Re: Ordinance 2020-19-16 Old Exit Glacier Road Fish Passage Grant

Dear KPB Road Service Board and KPB Assembly,

Please support this Ordinance to improve pink salmon habitat and fish passage by replacing an old wooden bridge on Old Exit Glacier Road with an anadromous stream culvert.

I would appreciate the support of the KPB Road Service Area Board to provide funding of \$4835.55 in contribution to the total budget of \$155,000 at your meeting on January 12, 2021.

I would also appreciate the support of the KPB Assembly to accept the National Marine Fisheries Service grant and approve Ordinance 2020-19-16 at your meeting on January 19, 2021.

Best wishes for a Happy New Year!

Carol Griswold
