I understand that an individual presented to the KPB Assembly, attempting to place vote by mail in a good light. I strongly oppose this process of voting. There is massive voter fraud being conducted by this wrong headed public policy. We must not adopt this method of a precious and vital part of our Republic. We must require voting in person with an ID to preserve our freedoms. Please distribute this note to all the Assembly members for me thanks.

Kenai Peninsula Borough Assembly
Soldotna AK

Dear Assembly Members:

I strongly support Kenai Peninsula Borough Enact Ordinance 2020-24 which would Provide for a Vote By Mail System for Elections Borough Wide. I have for years voted absentee and find the convenience and saving of time and energy very helpful. In this time of pandemic, this is a very good way to help make it possible for more people to feel comfortable voting in a safe way. The absentee ballot system is already in place. It just needs some beefing up to make it work for everyone. Please pass this ordinance.

Sincerely,

Nina Faust
235-6262

Dear Borough Clerk,

I am writing to voice my support for voting by mail. It has been a safe and effective for me to respond to our spring US census, and will provide a way for me to continue to safeguard my health this fall as we move forward during this pandemic.

Sincerely,
Cynthia Morelli

Message:

I understand you may consider vote by mail at your June 2nd. meeting. I would encourage you not to support this.. Voting in person insures integrity in the process and should continue. My goodness if you can't take the time to inform yourself and get to the polls maybe your vote shouldn't count. Absentee ballots are available to those that struggle getting to the polls and this is an acceptable option. Please do not support voting by mail.

Mail in voting

Message

I want to let you know that I am against mail in voting. Often in our borough we allow some districts to mail in votes while others are going to the polling places. In the last borough election many voters in our district were confused because the district next to us got to go to the polling place and they didn't realize that they had to vote by mail. Also, with the nationwide fraud in mail in voting, as per Dept. of Justice website (justice.gov), the propensity for fraud increases! Check out the current article on Fox News regarding Nevada.

Just vote no to keep integrity in our Borough.

Linda Jones
