Please support Ord 2022-46 to reduce the boundaries of the Nikiski APC to the east side of Cook Inlet. Most of the Nikiski APC as established--millions of acres--are on the west side of Cook Inlet. The west side may be a recreation area for Nikiski residents, but they don't live there and no one on the new APC does. The residents of Tyonek do not want to be included. A major purpose of the APCs is to allow enhanced local input on local planning issues. Anyone can comment to the Planning Commission on issues of individual importance. Please keep the APCs local and reduce the boundaries of this one to a reasonable area on the east side of Cook Inlet around Nikiski.

Thank you for your consideration.
