Specific Request / Scope of Subdivision: The proposed plat will subdivide a 1.25 acre parcel into four lots of equal size of 0.225 acres (9.792 sq ft) and 33 foot dedications for First Ave and Birch St.

Location and Legal Access (existing and proposed):

There are no structures on the property and there does not appear to be any encroachments onto the property either.

The terrain of the plat is relatively flat across the property.

The plat does not appear to be in a FEMA FIRM flood hazard zone. The surveyor should contact the City of Kenai for information on any notes to be added in reference to floodplains or flood hazard areas.

Staff Analysis

The land was originally an aliquot part of Section 31, Township 6 North, Range 11 West SM, Alaska. Then the south half of the section was subdivided in 1953 which gave Government Lot 170 which is being subdivided with this platting action.

A soils report will not be required as city water and wastewater are available. The correct wastewater note is shown.

Per the preliminary Certificate to Plat, beneficial interest holders do not affect the proposed plat. Notification per KPB 20.25.090 will not be required unless the final Certificate to Plat states the property is affected by beneficial interest holders.

The property is located in the City of Kenai. The preliminary plat was reviewed by the city of Kenai Planning and Zoning Commission on January 24, 2024 recommending approval. Resolution PZ2024-01 recommending approval for Preliminary Plat – 5 D Subdivision of Government Lot 170 is included in the packet. According to the resolution, an installation agreement is not required for this plat.

Utility Easements

There is a utility easement listed in the certificate to plat noted on the plat at note #3, location is not defined.

The affected utility providers were emailed the subdivision plat public hearing notice as part of the routine notification process. All responses have had no request of additional easements at this time. **Staff recommends** to grant utility easements requested by the utility providers or work with the utility providers to obtain approval.

F. PUBLIC HEARINGS

1. **Resolution PZ2023-25** – Recommending Approval for a Variance Permit to Allow an Off-Premise Sign on a Property Located at 11631 Kenai Spur Highway in the Central Mixed Use (CMU) Zoning District.

MOTION:

Vice Chair Halstead **MOVED** to approve Resolution PZ2023-25. Commissioner Woodard **SECONDED** the motion.

Director Mitchell presented her staff report with information in the packet, explaining that the applicant requested a variance permit for an off-premise sign. Clarification was provided that the applicants are owners of the property south of the sign, and the location of the site has created visibility limitations for the tenant business operating on this property that this sign would help to alleviate. The criteria for variance permits were reviewed, and approval of the variance was recommended with the following conditions:

1. Applicant(s) must comply with all federal, State of Alaska, and local regulations.

2. The off-premise sign must be located a minimum 20-foot setback from the northeast corner and 10-foot setback from the street frontage along Kenai Spur Highway.
3. Prior to the installation of an off-premise sign on City-owned property, the applicant(s) must obtain approval from the City of Kenai City Council.
4. Applicant(s) must obtain a sign permit issued by the Building Official.

Chair Twait opened for public hearing.

Applicant Jason Yeoman read a letter from his tenants, the owners of Odyssey Family Practice, in support of the resolution.

There being no one wishing to be heard, the public hearing period was closed.

There was discussion regarding how road locations had changed since the structure on this property was built in the 1960s; that this sign would make the business more visible and appealing to the public; that the medical family practice is currently the only tenant on the property; whether additional sign accommodations should be considered in case they property takes on additional tenants in the future; that the surrounding area is not residential so the sign lighting should not be a concern; and that a sign has already been ordered.

VOTE:

YEA: Halstead, Woodard, Glendening, Twait, Fikes

NAY: None

ABSENT: Greenberg

MOTION PASSED WITHOUT OBJECTION.

[Clerk's note: Commissioner Coston abstained from discussion and voting on Resolution PZ2023-25 pursuant to KMC 14.05.025(e)]

Chair Twait noted the 15-day appeal period.

PLANNING & ZONING DEPARTMENT

TO: Planning and Zoning Commission
FROM: Linda Mitchell, Planning Director
DATE: January 19, 2024
SUBJECT: Resolution No. PZ2024-01 – Preliminary Plat – 5 D Subdivision

Request The applicant is proposing a preliminary plat to subdivide Government Lot 170 into five (5) lots.

