

AGENDA ITEM F. PUBLIC HEARINGS

1. Vacate a portion of Jobber Street, (formally Banta Street, changed on August 9, 2010 on Resolution SN 2010-10), a 66-foot right-of-way easement. Vacate the 33-foot right-of-way easement along the west boundary of Government Lot 61 and the 33-foot right-of-way easement along the east boundary of Government Lots 59 and 60, and vacate any associated utility easements. A 10-foot wide utility easement is being granted, centered over the existing buried electric line with this plat. **AND** Vacate the 33-foot right-of-way easement along the west boundary of Government Lot 72 and the 33-foot right-of-way easement along the east boundary of Government Lots 73 and 74, and vacate any associated utility easements. All within Section 23, Township 6 North, Range 12 West, Seward Meridian, Alaska and within the Kenai Peninsula Borough; KPB File 2015-041; Location: On Thunder Road in Nikiski Area.

Staff Report given by Max Best

PC Meeting: 5/11/15

Purpose as stated in petition: The portion of Jobber Street to the North has already been approved for vacation. This plat will continue the vacation of Jobber Street 300 feet south of Thunder Road. Jobber Street is not constructed or being used at this time. There are other public right-of-ways in the immediate area to provide access to affected lots.

Petitioners: Luke Hanson, Robert T. Peterkin II, Robert T. and Bonnie Peterkin, Ralph Wellborn all of Kenai, Alaska

Notification:

Public notice appeared in the April 30 issue of the Peninsula Clarion. Public notice was also published in the Peninsula Clarion, Seward Journal, and Homer News as part of the tentative agenda on May 8, 2015.

Ten certified mailings were sent to owners of property within 300 feet of the parcels. Nine receipts have been returned. Notices were sent by regular mail to 18 owners within 600 feet of the proposed vacation.

Eighteen regular mailings were sent to agencies and interested parties. Six notices were sent to KPB Departments. Notices were mailed to the Kenai Post Office and Kenai Community Library to be posted in public locations. The notice and maps were posted on the Borough bulletin board and Planning Department public hearing notice web site.

Comments Received:

Addressing Officer: This right-of-way vacation will force duplicate street names. There will be a need for a street name change in the future to rectify this.

River Center: The proposed vacation is not within a mapped flood hazard zone, and it is not affected by the Anadromous Habitat Protection District.

Roads Department: There is a human grave near the eastern boundary on Government Lot 73A. I found this many years ago while working on Thunder Road. As I recall, it is very close to the Spot Shop building. I don't know if the grave is in the area to be vacated or actually on the lot.

Staff Discussion:

The Planning Commission approved vacating Jobber Street from Sandy Lane to the subject vacation on August 26, 2013. The Plat Committee granted conditional approval to the plat that will accomplish the vacation on August 26. Staff issued the final review letter for the plat on November 18, 2013. Preliminary plat approval expired. Staff notified the surveyor of the need to submit a time extension request.

If the vacation of Jobber Street north of the subject vacation of Jobber Street is finalized, a duplicate street name will not be created.

Typically, platting staff asks for grave sites to be shown and labeled so future property owners know to avoid

excavating or developing the site. Lot 73A fronts Thunder Road so access to the site does not appear to be an issue. Staff will recommend that the location be located and shown on the final plat.

If the proposed vacation is approved, the block will still be in compliance with KPB 20.30.170.

Comments from the utility providers were not available when the staff report was prepared.

Findings:

1. Sufficient rights-of-way exist to serve surrounding properties.
2. No surrounding properties will be denied access.
3. Per the submittal, the right-of-way proposed for vacation is not in use for access.
4. Per the submittal, the right-of-way proposed for vacation has not been constructed.
5. If the vacation of Jobber Street is approved, the block will still be in compliance with KPB 20.30.170.
6. Alternate public access is by Sandy Lane, Galankin Street, and Thunder Road.
7. Sandy Lane, Galankin Street, and Thunder Road provide the block with looped access back to the Kenai Spur Highway.
8. Sandy Lane, Galankin Street, and Thunder Road are maintained by the KPB Roads Department.
9. The Planning Commission approved vacating Jobber Street from Sandy Lane to the subject proposed vacation of Jobber Street on August 26, 2013.
10. KPB GIS mapping indicates Homer Electric Association may have facilities in or near Jobber Street that is proposed to be vacated.
11. All subdivision plats finalizing vacations are sent to utility companies for review and easement requirements. No comments were available when the staff report was prepared.
12. The surveyor advised staff by email that utility easements centered on existing facilities will be granted on the plat.

