Dear Madam/Sir Assembly Clerk; Mayor Micciche

Good morning.

What is attached below is a resume in regard to applying for the subject title above. Since my resume is probably not particularly germane to the "10 areas" included in the overview of the RSAC (that I'm actually not able to locate, nor could Jennifer in the KPB Planning Department), I shall add some comments after the resume.

We have lived outside Soldotna for over 40 years, have been involved in agriculture through our 8+ acres of hay fields and our vegetable gardening. Both food security and management of waste stream have interested me throughout this period (early involvement in Re-Group); likewise, environmental impacts and energy source options for heating and transportation in Alaska. I was apprised of this committee, its goals and vacancies, through my friendship with Dr. Bretwood Higman whom I know through the time we spend in Seldovia during summers.

Suspecting that our nephew, Jeremy Flynn (he's the son of one of my wife's brothers) might be on this committee, I asked him for an audience yesterday about the workings and nonworkings of the committee. Hig has also been quite frank with me. Not only is Jeremy a current member of the committee, but his family and his dad rent a home from us on our property in the Mackey Lake area outside of Soidotna. Just so you know...

If you still think that it's OK and appropriate for me to apply for this seat, then I commit to straightforward, transparent, constructive community service. If, on the other hand, you have a gut feeling that my "connectedness" to Jeremy and his family may give someone, somewhere, some heartburn sometime, then please feel free to say so. Thanks for your thoughts.

Sincerely,

Byron McCord

# Kenai Peninsula Borough Planning Department

Resilience & Security Advisory Commission Application Submitted 2024-04-08 10:08:35

Seat: Southcentral Borough Seat - Term Expires 09/<sup>30</sup>/~~20~~/2026

<b>Name:</b>
Rollin Byron McCord
