**Subject:** Ordinance 2020-29

**Message:**

In regards to ordinance, 2020-29, I am feel deeply angered that you are wasting time on an ordinance calling for a second amendment sanctuary on the Kenai Peninsula, when you should be figuring out budgetary matters and more important matters regarding governing our borough. The second amendment is covered in the United States constitution, it is working for us, and there is no need to get involved with this on a local level. Your job is to set a budget and administer pertinent rules and regulations on our peninsula. At this time, more than ever before, you should be more present and focused on the Covid-19 pandemic and the lack of funds coming into our borough. It is inexcusable for you to be bringing up an agenda that pushes your view of God that gives you the right to bear arms under the second amendment. I know I have the right to own my guns, and I don't need anyone telling me that God has given me that right. I am politely telling you to stop wasting my time writing this letter. You have real work that needs to be done, kindly drop ordinance, 2020-29, and get down to the real work of governing. I have better things to do with my time and so do you.

Jeff Szarzi

Dear Mrs. Blankenship,  
Please distribute this request to the assembly members.

I am writing to request an ordinance that declares the Kenai Borough a First Amendment Sanctuary. I would like an public affirmation that the Assembly agrees with, and supports the protection of freedom of speech, freedom of religion, freedom of assembly, freedom of the press and the right to petition. Our community believes that these rights are worth protecting and defending to maintain our freedom from oppression and dictatorship. The Assembly needs to make sure folks are aware that the Kenai Peninsula is a freedom of speech friendly community. In designing this ordinance it shall stipulate that the Borough will be committed to never using funds, resources, employees, buildings, or offices to impede on our borough resident's ability to practice our first amendment rights.  
Thank you for your time and I look forward to living in a community that publicly declares it's support for all of our Constitutional Amendments.  
Audre Hickey  
Kenai Peninsula Borough Resident

**Subject:** Ord 2020-29

**Message:**

I read with outrage the proposed ordinance 2020-29! The Borough Assembly should be taking care of the mountain of problems facing the Borough and it's people not fomenting controversy regarding something way out of its purview!! The people of this Borough are trying to keep from getting sick and dying from a terrible disease! They have lost their jobs. Their businesses are threatened or defunct. Many people can't buy food or pay their bills! The Borough is deeply in debt. Our school system is strained by dealing with this disease and is now even more underfunded than ever. State resources that were scarce are even scarcer.

The last thing we Kenai Peninsula Borough residents need is another lengthy Borough Assembly fight over something that isn't their responsibility to legislate or even an issue. My husband and I hunt most of the meat we eat with guns. We own a number of them. We have never had our ownership of firearms questioned or threatened at all.

Our right to own guns is protected by the US Constitution. We don't need the Borough Assembly wasting their time on this ordinance when they should be helping us with the very real and serious problems that face us. This ordinance should die for lack of a second and the Borough Assembly should get on with their work keeping our Borough and its citizen's afloat!!

Dear Members of the KPB Assembly,

I am writing to you to suggest that the proposed ordinance declaring the KPB to be a Second Amendment Sanctuary is an extraordinary waste of time and energy. The Second Amendment is safely enshrined in the document it is the second amendment to, namely the United States Constitution, not to mention Article 1, Section 19 of the Constitution of the State of Alaska. The Second Amendment is not under threat and is in no need of being defended at the Borough level, being quite well protected at both the State and Federal level.

Things that are less secure and that could benefit from your attention include issues such as the current pandemic, homelessness, sexual abuse, drug abuse, job insecurity, education funding and hunger, among others.

I would appreciate your directing your energies where they may be more beneficial to your constituents and less on frivolous frippery.

Thank you.

Respectfully,

Ken Landfield  
Homer
