RE: Resolution 2023-014, Establishing the Kenai Peninsula Borough's State Capital Project Priorities for the Year 2023 (Mayor)

This Resolution establishes the Kenai Peninsula Borough's ("Borough") funding priorities for the 2023 legislative session. The booklet contains capital priorities for the Borough, the School District, and Borough Service Areas.

Emergency response and mitigation, road safety and maintenance, solid waste management, as well as quality school facilities, are paramount concerns throughout the Borough's requests for state funding. Each of the listed projects represent a solution to address needs identified by the Borough's operational assessment, School District planning, Service Area boards, and input from the public.

In establishing this list of projects, a concerted effort was made to identify and prioritize projects that address areawide needs and provide the maximum benefit to all the taxpayers of the Borough.

Thank you for your consideration and your help in promoting these priorities.
