Alaska Marijuana Control Board Operating Plan Supplemental Form MJ-03: Retail Marijuana Store

Why is this form needed?

This operating plan supplemental form is required for all applicants seeking a retail marijuana store license and must accompany **Form MJ-01: Marijuana Establishment Operating Plan**, per 3 AAC 306.020(b)(11). Applicants should review **Chapter 306: Article 3** of the **Alaska Administrative Code**. This form will be used to document how an applicant intends to meet the requirements of the statutes and regulations.

If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020 and 3 AAC 306.315(2).

What additional information is required for retail stores?

Applicants must identify how the proposed establishment will comply with applicable regulations regarding the following:

- Prohibitions
- Signage and advertising
- Displays and sales
- Exit packaging and labeling
- Security
- Waste disposal
- Walk-up or drive-through exterior window pick-up service

This form must be completed and submitted to AMCO's Anchorage office before any new or transfer application for a retail marijuana store license will be considered complete.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	FAT TOPS, LLC.	MJ License #:	36739
License Type:	Retail Marijuana Store		
Doing Business As:	FAT TOPS, LLC.		

Section 2 – Overview of Operations

2.1. Provide an overview of your proposed facility's operations. Include information regarding the intake and flow of marijuana and marijuana product at your premises, and a description of what a standard customer visit to your establishment would entail:

When an Incoming transfer of marijuana or marijuana product arrives at our facility, the transfer agent will be greeted and will have their marijuana handler permit checked by our staff before being granted access to our facility.
 All transfers will occur in the secure portion of our facility.
 All visitors , including other licensees and transfer agents, will be logged in our visitors log and will be issued a visitors pass to wear prior to being granted access to enter the secure portion of our facility.
 Every Incoming- transfer will be verified against the manifest; ensuring package tags are with product and match product, and that the quantities and weights manifested are accurate. Once weights, quantities, and package tags have been verified, the manifest will be signed and dated by the receiving manager on duty and the time of acceptance will be noted on the hard copy of the manifest and the transfer will be accepted in METRC. If any variance should exist between the manifested quantity and the actual quantity, every effort will be made to reach the licensee before accepting or rejecting any transfer.
 See cont'd response, P. 6.

Section 3 – Exterior Window Service Operating Plan

3.1. Describe how you will comply with the requirements set forth in 3 AAC 306.380 and 3 AAC 306.715. Your response must include include policies and procedures regarding video surveillance, ID verification, display of marijuana or marijuana products, security features including alarm systems and locks, measures to prevent consumers from unlawfully accessing marijuana and funds through the exterior window and licensee control of the area outside of the exterior window.

Our proposed drive-thru will feature a slider window which will be blocked to open only 9" for exchange of marijuana and payment but will not allow a person to forcibly pass-thru. It will be fully blocked and security barred and filmed for enhanced security during hours the business is closed. It will also be equipped with contact sensors and glass break sensors. Upon arrival, the driver will be required to provide drivers licenses or Valid ID for all individuals in the car, unless the individual is in a car seat or booster seat. If any person not seated in a booster seat or a car seat is unable or unwilling to provide valid and acceptable photo ID, the carload will be denied sales. If a minor child is not in a car seat or a booster seat, the entire carload will be denied sales. If a minor child is in a car seat or a booster seat, the customer will be asked to provide the age of the child and their relationship to the child. If the child is 7 years of age or younger and the driver or another occupant of the vehicle (who is 21 years of age or older and has a valid ID) is the parent, grandparent, or legal guardian of the child, or if that child is their legal ward, then the sale shall commence. All ID cards will be physically handled and physically verified by the budtender to ensure validity. The interior and exterior of the drive-thru will have more than sufficient video surveillance and camera placement will focus on being able to clearly identify persons and vehicles within or surrounding the drive-thru lane.

Through internal and external targeted marketing we hope to have majority of our drive-thru customers order in advance online or by utilizing a QR code to enable them to view and pre-order products on their smartphones, however we will service customers wishing to make new orders verbally at the drive through point of sale. No marijuana or marijuana product, nor any visual depiction of same will be visible to drive through customers or the general public.

Read each statement below, and then sign your initials in the corresponding box to the right [if applicable]:

Except as specifically provided in this Lease, the Lessee will not make or permit to be made any alterations, improvements, additions or changes in the premises, nor will the Lessee paint the outside of the building or permit the same to be painted without the written consent of the Lessor before work is contracted or let.

If the unexpired portion of the term or any extension of it shall be two years or less on the date of such casualty and the cost of such repair or restoration exceeds 20% of the then replacement value of the damaged leased premises, as estimated by two or more reputable contractors, Lessor may by written notice to the Lessee, within 30 days after the occurrence of such casualty, terminate this Lease.
