STAFF REPORT

**Specific Request / Scope of Subdivision:** The proposed plat will subdivide a 41.52 acre parcel into two tracts that will be 10.246 acres and 30.782 acres. A 60 foot wide dedication is proposed for a 354 foot length of right-of-way.

**Location and Legal Access (existing and proposed):** The subdivision is located near mile 13 of state maintained Kalifornsky Beach Road. Helmsman Avenue is a varying width dedicated right-of-way that is partial constructed and not currently maintained by the borough. The plat is proposing to provide a continuation of Helmsman Avenue along the northern boundary of the subdivision for a length of 354 feet. Along the western boundary of the subdivision is 66 foot wide right-of-way, Dalton Street S. This dedication coincides with 33 foot wide section line easements. Helmsman Avenue and Dalton Street S are not currently built to provide access at this time. Passage Drive, a 60 foot wide maintained right-of-way is located to the southwest of the subdivision and could provide a close access to Dalton Street S and to Tract A-1-B.

The new dedication will provide a northern access to Tract A-1C. This will be the only platted access to that tract at this time. Tract A-1-B will have access from the new dedication and has access from Dalton Street S. all along the western boundary.

A private grass airstrip is present and will be within proposed Tract A-1-C. The airstrip does continue further south onto property owned by the owners of the preliminary plat. The access to that property and the airstrip is currently from Karluk Avenue, a varying width borough maintained right-of-way.

Due to the ability to continue the proposed dedication in the future, and the existing airstrip **staff recommends the plat committee concur that a cul-de-sac bulb as outlined in KPB Code 20.30.100 is not required at this time.**

Exceptions have been requested for block length and for street layout requirements.

KPB Roads Dept. comments	Out of Jurisdiction: No  Roads Director: Uhlin, Dil Comments: No comments
SOA DOT comments	No comment

**Site Investigation:** There are no low wet areas present within the boundary of the preliminary plat. The contours are shown on the preliminary but there are no steep areas present. A private grass airstrip is present and shown on the plat. There are no known encroachment issues for the property included within this preliminary design.

KPB River Center review	A. Floodplain Reviewer: Carver, Nancy Floodplain Status: Not within flood hazard area Comments: Located in Zone D - Non-Regulatory  B. Habitat Protection Reviewer: Aldridge, Morgan Habitat Protection District Status: Is NOT within HPD Comments: No comments  C. State Parks Reviewer: Russell, Pam Comments: No Comments
State of Alaska Fish and Game	No objections

**Staff Analysis** This is a preliminary plat for property that has been replatted several times. The first plat was recorded as Doyle Estates, Plat KN 81-159. The most recent is Doyle Estates Subdivision Third Addition, Plat KN 97-102, and it provides the current lot configuration.

The two lots proposed will be larger than 200,000 square feet and a soils analysis report will not be required.

Per the preliminary Certificate to Plat, beneficial interest holders do not affect the proposed plat. Notification per KPB 20.25.090 will not be required unless the final Certificate to Plat states the property is affected by beneficial interest holders.

Kalifornsky Advisory Planning Commission is currently inactive.

**Utility Easements** Through the platting process there are been numerous utility easements granted. These easements have also been vacated through the years as the lot lines adjusted. The currently depicted easements are correct and contain the proper labels. There does not appear to be any utility easements granted by recorded document.

The plat is proposing to grant 10 foot utility easements along the new dedication. **Staff recommends the depiction of the utility easement, as well as the setback, be extended to go along the end of the dedication.**

The affected utility providers were emailed the subdivision plat public hearing notice as part of the routine notification process. **Staff recommends** to grant utility easements requested by the utility providers or work with the utility providers to obtain approval.

