**ITEM #7 - PRELIMINARY PLAT
MARVEL MANOR SUBDIVISION PHASE 6**

KPB File No.	2024-035
Plat Committee Meeting:	May 13, 2024
Applicant / Owner:	Mark Hansen, Richland WA / Lori Stone, Sterling AK / Sue Moline, Stanley ND
Surveyor:	John Segesser / Segesser Surveys
General Location:	High Point Ave / Sterling

Parent Parcel No.:	000-000-00
Legal Description:	PARENT PARCEL DESCRIPTION
Assessing Use:	Vacant
Zoning:	Rural Unrestricted

STAFF REPORT

Specific Request / Scope of Subdivision: The proposed plat will subdivide a 9.545 acres parcel into three lots ranging in size from 3.179 acres to 3.187 acres.

Location and Legal Access (existing and proposed):

Existing access is from Sterling highway near mile 87.5 at Robinson Loop Rd to High Point Ave being on the north side of the proposed subdivision.

Currently High Point Rd is a 30' dedication, developed and privately maintained. The 30' dedication was dedicated by the previous subdivision Marvel Manor Phase 2 KN 2000-27.

The subdivision will not be completing a vacation nor a dedication. The plat is not affected by a section line easement either.

There is a non-exclusive easement for ingress and egress shown in the Quit Claim Deed in Book 290 Page 343 that no longer affects the parcel as the land described is within the dedicated right-of-way of High Point Ave.

Block length is not compliant, but this is a small parcel to put a road into to try to gain compliance. With Robinson Loop Rd, High Point Ave, Pointless St and Moose Range Dr there is a complete loop for a block being larger that required of 1320 feet in the east / west. **Staff recommends:** the Plat committee concur that an exception is not needed as the block is complete even though not compliant.

KPB Roads Dept. comments	Out of Jurisdiction: No Roads Director: Griebel, Scott Comments: No RSA comments or objections.
SOA DOT comments	

Site Investigation:

There does not appear to be any improvements on the parcel. No structures are shown on the parcel per KPB GIS information.

There are steep slopes in the southeast corner of the property, that are not shown. According to KPB GIS

information there is a slope of approximately 20% in the southeast corner that should be identified with a top and toe or steep slope indication.

There are no wetlands or FEMA Designated Hazard Zones located on the plat.

KPB River Center review	<p>A. Floodplain</p> <p>Reviewer: Hindman, Julie Floodplain Status: Not within flood hazard area Comments: No comments</p> <p>B. Habitat Protection</p> <p>Reviewer: Aldridge, Morgan Habitat Protection District Status: Is NOT within HPD Comments: No comments</p>
State of Alaska Fish and Game	

Staff Analysis

Originally the plat was an aliquot part of Section 8, Township 5 North, Range 9 West SM, Alaska, Kenai Recording District. Marvel Manor Subdivision Phase 2 KN 200-27 created four tracts and four dedications in a portion of the aliquot part. Marvel Manor Subdivision Phase 6 is subdividing Tract 3F of KN 2000-27.

A soils report will be required and an engineer will sign the final plat.

Per the preliminary Certificate to Plat, beneficial interest holders do not affect the proposed plat. Notification per KPB 20.10.100 will not be required unless the final Certificate to Plat states the property is affected by beneficial interest holders.

The property is not within an advisory planning commission.

Exception to KPB 20.60.200 was not requested for this subdivision. **Staff recommends:** the Plat Committee concur the plat note not be carried forward and a survey needs to be completed of this subdivision.

The subdivision plat has been reviewed and generally complies with the 2019 Kenai Peninsula Borough Comprehensive plan.

Utility Easements

At item #4 in the certificate to plat is an electric line or system easement that its location should be verified and if located on the property should be shown and noted on the plat. There is a transmission line easement list in the certificate to plat at item #5 that needs to be included in a plat note if verified to affect the subject property.

The affected utility providers were emailed the subdivision plat public hearing notice as part of the routine notification process. **Staff recommends** to grant utility easements requested by the utility providers or work with the utility providers to obtain approval.
