Staff Report given by Bruce Wall

PC MEETING: March 11, 2019

Applicant: AK Gold, LLC
Landowner: Mark F. Powell
Parcel ID#: 015-010-57
Legal Description: Lot 1, Swanson Alaska Subd. Waggoner / Powell Replat, according to Plat 2005-85, Kenai Recording District.

BACKGROUND INFORMATION: On February 4, 2019, the applicant notified the borough that he/she had submitted an application to the state for a Limited Marijuana Cultivation Facility license. On February 7, 2019, the applicant supplied the borough with a signed acknowledgement form and a site plan on February 7, 2019 of the proposed Limited Marijuana Cultivation Facility on the above described parcel. The Alcohol and Marijuana Control Office notified the borough that the application was complete on February 4, 2019. Staff has reviewed the completed license that has been submitted to the state and the site plan submitted to the borough and has found the following concerning the standards contained in KPB 7.30.020:

1. The Borough finance department has been notified of the complete application and they report that the applicant is in compliance with the borough tax regulations.
2. Borough planning department staff has evaluated the application and has determined that the proposed facility will be located greater than 1,000 feet from any school.
3. Borough planning department staff has evaluated the application and has determined that the proposed facility will be located greater than 500 feet from all recreation or youth centers, and all buildings in which religious services are regularly conducted, and all correctional facilities.
4. The proposed facility is not located within a local option zoning district.
5. The proposed facility is located where there is sufficient ingress and egress for traffic to the parcel.
 - The parcel has direct access to a state maintained road and will not be accessing a borough right-of-way.
 - The signed acknowledgement form indicates that there will not be any parking in borough rights-of-way.
 - The site plan indicates a clear route for delivery vehicles which allows vehicles to turn safely.
 - On-site parking and loading areas are designated at a location that would preclude vehicles from backing out into the roadway.
6. Because this application is for cultivation the hours of operation for a retail store is not applicable.

KPB 7.30.020(E) allows the recommendation of additional conditions on a license to meet the following standards:

- protection against damage to adjacent properties,
- protection against offsite odors,
- protection against noise,
- protection against visual impacts,
- protection against road damage,
- protection against criminal activity, and
- protection of public safety.

The Alaska Marijuana Control Board will impose a condition a local government recommends unless the board finds the recommended condition is arbitrary, capricious, and unreasonable (3 ACC 306.060b). If the Planning Commission recommends additional conditions, additional findings must be adopted to support the conditions.

PUBLIC NOTICE: Public notice of the application was mailed on February 15, 2019 to the 6 landowners of the parcels within 300 feet of the subject parcel. Public notice of the application was published in the February 28, 2019 & March 7, 2019 issues of the Peninsula Clarion.
