☒ **New Application** ☐ **Transfer of Ownership Application** ☐ **Renewal Application**
☐ **Onsite Consumption Endorsement**

We have received a completed application for the above listed license (see attached application documents) within your jurisdiction. This is the notice required under 3 AAC 306.025(d)(2).

A local government may protest the approval of an application(s) pursuant to 3 AAC 306.060 by furnishing the director **and** the applicant with a clear and concise written statement of reasons for the protest within 60 days of the date of this notice. If a protest is filed, the board will deny the application unless the board finds that the protest is arbitrary, capricious, and unreasonable. To protest the application referenced above, please submit your protest within 60 days and show proof of service upon the applicant.

3 AAC 306.010, 3 AAC 306.080, and 3 AAC 306.250 provide that the board will deny an application for a new license if the board finds that the license is prohibited under AS 17.38 as a result of an ordinance or election conducted under AS 17.38 and 3 AAC 306.200.

3 AAC 306.010(c) provides that the board will not issue a license when a local government protests an application on the grounds that the applicant's proposed licensed premises are located in a place within the local government where a local zoning ordinance prohibits the marijuana establishment, unless the local government has approved a variance from the local ordinance.

At this time, the fingerprints submitted by the applicant cannot be submitted for a criminal history report until a date to be determined by the Department of Public Safety and the Federal Bureau of Investigation based upon the effective date of the act containing enabling statutory language for such criminal history report. On April 27, 2016, the Marijuana Control Board directed me to determine applications complete based solely upon the representations made by the applicant in Form MJ-00.

Sincerely,

A handwritten signature in blue ink, appearing to read "C. Franklin", is positioned above the typed name.

RE: Attachment to Site Development Plan (Parking Area(s))

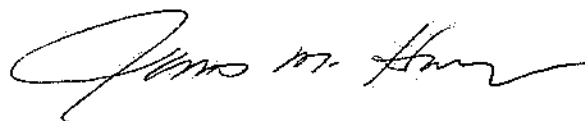

Hello Mr. Wall,

Per our recent conversations, I am addressing our parking area concerns, as follows:

Problem: Currently, it would be too easy, for the public, to inadvertently park their vehicles within the Borough right of way.

Answer: To correct the current problem, we propose NOT to perform any work within the ditch area or Borough right of way area(s), but instead we will perform work on simply elevating our main parking area, approximately one foot or more, along our existing property line, in order to define the ditch and to improve the existing parking area(s). Additionally, we will install 3 posts with appropriate signage (such as: NO PARKING BEYOND THIS POINT!) between the ditch and on our property parking boundary so the public may easily utilize the proper parking area(s).