Staff Recommendation Adopt Resolution No. PZ2024-01 recommending approval of Preliminary Plat – 5 D Subdivision for a four (4) lot subdivision of Government Lot 170.

Applicant: Edge Surveying and Design, LLC
Attn: Jason Young
P.O. Box 208
Kasilof, AK 99610

Property Owner: Five D Investments, LLC c/o Ken Dunbar

Legal Description: Government Lot 170

Property Address: 103 Birch Street

KPB Parcel No.: 04317013

Zoning District: General Commercial (CG), subject to change to Suburban Residential (RS) on February 2, 2024 (Ordinance 3383-2023)

Surrounding Uses: North – Single-Family Dwelling; South – First Avenue; West – Residential Accessory Lot; East – Single-Family Dwellings

SUMMARY

The City received a preliminary plat from Edge Surveying and Design, LLC on behalf of the property owner for a replat of Government Lot 170 into five (5) lots. The subject parcels are located near the northwest intersection of First Avenue and Birch Street. The subject parcel is vacant. The applicant and property owner have expressed the proposed subdivision is intended for the development of a small affordable single-family dwelling on each lot.

The rezone from General Commercial (CG) to Suburban Residential (RS) zoning district affecting the subject parcel was enacted under Ordinance 3383-2023 on January 3, 2024 with an effective date of February 2, 2024. The review of this preliminary plat was analyzed using the RS zoning district requirements since the proposed use is residential for the subdivision.

The proposed preliminary plat meets the minimum lot size requirement of 7,200 square feet. However, the proposed lots do not meet the minimum lot width requirement of 60 feet and minimum depth to not exceed twice the minimum width (i.e., 120 feet). Therefore, the applicant has submitted an exception request for the minimum lot width and depth requirements.

Kenai Municipal Code (KMC) Chapter 14.10 *Subdivision Regulations* states preliminary plats or replats must first be submitted to the City for review and provide recommendation to the Kenai Peninsula Borough Planning Commission. Furthermore, KMC Section 14.10.090 *Variations and exceptions* states that City Council may vary or modify such requirements in KMC Chapter 14.10 *Subdivision Regulations* so that the subdivider may develop their property in a reasonable manner, but at the same time, the public welfare and interests of the City and surrounding areas are protected and the general intent and spirit of these regulations preserved.

ANALYSIS

The proposed 5-lot subdivision meets the minimum lot size requirement of 7,200 square feet for the Suburban Residential (RS) zoning district. The subdivision has access off of Birch Street and First Avenue, both city-maintained roads. City water and sewer lines are available to serve the new lot along Princess Street. Improvements for road and service connections are established; therefore, an installation agreement is not required. The proposed 5-lot subdivision would require two (2) exceptions, a lot width exception and a lot depth exception. Otherwise, the proposed preliminary would not meet all the required subdivision design standards.

The applicant has submitted an exception request for the lot width and lot depth. Below is a table with the required lot dimensions for residential lots less than 10,000 square feet and the proposed lot dimensions.

	Minimum Standard	Maximum Standard	Proposed
Lot Width	60 feet	Not Applicable	Ranges between 59.24 and 59.44 feet
Lot Depth – Not exceed twice the minimum width	Not Applicable	120 feet	Ranges between 131.77 and 132.09 feet

KMC Section 14.10.070(d)(2) states “in platting residential lots containing less than 10,000 square feet, the depth of the block shall not exceed twice the minimum width allowed under the zone district in which the lot is located”. The proposed lot size is 7,833.9 square feet. While the proposed lot width and lot depth does not meet the standards, it is not by much, such as the lot width is less than a foot from the minimum standard and the lot depth is approximately 12 feet over the maximum standard. Staff have reviewed all the lots from Fifth Court to First Avenue between N. Spruce Street and Floatplane Road, and there are approximately seven (7) lots that does not meet current standards for minimum lot width and/or minimum lot depth. These existing lots that does not meet current standards were subdivided in the 1960s or 1970s.

When requesting for variations and exceptions to the KMC Chapter 14.10 *Subdivision Regulations*, the tract to be subdivided is of such unusual size or shape or is surrounded by such development or unusual conditions that the strict application of the requirements contained in the regulations would result in real difficulties, substantial hardship or injustice. Staff finds that the minimum lot width and minimum lot depth requirements would not impose a substantial hardship or injustice. The existing substandard lots within the surrounding areas were created prior to the adoption of Kenai's Zoning Ordinance. Therefore, staff does not find that the rationale of existing nonconforming lots of similar dimensions as the proposal is consistent with the criteria to approved or support an exception to the design standards in accordance with KMC Section 14.10.090.

