Applicant Statement

I have spent nearly my entire life on the Kenai Peninsula. I was raised on a local homestead, attended Kenai Peninsula Borough schools, and graduated from Skyview High School in 1997. Growing up here taught me the value of hard work, resourcefulness, and deep community ties. I appreciate the beauty and character of this place, and I feel fortunate to be able to raise my daughter and build my career here.

For the past 19 years, I have worked as a Speech-Language Pathologist with the Kenai Peninsula Borough School District. My work has given me the opportunity to listen to families, collaborate with educators, and help solve problems that affect children and our community. It has taught me how important it is to understand different perspectives, find common ground, and use resources responsibly. It has also reminded me that there is always more to learn and that the best solutions often come from listening to others.

As a parent and longtime resident, I care deeply about the future of our Borough. I know there are important choices ahead as we balance taxes, essential services, and community needs. I would bring lifelong local knowledge, an open mind, and a genuine commitment to serving all Borough residents.
