OFFICE OF THE BOROUGH CLERK
KENAI PENINSULA BOROUGH

To whom it may concern.

Regarding the gas line extension down Adkins road, we have lot KN 2004-64 Lot 8B in Stoneburr Sub.

Plus the lot prior and behind it, we have gas on the prior lot at our house 38750 Adkins Road and as the gas line ends according to the plans that My wife and I have seen in the middle of our Lower or Upper lot depending on how you look at it, Lot 8B. We should not have to be in the Assessment for said gas line extension, as stated prior, looking at the maps the gas line ends in the middle of lot 8B and in an early set of papers that had been sent out it had looked like they already had a service stub off it, and as we also have a high pressure gas line going through lot 8B my wife and I disagree with the assessment for lot 8B.

Sincerely Walter and Rosemary Holben.

This letter is in regards to
W hale of a Sale Avenue proposal.

Walter Holben
Rosemary Holben
