RE: Resolution 2021-012, Approving Mutual Aid and Automatic Aid Agreements and Operational Plans Between Western Emergency Service Area and Central Emergency Services (Mayor)

This resolution would approve the attached mutual aid and automatic aid agreements and initial operational plans between the Western Emergency Service Area (WESA) and the Central Emergency Services (CES) for fire and emergency response services.

Mutual and automatic aid agreements allow for specific resource requests between the agencies to assist each other with emergency responses. Assistance is through the provision of resources as set out in the agreements and operational plans.

The agreements are for mutual and automatic aid response of fire and emergency medical service resources and personnel, and will continue in effect per the terms of the agreements unless earlier terminated. The resolution would allow the operational plans, which detail response procedures, to be modified in the future without assembly approval as long as changes made do not conflict with the basic parameters of the individual aid agreements.

Your consideration is appreciated.
