RE: Resolution 2015-047, A Resolution Requesting Governor Walker to Ask the Alaska National Guard Engineering Battalion to Repair and Reopen Rocky River Road Easement From Kachemak Bay To The Gulf Of Alaska

Rocky River Road used to provide an important link between Kachemak Bay and the Gulf of Alaska for economic and recreational purposes. It has been washed out over the years, primarily in the fall of 2012 due to a severe weather event. A constituent has requested that the assembly approve this resolution asking Governor Walker to have the Alaska National Guard Engineering Battalion repair and reopen this road as it would be a good training project for them, would not require additional funds from the State of Alaska, and would reopen this important route. Your support of this resolution would be appreciated.
