because the Schedule presents only a selected portion of the operations of the Borough, it is not intended to and does not present the financial position, changes in net position or cash flows of the Borough.

3. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.
