Expertise

I served on the KPB Planning Commission from about 1995-2010, I served on the KPB Assembly from 2010-2016, and I am currently serving on the KPB Board of Equalization. Earlier in life I worked for many years for a land surveyor. I owned Error Tight Drafting for several years, long ago. My business drew Shore Fishery Diagrams and made subdivision plats for Johnson Land Surveying. As a commercial fisherman I generally have a flexible schedule between mid August and mid June.