Staff is recommending the proposed preliminary plat be revised to reduce the number of lots from five (5) to four (4). The lot depth is not going to change and with the lot depth of approximately 132 feet, a lot width must be equal to or greater than 66 feet. If the number of lots is reduced to four (4), the lot dimension standards can be met without any exceptions.

Staff finds that a revised preliminary plat to a 4-lot subdivision meets the following Title 14 of Kenai Municipal Code (KMC) sections and aligns with the intent of the Kenai Zoning Code.

1. Pursuant to KMC 14.10.070 *Subdivision design standards*, the preliminary plat for a 4-lot subdivision, subject to the listed condition, conforms to the minimum street widths, provides utilities/access easements, provides a satisfactory and desirable building sites, and the on-site water and sewer systems will be subject to the regulatory requirements of the Public Works Department.
2. Pursuant to KMC 14.10.080 *Minimum improvement required*, the preliminary plat is a subdivision surrounded by existing or established improvements. Therefore, an installation agreement is not required.
3. Pursuant to KMC 14.24.010 *Minimum lot area requirements*, the preliminary plat meets City standards for minimum lot size in the RS zoning district.
4. Pursuant to KMC 14.24.020 *General Requirements*, the preliminary plat for a 4-lot subdivision meets City standards for minimum lot width/depth and access/utility easements. Compliance with the maximum lot coverage, maximum height, and setbacks will be reviewed during the building permit review.

STAFF RECOMMENDATION

Staff finds that the proposed preliminary plat for 5 D Subdivision to subdivide Government Lot 170 into five (5) lots does not meet the general standards of Kenai Municipal Code (KMC), Chapter 14.10 *Subdivision Regulations* and Chapter 14.24 *Development Requirements Table* and the requested exceptions to the lot width and lot depth does not meet the criteria outlined in KMC Section 14.10.090 *Variations and exceptions*. However, staff finds that a revision to the preliminary plat to subdivide Government 170 into four (4) lots with dimensions equal to or greater than the minimum lot width and depth requirements outlined in KMC Section 14.10.070 *Subdivision design standards* meet the general standards of Kenai Municipal Code (KMC), Chapter 14.10 *Subdivision Regulations* and Chapter 14.24 *Development Requirements Table* and hereby recommends that the Planning and Zoning Commission recommends approval of Resolution No. PZ2024-01 for a four (4) lot subdivision of Government Lot 170 to Kenai Peninsula Borough, subject to the following condition.

1. Revised the preliminary plat to subdivide Government Lot 170 into four (4) lots with dimensions equal to or greater than the minimum lot width and depth requirements outlined in KMC Section 14.10.070.

5D Subdivision

Exception to KMC 14.10-070(d)(2).

In platting residential lots containing less than ten thousand (10,000) square feet, the depth of the block should not exceed twice the minimum width allowed under the zone district in which the lot is located.

Findings:

1. Lots exceed the 2:1 depth to width ratio by 12 feet, with a current design ratio of 2.2:1.
2. All lots are over 7,200 square feet, minimum area per code.
3. The parent parcel dimensions limit the design options to create 5 parcels.
4. The exception to this code allows for 5 parcels to be created instead of 4 parcels. Developer plans to build small affordable homes on each of the 5 lots. With the limited supply of small affordable homes, one more parcel means one more family can own a home in the City of Kenai.

From time to time, a majority of the Members may determine in their reasonable judgment to what extent, if any, the Company's cash on hand exceeds the current and anticipated needs, including, without limitation, needs for operating expenses, debt service, acquisitions, reserves, and mandatory distributions, if any. To the extent such excess cash is determined to exist, the excess cash shall be distributed to the Members in accordance with their percentage interests.

11. The Company shall be managed by its Members, unless the Members unanimously agree otherwise. Any member may sign on behalf of the Company in all of its business affairs, matters, and transactions with any parties or entities, including but not limited to financial institutions and governmental entities. The Members shall make decisions requiring a vote by majority vote on the basis of their percentage interests.

