Staff Report Given by Bruce Wall

PC Meeting: 8/12/19

This resolution supports a local committee's efforts to update the Kenai Peninsula Coordinated Public Transit-Human Services Transportation Plan ("Plan"). The local committee is made up of diverse stakeholders, including nonprofit, medical, tribal, governmental, private agencies and individuals that were tasked with reviewing and updating the Plan. Through consensus, the updated Plan will be submitted to the Alaska Department of Transportation and Public Facilities for the purpose of applying for federal pass-through funding from Federal Transit Administration programs as well as the Alaska Mental Health Trust. The Plan and project priorities must be supported by a local governing body for the project to be eligible for federal and state transit funding. There is a goal to have a more comprehensive Transit plan in the next few years.