STAFF RECOMMENDATION: Based on the above findings, staff recommends approval of the vacation as petitioned, subject to:

1. Submittal of a preliminary plat in accordance with Chapter 20 of the KPB Code.
2. Grant utility easements as requested by the utility providers per KPB 20.30.060.
3. The final plat must be recorded within one year of vacation consent by the Assembly per KPB 20.70.130.

KPB 20.70.110:

A vacation of a street right-of-way, public area, or public easement within the borough outside of the limits of cities may not be made without the consent of the borough assembly. The assembly shall have 30 calendar days from the date of approval in which to veto the planning commission decision. If no veto is received by the planning director within the specified period, the city or borough shall be considered to have given consent to the vacation.

KPB 20.70.120:

- A. Denial of a vacation petition is a final act for which no further consideration shall be given by the Kenai Peninsula Borough.**
- B. Upon denial by the planning commission, no reapplication or petition concerning the same vacation may be filed within one calendar year of the date of the final denial action except in the case where new evidence or circumstances exist that were not available or present when the original petition was filed.**

END OF STAFF REPORT

Vice Chairman Ruffner opened the meeting for public comment. Seeing and hearing no one wishing to speak Vice Chairman Ruffner closed the public comment period and opened discussion among the Commission.

MOTION: Commissioner Foster moved, seconded by Commissioner Whitney to grant approval of the vacation with staff recommendations and citing the following findings of fact.

Findings:

1. Sufficient rights-of-way exist to serve surrounding properties.
2. No surrounding properties will be denied access.
3. Per the submittal, the right-of-way proposed for vacation is not in use for access.
4. Per the submittal, the right-of-way proposed for vacation has not been constructed.
5. If the vacation of Jobber Street is approved, the block will still be in compliance with KPB 20.30.170.
6. Alternate public access is by Sandy Lane, Galankin Street, and Thunder Road.
7. Sandy Lane, Galankin Street, and Thunder Road provide the block with looped access back to the Kenai Spur Highway.
8. Sandy Lane, Galankin Street, and Thunder Road are maintained by the KPB Roads Department.
9. The Planning Commission approved vacating Jobber Street from Sandy Lane to the subject proposed vacation of Jobber Street on August 26, 2013.
10. KPB GIS mapping indicates Homer Electric Association may have facilities in or near Jobber Street that is proposed to be vacated.
11. All subdivision plats finalizing vacations are sent to utility companies for review and easement requirements. No comments were available when the staff report was prepared.
12. The surveyor advised staff by email that utility easements centered on existing facilities will be granted on the plat.

Location: On Thunder Road in Nikiski Area.

During their regularly scheduled meeting of May 11, 2015 the Kenai Peninsula Borough Planning Commission granted approval of the proposed vacation based on the following findings of fact.

Findings

1. Sufficient rights-of-way exist to serve surrounding properties.
2. No surrounding properties will be denied access.
3. Per the submittal, the right-of-way proposed for vacation is not in use for access.
4. Per the submittal, the right-of-way proposed for vacation has not been constructed.
5. If the vacation of Jobber Street is approved, the block will still be in compliance with KPB 20.30.170.

8. Sandy Lane, Galankin Street, and Thunder Road are maintained by the KPB Roads Department.
9. The Planning Commission approved vacating Jobber Street from Sandy Lane to the subject proposed vacation of Jobber Street on August 26, 2013.
10. KPB GIS mapping indicates Homer Electric Association may have facilities in or near Jobber Street that is proposed to be vacated.
11. All subdivision plats finalizing vacations are sent to utility companies for review and easement requirements. No comments were available when the staff report was prepared.
12. The surveyor advised staff by email that utility easements centered on existing facilities will be granted on the plat.

In accordance with AS 29.40.140, no vacation of a Borough right-of-way and/or easement may be made without the consent of the Borough Assembly. The proposed vacation will be forwarded to the Borough Assembly. The Assembly shall have 30 calendar days from the date of approval (May 11, 2015) in which to veto the Planning Commission decision. If the Planning Director receives no veto within the specified period, the Assembly shall be considered to have given consent to the vacation.

Please contact the Borough Clerk's office (907-714-2160 or 1-800-478-4441 toll-free within the borough) for additional information.

Yes we would like to vacate all associated utility easements as well. I believe that there are some utility lines in that area so the final plat will grant easements centered on the existing utility lines.
