NOTES

Imagery was captured on October 8-9, 2025, using a Wispr SkyScout Pro UAS equipped with a 61 MP Sony camera. Processing was completed in Pix4D to produce a georeferenced orthophoto aligned with surveyed ground control points. This orthophoto is intended for visual reference and general mapping purposes only. While orthorectified to improve scale and accuracy, variations inherent in aerial photogrammetry may result in minor positional deviations.

AK Lands makes no warranty, representation, or guarantee as to the positional accuracy or alignment between the orthophoto imagery, property lines and easements shown.