12. The death, incompetence, withdrawal, expulsion, or bankruptcy, or the occurrence of any other event which terminates the continued membership of a Member in the Company, shall not cause a dissolution of the Company. Unless the remaining Member or Members elect otherwise, the Company shall continue as a limited liability company.

13. Tax Matters.

13.1 Should there be any controversy with the Internal Revenue Service or any other taxing authority involving the Company, the Managing Members may expend such funds as they deem necessary and advisable in the interest of the Company to resolve such controversy satisfactorily, including, without being limited thereto, attorneys' and accounting fees. Kenneth Dunbar is hereby designated as the initial "Tax Representative" as referred to in Section 6223 of the Code (relating to designation of a "Partnership Representative"), and is specially authorized to exercise all of the rights and powers now or hereafter granted to the Tax Representative under the Code. Any cost incurred in the audit by any governmental authority of the income tax returns of a Member (as opposed to the Company) shall not be a Company expense. The Members agree to consult with and keep each other advised with respect to (i) any income tax audit of a Company income tax return, and (ii) any elections made by the Company for federal, state or local income tax purposes. The Members agree that all decisions made by the Tax Representative hereunder will be made in a manner consistent with applicable federal and state tax laws, with the intent of maximizing return on investment hereunder.

13.2 For any tax year where it is permitted, the Managing Members may elect out of the new rules set forth in Sections 6221 through 6241 of the Code as amended by the Bipartisan Budget Act of 2015 ("New Tax Rules"). If the Managing Members opt not to elect out of the New Tax Rules, the Managing Members shall have the following rights to the same extent they applied before the New Tax Rules became effective: (a) the right to approve or to participate in tax-related actions of the Tax Representative; and (b) the right to be notified by the Tax Representative regarding tax-related events.

13.3. The Managing Members shall, at Company expense, cause the Company to prepare and file a Form 1065 US Partnership Return of Income and all other tax returns required to be filed by the Company for each fiscal year of the Company.

14. No Member shall have the right to transfer or assign that Member's membership interest to a non-member without the written consent of the non-transferring Member(s).

15. No Member shall have, solely by virtue of such Member's status as a Member in the Company, any personal liability whatever, whether to the Company, to any Members, or to the creditors of the Company, for the debts or obligations of the Company or any of its losses beyond the amount committed by such Member to the capital of the Company, except as otherwise required by the Act.

**CITY OF KENAI
ORDINANCE NO. 3383-2023**

AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP BY REZONING ALL PARCELS WITHIN THE LETZING 1985 SUBDIVISION (PLAT NO. 85-55) AND GOVERNMENT LOT 170 FROM GENERAL COMMERCIAL (CG) TO SUBURBAN RESIDENTIAL (RS) ZONING DISTRICT.

WHEREAS, all parcels within the Letzing 1985 Subdivision plat and Government Lot 170 are currently zoned General Commercial (CG); and,

WHEREAS, the City of Kenai received a rezone application from the majority of property owners in accordance with KMC 14.20.270 *Amendment procedures*; and,

WHEREAS, the CG zoning district allows for the widest range of commercial and industrial uses compared to other commercial zoning districts and the existing CG zone is not a compatible land use for this area since there are existing residential uses to the north and east of the proposed rezone area and an existing single-family dwelling in the proposed rezone area; and,

WHEREAS, the proposed rezone to RS would align with the current low to medium density residential character of the neighborhood; and,

WHEREAS, the land use classification is Mixed-Use, which envisioned a compatible mix of residential and commercial uses but it is desired by the property owners and supported by nearby residents that it should be rezoned to residential; and,

WHEREAS, the rezone is consistent with the Imagine Kenai 2030 Comprehensive Plan and aligns with the Land Use Plan and addresses Goal 1 – *Quality of Life: Promote and encourage quality of life in Kenai*; and,

WHEREAS, at their regularly scheduled meeting held on November 8, 2023, the City of Kenai Planning and Zoning Commission voted unanimously to recommend the subject properties be rezoned from General Commercial to Suburban Residential zoning district.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF KENAI, ALASKA, AS FOLLOWS:

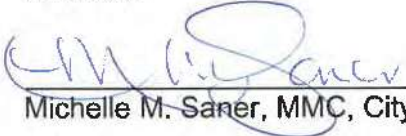

Section 1. Amendment of City of Kenai Official Zoning Map: That City of Kenai, Official Zoning Map is hereby amended as follows: Rezone all parcels within the Letzing 1985 Subdivision plat (Plat No. 85-55) and Government Lot 170 from General Commercial (CG) to Suburban Residential (RS) zoning district.

