I am in support of borough mail- in voting, instituted for all upcoming elections, due to health restrictions imposed by the covid outbreak which will impact many voters' decisions not to show up for in- person voting at the polls. Due to my own compromised immunity, I would be one of those who needs this measure of safety to insure my right to vote.

A good many of us have registered for absentee ballots but this extra bureaucratic step would be eliminated if mail-in ballots were made available to all borough residents of voting age.

For this reason, I do not support the proposed amendment to delay mail- in voting until the next calendar year. The change needs to be instituted immediately.

Thank you for your time and service to all Borough residents.

Dear Assembly members,

I support the proposed legislation that would allow for a hybrid voting system, including a vote-by-mail option alongside the traditional vote-in-person method. We should, while ensuring the integrity of every voter's choice, do everything within reason to increase voter turnout. In these times of pandemic and uncertainty, the safety of every citizen is an important consideration as well.

Thank you.

Respectfully,

Ken Landfield
Homer

We must vote no to the voting by mail ordinance! It only increases the chance of fraud during the election. There is no need for it. If I can go to the store I can go out and vote!
A fellow Alaskan,

-Victoria Ray

I vote to absolutely NOT pass anything remotely close to mail in voting. Citizens have been voting in person for many many years and no point in changing it now. If they. Any get off their butt then they can't complain and if someone can't win an election by their supporters doing their part than I don't think I need to explain what says about the candidate or the matter being voted on now do I.

Thank you for your time and thank you for your role in keeping this whole thing together.

Please vote NO to voting by mail. This will open up so many opportunities for fraud in the voting system. It is understood that there is absentee ballot voting, but to open up voting by mail is a terrible idea. We need to look down the road and realize this is a cat we do NOT want to let out of the bag because it will not work for the people. It will only become a tool for fraudulent voting.

In regards to the proposed mail in voter ordinance tonight, I want my vote to be included and recorded as (NO).

There is no reason for it anymore. You stupid as Democrats can stop the BS. Act like normal people if it is at all possible.

We the people can and should vote in person, simple as that.

Angry voter / Thomas J Savage. Soldotna, Alaska.

I am asking you to support the mail-in-ballot ordinance. I nearly always vote absentee to avoid crowds on election day, and that was before covid. This ordinance would take the hassle out of an already functioning system and make easier for everyone. As always, Thank you for your time and your service.

James Dolma

Dear Assembly Clerk,
I wish to make it known that I, as a borough resident, do NOT want voting by mail as I believe it would be an open avenue for corruption and error. Count me as a voice adamantly against such a voting type.
Sincerely,
Steve Peterson

We can not afford opening the door to more possible fraud in voting so vote no on this issue. Thank you. Andy cizek. 33060 Baylor St. soldotna ak 99669.

Keep looking up!!!!

Andy

To whom it may concern,

I do hope no action was taken on the mail in ballot issue, I went to make a public comment and found the assembly hall closed.

I strongly oppose this issue as we have a model for all elections in the country, you go in and show your ID and get your ballot(s), if voting absentee you can go into your city hall or borough building show your ID get your ballot(s) and when done they get sealed in an envelope that you sign.

With a mail in ballot there is no such security of one person, one vote. When you have multiple voters in the household one person could do all the voting, also ballots sent to your address for previous residents could be voted by current residents giving them multiple votes. The most unscrupulous people could go in and clean out ballots at the post office garbage cans and vote loads of ballots with no security as we now enjoy.

So as I stated I oppose this **STRONGLY OPPOSE** this and urge a no vote on changing how we vote.

Thank you,

Malcolm G McBride