**Utility provider review:**

ENSTAR	
ACS	No objections
GCI	

**KPB department / agency review:**

Addressing	Reviewer: Haws, Derek Affected Addresses: None  Existing Street Names are Correct: Yes
------------	---

	List of Correct Street Names: HELMSMAN AVE PASSAGE DR DALTON ST S  Existing Street Name Corrections Needed:  All New Street Names are Approved: No  List of Approved Street Names:  List of Street Names Denied:  Comments: No addresses affected by this subdivision.
Code Compliance	Reviewer: Ogren, Eric Comments: No comments
Planner	Reviewer: Raidmae, Ryan There are not any Local Option Zoning District issues with this proposed plat.  Material Site Comments: There are not any material site issues with this proposed plat.
Assessing	Reviewer: Wilcox, Adeena Comments: No comment

The subdivision plat has been reviewed and generally complies with the 2019 Kenai Peninsula Borough Comprehensive plan.

---

**STAFF RECOMMENDATIONS**  
**CORRECTIONS / EDITS**

---

**KPB 20.25.070 – Form and contents required**

**Staff recommendation:** *final plat submittals must comply with 20.25.070. Additional information, revisions, and/or corrections are required as noted below.*

- D. A vicinity map, drawn to scale showing location of proposed subdivision, north arrow if different from plat orientation, township and range, section lines, roads, political boundaries, and prominent natural and manmade features, such as shorelines or streams;  
**Staff recommendation:** *Correct the section labels*
  
- G. The status of adjacent lands within 100 feet of the proposed subdivision boundary or the land status across from any dedicated rights-of-way that adjoin the propose subdivision boundary, including names of subdivisions, lot lines, block numbers, lot numbers, rights-of-way; or an indication that the adjacent land is not subdivided;  
**Staff recommendation:** *Provide a width label for Dalton Street S located north of Helmsman Avenue intersection. Lot 2 Block 6 located north of the subdivision needs the recording number revised to 75-28.*

---

**KPB 20.30 – Subdivision Design Requirements**

**Staff recommendation:** *final plat submittals must comply with 20.30. Additional information, revisions, and/or corrections are required as noted below.*

---

#### **KPB 20.40 – Wastewater Disposal**

**Staff recommendation:** final plat submittals must comply with 20.40. Additional information, revisions, and/or corrections are required as noted below.

##### **20.40.010 Wastewater disposal.**

*Platting Staff Comments:* Lots are both over 200,000 square feet. Soils report will not be required and an engineer will not need to sign the plat.

**Staff recommendation:** comply with 20.40.

---

#### **KPB 20.60 – Final Plat**

**Staff recommendation:** final plat submittals must comply with 20.60. Additional information, revisions, and/or corrections are required as noted below.

##### **20.60.040. Dedication of public use lands. Any land shown on a plat as a street, public park or other public area must be dedicated on the final plat to a tax exempt governmental entity. If the governmental entity is not the Kenai Peninsula Borough, the governmental entity shall be required to execute an acceptance of the dedication on the plat.**

**Staff recommendation:** An acceptance will be required for the dedication of Helmsman Avenue.

##### **20.60.180. Plat notes.**

A. Plat notes shall not be placed on a final plat unless required by borough code or by the planning commission in order to promote or protect the public health, safety, and welfare consistent with borough and state law.

B. Revision of, or not carrying forward, an existing plat note from the parent plat will adhere to KPB 20.50.010. Separate advertising of the plat note removal is not required, Notification of the requested change will be sent by regular mail to all owners within the subdivision (parent plat and subsequent replats) as shown on the borough tax rolls. Upon approval by the planning commission, the revision or removal of the record plat note shall be finalized by recording a planning commission resolution or subdivision plat.

**Staff recommendation:** Place the following notes on the plat.

- Roads must meet the design and construction standards established by the borough in order to be considered for certification and inclusion in the road maintenance program (KPB 14.06).
- Add a plat note for any exceptions granted.

##### **20.60.190. Certificates, statements, and signatures required.**

**Staff recommendation:** Additional documentation may be required for the signers of the trust. Comply with 20.60.190.

#### **EXCEPTIONS REQUESTED:**

#### **KPB 20.30.030 – Proposed street layout-requirements and KPB 20.30.170 – Blocks-length requirements**

Staff Discussion: Staff has grouped the exception request together. If the plat committee wishes to hear each exception separately they may by discussing under two separate motions.