Section 2. Severability: That if any part or provision of this ordinance or application thereof to any person or circumstances is adjudged invalid by any court of competent jurisdiction, such judgment shall be confined in its operation to the part, provision, or application directly involved in all controversy in which this judgment shall have been rendered, and shall not affect or impair the validity of the remainder of this title or application thereof to other persons or circumstances. The City Council hereby declares that it would have enacted the remainder of this ordinance even without such part, provision, or application.

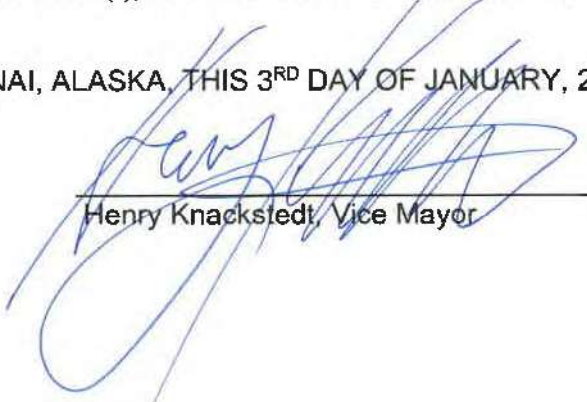

Section 3. Effective Date: That pursuant to KMC 1.15.070(f), this ordinance shall take effect 30 days after enactment.

SUMMARY

The City received a preliminary plat from Peninsula Surveying, LLC on behalf of the property owners for a parcel merger of Lot 1A, Enchanted Forest 2011 Replat and Lot 6, Cinderella Subdivision. The subject parcels are located near the northeast intersection of Princess Street and Kaknu Street. One (1) of the parcel has a single-family dwelling and the other is vacant. The proposed parcel merger will be surrounded by single-family dwellings and vacant lots. The lot area for the combined parcels will be approximately 2.195 acres.

Kenai Municipal Code (KMC) Chapter 14.10 *Subdivision Regulations* states preliminary plats or replats must first be submitted to the City for review and provide recommendation to the Kenai Peninsula Borough Planning Commission.

ANALYSIS

The proposed parcel merger meets the preliminary plat requirements and development requirements for the Rural Residential 1 (RR-1) zoning district. The existing parcels were created through recorded plats, Enchanted Forest 2011 Replat and Cinderella Subdivision (see attached). The new consolidated lot has access off of Princess Street, a city-maintained road, and if improved in the future, there will be an additional access off of Crystal Street. City water and sewer lines are available to serve the new lot along Princess Street. An installation agreement is not required.

The Public Works Director did comment about the need for a cul-de-sac at the end of Crystal Street for consistency with KMC 14.10.070 where a dead-end street should terminate into an open space (i.e., cul-de-sac). The recorded plat, Enchanted Forest 2011 Replat should have required a dedicated right-of-way along the east property line of Lot 1A, Enchanted Forest 2011 Replat to continue Crystal Street down to Kaknu Street. Requiring a half cul-de-sac is not practical since the property to the east, Government Lot 38 (305 Hutto Street) has an over-sized detached accessory structure where the other half of the cul-de-sac would be required. Staff finds that an exception to the standard to require a dead-end street to terminate into a cul-de-sac is not required since the Enchanted Forest 2011 Replat approved the surrounding dedicated rights-of-way as-is. This replat is to remove a lot line (i.e., parcel merger) between parcels with existing dedicated rights-of-way. Therefore, staff does not find that a dedication of a half cul-de-sac at the end of Crystal Street should be required.

Staff is requiring the removal of the indicated building setbacks indicated on the preliminary plat to be consistent with Kenai Peninsula Borough Section 20.30.250 *Building Setbacks—Within cities* that building setbacks as depicted or noted on record plats shall not be carried forward on a new subdivision plat located within a municipal zoning district. It is a good practice to not indicate the building setbacks on a plat to avoid a stricter development requirement than the Kenai Zoning Code should code be amended in the future.

