**RE:** LAYDOWN Resolution 2026-034, Amending Resolution 2026-022 Approving Twenty-Six Unincorporated Communities for Participation in the State's Fiscal Year 2027 Community Assistance Program (Mayor)

---

The resolution approves a revised list of communities and eligibility entities approved, by the Assembly through Resolution 2026-022, to receive Community Assistance Program funding from the State of Alaska in accordance with a request from the State to provide a "final, vetted, and approved village councils or registered nonprofits having applied for CAP funding with the Borough." Despite best efforts, we've been unable to identify a fiduciary for the unincorporated community of Tyonek, and, per instructions from the State, we will need to remove Tyonek from the list which decreases the total number of identified unincorporated community recipients from 27 to 26.

Your consideration is appreciated.
