**ITEM #6 - PRELIMINARY PLAT
NIKISKI NORTH SUBDIVISION DYER ADDITION**

KPB File No.	2024-034
Plat Committee Meeting:	May 28, 2024
Applicant / Owner:	Ryan Dyer of Kenai
Surveyor:	John Segesser / Segesser Surveys
General Location:	Bohlin St in Nikiski, Nikiski APC

Parent Parcel No.:	013-350-05
Legal Description:	Tract C Block 2 in Nikiski North Subdivision KN 76-121
Assessing Use:	Vacant
Zoning:	Unrestricted
Water / Wastewater	Onsite
Exception Request	none

STAFF REPORT

THIS REQUEST WAS POSTPONED FROM THE MAY 13TH 2024 MEETING DATE TO THE MEETING OF MAY 28TH.

Specific Request / Scope of Subdivision: The proposed plat will subdivide a 9.073 acre parcel in half make two 4.536 acres tracts.

Location and Legal Access (existing and proposed):

Access to the subdivision is off of Kenai Spur Highway at Ral St to Riley Avenue to Seascapes St, to Luana Ave to Golik Ln to Hinson Ave to Bohlin St. Kenai Spur Highway is state maintain while all the other dedications are borough maintained. On the south of the plat is Hinson Ave which is not developed at this time. Bohlin St is currently developed three-fourths the way up the east side of the subdivision.

There is a private drive shown on the drawing coming from the south into the property that crosses both tracts and turns west to the property next door. There is no easement listed in the certificate to plat for this driveway. It would be suggested that access easements be drawn up amongst the owners of these two tracts and adjacent properties using this private drive for continued joint use of the drive.

The subdivision is affected by a section line easement located in Bohlin St on the east side of the plat. **Staff recommends:** the surveyor label the section line easement on the drawing on both sides of the section line.

Block length is compliant, being completed by Bohlin St, Hinson Ave Carlisle St and Hanlon Ave.

KPB Roads Dept. comments	Out of Jurisdiction: No Roads Director: Griebel, Scott Comments: No RSA comments or objections.
SOA DOT comments	

Site Investigation:

There appears to be a structure in the northwest corner of the property.

There are steep areas shown on the plat. the contours identify the area of steepness and the top and toe of slope show the direction of the slope. The contours can be removed for the final but the labels of top and toe of slope

should be left on the final submittal.

There are no wetlands identified on the property. The review by the River Center did not identify the property to be in a FEMA Flood Hazard Area or a Habitat Protection district., so no flood hazard or anadromous area notes will be needs on the plat.

State of Alaska Fish and Game	

Staff Analysis

The land was previously described as Lot 1 and the E1/2 NE1/4 Section 23 Township 8 North Range 11 West SM AK. Nikiski North Subdivision KN 76-121 subdivided the area into parcels along mostly ¼ ¼ lines with several dedications. This platting action is dividing Tract C of Block 2.

A soils report will be required and an engineer will sign the final plat.

Per the preliminary Certificate to Plat, beneficial interest holders do not affect the proposed plat. Notification per KPB 20.10.100 will not be required unless the final Certificate to Plat states the property is affected by beneficial interest holders.

Nikiski Advisory Planning Commission minutes for the May 9th, 2024 meeting were not available when the staff report was prepared (KPB 21.02.020). These will be provided with the desk packet if available.

The subdivision plat has been reviewed and generally complies with the 2019 Kenai Peninsula Borough Comprehensive plan.

Utility Easements

HEA has submitted a comment concerning an underground primary electric line following the existing drive crossing the property and having the line either located or a note added about it being the center of a 15’ wide easement. A copy of the comment is in the packet.

The plat is proposing a 10’ utility easement adjacent to the right-of-way and 20’ within 5’ of the side lot lines as noted on the plat.

The affected utility providers were emailed the subdivision plat public hearing notice as part of the routine notification process. **Staff recommends** to grant utility easements requested by the utility providers or work with the utility providers to obtain approval.