Staff finds that the proposed preliminary plat meets the following Title 14 of Kenai Municipal Code (KMC) sections and aligns with the intent of the Kenai Zoning Code.

1. Pursuant to KMC 14.10.070 *Subdivision design standards*, the preliminary plat, subject to the listed conditions, conforms to the minimum street widths, provides utilities/access easements, provides a satisfactory building site, and the on-site water and sewer systems will be subject to the regulatory requirements of the Public Works Department.

2. Pursuant to KMC 14.10.080 *Minimum improvement required*, the preliminary plat is eliminating a lot line and existing improvements are in place for the development of this replat. Therefore, an installation agreement is not required.
3. Pursuant to KMC 14.24.010 *Minimum lot area requirements*, the preliminary plat meets City standards for minimum lot size in the subject zoning district.
4. Pursuant to KMC 14.24.020 *General Requirements*, the preliminary plat meets City standards for minimum lot width and access/utility easements. Compliance with the maximum lot coverage, maximum height, and setbacks will be reviewed during the building permit review.

STAFF RECOMMENDATION

Staff finds that the proposed preliminary plat for Cinderella Subdivision Glover Replat to merge Lot 1A, Enchanted Forest 2011 Replat and Lot 6, Cinderella Subdivision meets the general standards of Kenai Municipal Code, Chapter 14.10 *Subdivision Regulations* and Chapter 14.24 *Development Requirements Table*, and hereby recommends that the Planning and Zoning Commission recommends approval of Resolution No. PZ2024-02 to Kenai Peninsula Borough, subject to the following conditions.

