Please support this resolution:

A Resolution Supporting and Calling for an Amendment to the Constitution of the United States to Address Issues that Resulted from Court Decisions such as the United States Supreme Court's Decision in Citizens United v. Federal Election Commission (Cox, Johnson)

Citizens United has had a huge impact on elections and big money influencing them. It has not worked well in this country and has caused an increased amount of corruption in politics.

Yesterday I saw a link to make a public comment on proposed legislation. However, upon trying to register with the Borough for some reason was not able to do so. I successfully signed up today, however, I cannot find a link to send a public comment on an item on this evening's agenda. Can you please send me this link. And/or can you simply pass along the following comment to all members of the Assembly for me?

Assembly members. Please support Proposal 2020-008. Taking unlimited corporate money out of politics is the first step to returning to a democracy by the people versus by corporations. Thank you. David Athons 36655 River Hills Drive, Kenai AK.

Dear Borough and Assembly Clerks,

Please forward the letter below to our Representative Kenn Carpenter and CC to the other representatives so they are also aware of our support for Resolution #2020-008: A Resolution Supporting and Calling for an Amendment to the Constitution of the US to Address Issues that Resulted from Court Decisions such as the United States Supreme Court's Decision in Citizen United v. Federal Election Commission.

Dear Kenai Borough Representative Kenn Carpenter,

*As your constituents we urge you to help pass a resolution to address the flood of money and influence into our state, our borough and cities. Corporations, non-profits and unions are NOT persons with Constitutional Rights, and money should not be considered "free speech". We the people should have the right to pass campaign finance laws to regulate the use of money in political campaigns; the need to reduce the risk of corruption is great. Our state campaign finance laws should remain and not be threatened as unconstitutional. Money is power, and power corrupts; unlimited money corrupts absolutely!*

*Thank you in advance for your attention to this matter.*

*Sincerely,*

*Lynda & Paul Paquette*

I commented online, but did not get a reply that it was included, so hoping you will share this with the assembly and include in comments for tonight's meeting, as I may not be able to make it.

Dear Assembly,

I am writing to urge you all to support the Cox, Johnson resolution: [Resolution 2020-008](#). This seems obvious, whether left or right, liberal or conservative, D or R or I. This is the only way for regular citizens to begin to take back their government from special interests. I hope you all will support this.

Thank you,