The exceptions requested will allow them the option to not dedicate right-of-way in locations that may cause issues due to the airstrip. The proposed tracts are large enough to be subdivided further and if the airstrip is no longer in use, the dedications can then be granted in locations that fit the needs of the area and comply with KPB Code. A dedication along the eastern boundary would not provide any connection to existing roads, resulting in the need to cross the airstrip to reach.

#### **Surveyor's Findings:**

1. Large tracts with existing private airstrip.
2. All adjoining and adjacent parcels front a dedicated R/W

**Staff's Findings:**

3. Green Forest Drive, Eastway Road, Karluk Avenue, and Dalton Street S. do provide a closed block.
4. The closed block exceeds allowable limits.
5. To comply with code a dedication of Helmsman Avenue along the entire length of the northern boundary would be required.
6. To comply with code a dedication would be required along the entire length of the southern boundary.
7. To comply with code a dedication would be required along the entire eastern boundary.
8. To comply with code, multiple rights-of-way would cross an existing private grass airstrip.
9. The proposed dedication of Helmsman Avenue, would improve the block length if ever dedicated through.
10. Except for the lots off Green Forest Drive, the lots in the area are larger acreage parcels.

If denied, additional dedications will be required to comply with code.

Staff reviewed the exception request and recommends granting approval.

Staff recommends the Committee select the findings they determine are applicable, make additional findings if needed, tie the findings to the following standards, and vote on the exception in a separate motion.

Unless prohibited under this title, the commission (committee) may authorize exceptions to any of the requirements set forth in this title. Application for an exception shall present the commission (committee) with substantial evidence, justifying the requested waiver or exception stating fully the grounds for the application and the facts relied upon. All exceptions must be requested and granted at the time of preliminary plat approval. Exceptions may not be requested with a final plat submittal.

The commission (committee) shall make findings of fact meeting the following standards before granting any exception:

1. That special circumstances or conditions affecting the property have been shown by application;  
**Findings 1-3 and 8-10 appear to support this standard.**
2. That the exception is necessary for the preservation and enjoyment of a substantial property right and is the most practical manner of complying with the intent of this title;  
**Findings 1-3 and 8-10 appear to support this standard.**
3. That the granting of the exception will not be detrimental to the public welfare or injurious to other property in the area in which said property is situated.  
**Findings 1-3 and 8-10 appear to support this standard.**

**Staff recommendation:** place notes on the final plat indicating any exceptions granted by the Plat Committee with the meeting date.

---

**RECOMMENDATION:**

**SUBJECT TO EXCEPTION(S) GRANTED, STAFF RECOMMENDS:**

- GRANT APPROVAL OF THE PRELIMINARY PLAT SUBJECT TO STAFF RECOMMENDATIONS, AND
- COMPLIANCE WITH KPB 20.25.070 (FORM AND CONTENTS), KPB 20.25.080 (PETITION REQUIRED), KPB 20.30 (DESIGN REQUIREMENTS); AND KPB 20.40 (WASTEWATER DISPOSAL), AND
- COMPLIANCE WITH KPB 20.60 TO ENSURE ADMINISTRATIVE APPROVAL OF THE FINAL PLAT.

**NOTE: 20.25.120. - REVIEW AND APPEAL.**

**A PARTY OF RECORD MAY REQUEST THAT A DECISION OF THE PLAT COMMITTEE BE REVIEWED BY THE PLANNING COMMISSION BY FILING A WRITTEN REQUEST WITHIN 15 DAYS OF NOTIFICATION OF THE DECISION IN ACCORDANCE WITH KPB 2.40.080.**

