**MEMORANDUM**

**TO:** Wayne Ogle, KPB Assembly President  
Kenai Peninsula Borough Assembly Members

**THRU:** Charlie Pierce, Mayor *Sam Quick For Mayor Pierce*

**FROM:** Brandi Harbaugh, KPB Finance Director *BH*

**DATE:** September 27, 2018

**RE:** Ordinance 2018-19-14, Approving the Purchase of a da Vinci Surgical Robotic System Plus On-Site System Implementation and Training for the Central Peninsula Hospital and Appropriating \$2,250,000 from the Plant Replacement and Expansion Fund to Fund the Project (Mayor)

---

Central Peninsula General Hospital, Inc. has been approached by numerous surgeons requesting that it purchase a robotic surgery system, indicating that this would allow them to perform more complex surgeries in a less invasive manner. This would lead to fewer complications and higher success rates.

At its meeting of September 27, 2018, the CPGH, Inc. Board of Directors approved the purchase of a da Vinci robotic system and implementation and training for a total cost of \$2,250,000. It authorized the funds to be paid from the CPH Plant Replacement and Expansion Fund ("PREF"). This ordinance would authorize the acquisition of this robotic system and appropriate \$2,250,000 from the PREF to acquire the system including implementation and training.

Approval of this ordinance would be appreciated.
