1. We just received the notice of public hearing (postmarked Nov 14) concerning an application for a Retail Marijuana Store License in the Bear Creek Area.
2. We own property at 33473 Bear Lake road, Seward, Ak 99664.
3. We are opposed to having any marijuana store near our property. The area is mainly family residences with children in many of the nearby houses. Our property is rented to a young couple with a newborn child. Previously, our renters have had several school age children on the property, which is walking distance from the proposed marijuana store.