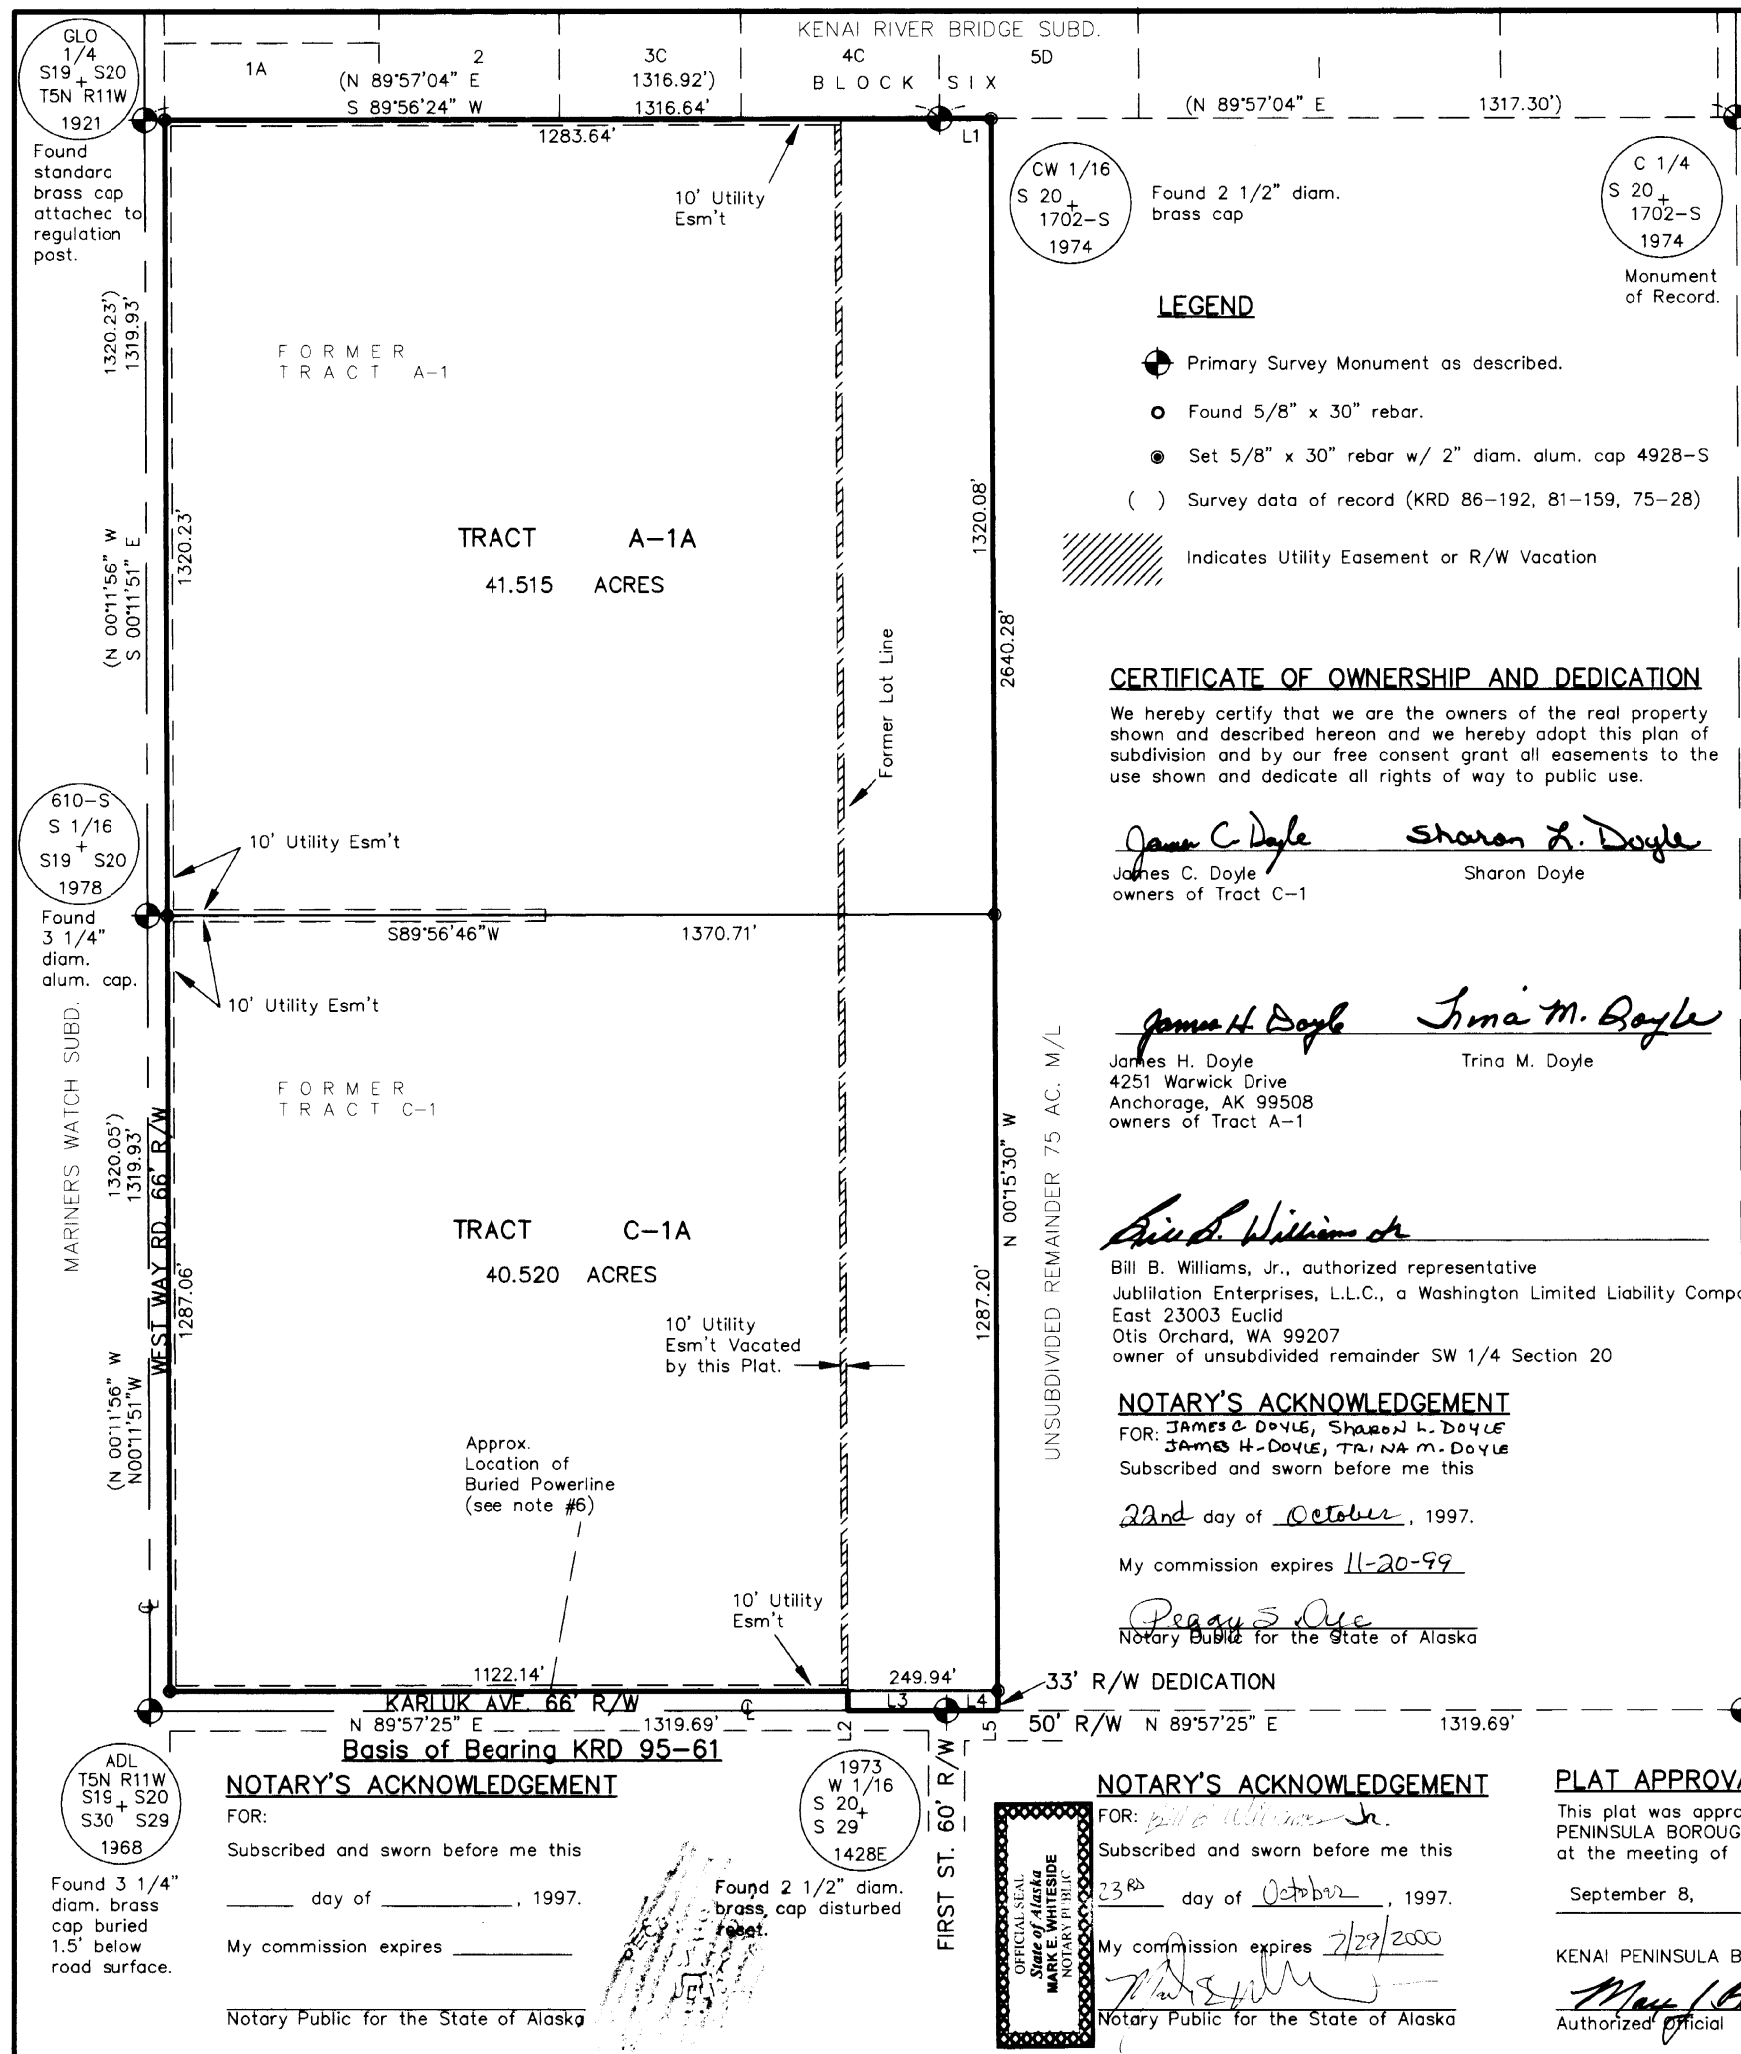

**A DECISION OF THE PLANNING COMMISSION MAY BE APPEALED TO THE HEARING OFFICER BY A PARTY OF RECORD WITHIN 15 DAYS OF THE DATE OF NOTICE OF DECISION IN ACCORDANCE WITH KPB 21.20.250.**

**END OF STAFF REPORT**