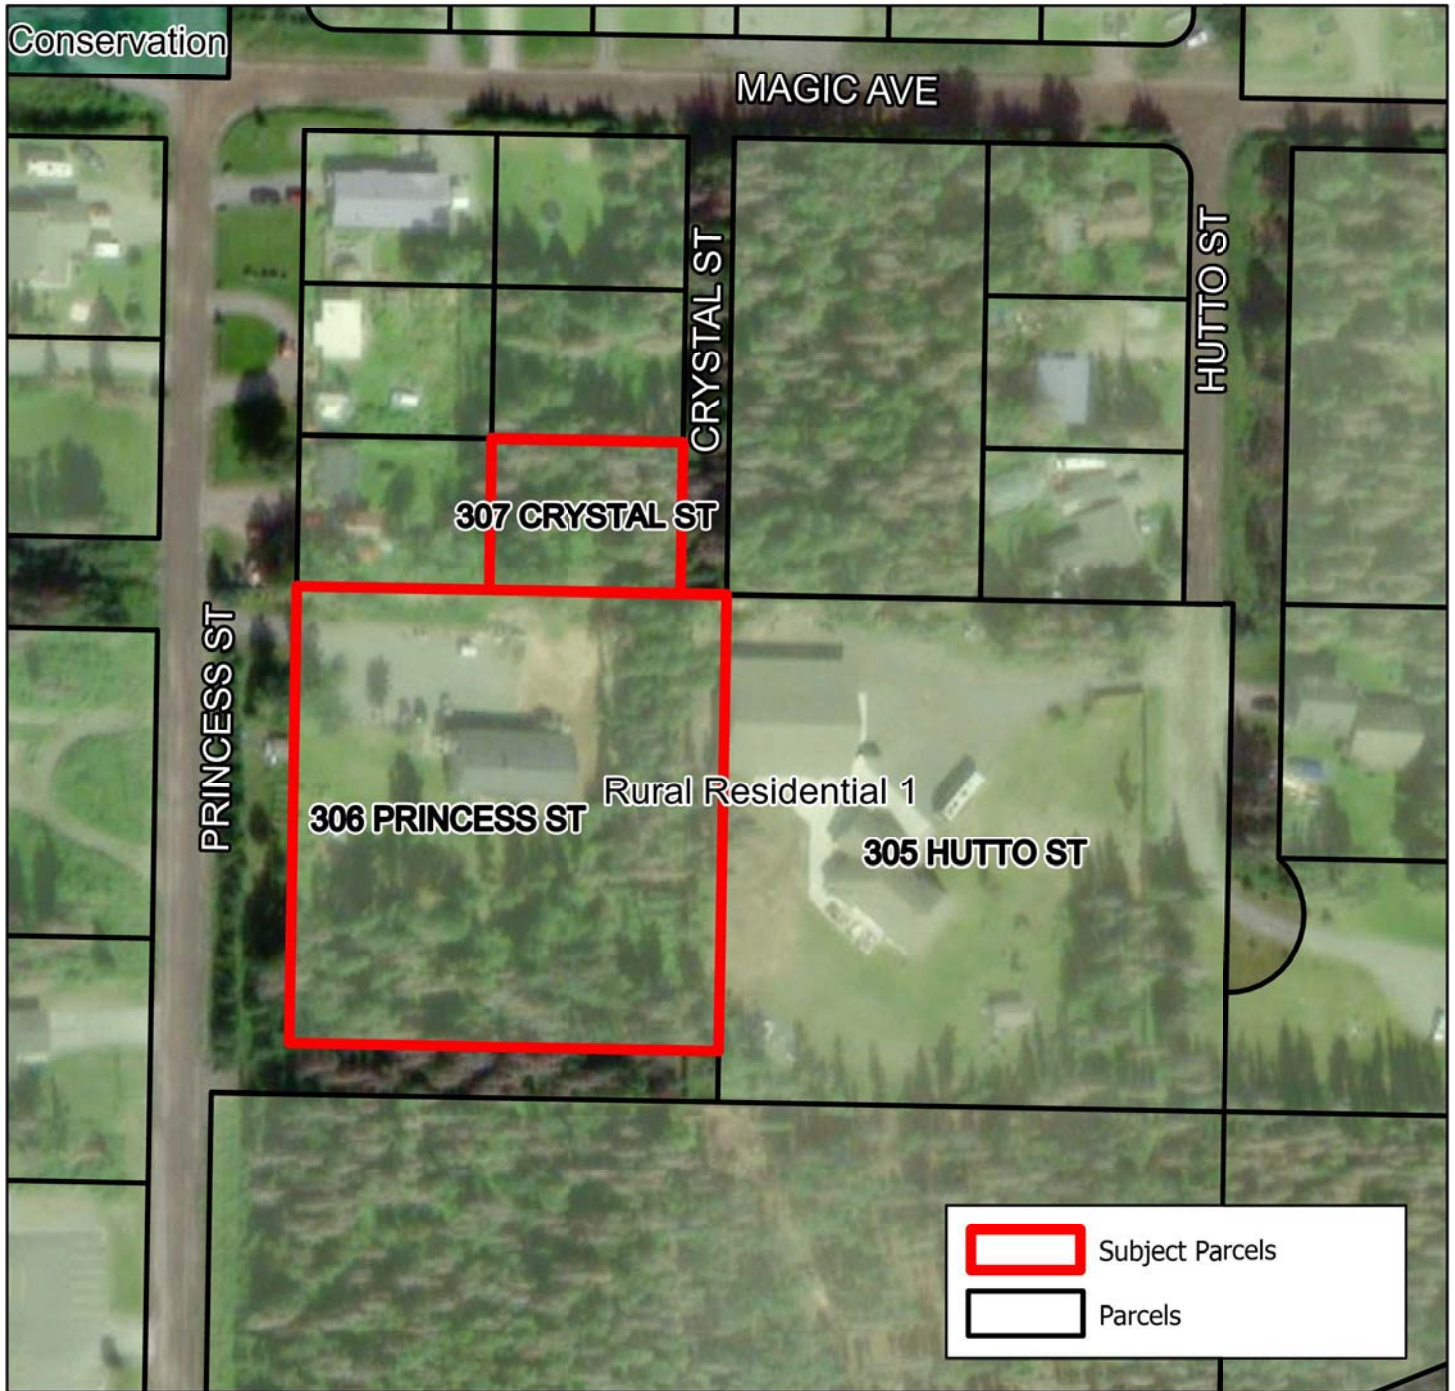

1. Remove the building setbacks on the preliminary plat as all development will be subject to the setback requirements of the zoning district.
2. Remove Note 1 from the preliminary plat.
3. Add a note that states the following, "When an improvement district is formed, the real property involved will be part of the improvement district without further action by the then owner of the property in question".
